9 the limited-entry zone system by February 15, 2021. It requires the department to
10 examine the long waiting period for entry to fish in a limited-entry zone. This amendment
11 requires the department, in examining the waiting list, to consider several factors,

14 policy for student lobster and crab fishing licenses. It requires the department to revisit
15 the recommendations made in the report prepared for the department by the Gulf of
16 Maine Research Institute pursuant to Resolve 2011, chapter 62. It requires the department
17 to make recommendations regarding the long waiting period for entry into a limited-entry
18 zone. It also requires the department to account for possible new federal regulations to
