2 **CONCEPT DRAFT**

3 **SUMMARY**

4 This bill is a concept draft pursuant to Joint Rule 208.

5 The bill proposes to amend the current law to promote the establishment and  
6 expansion of summer school programs for elementary and secondary school students.  
7 The bill proposes that:

8 1. Elementary and secondary schools be provided with additional resources and  
9 incentives to establish or expand summer school programs that enhance the academic  
10 opportunities for Maine students;

11 2. The Department of Education provide elementary and secondary schools with  
12 examples of effective models of summer school programs that improve student  
13 performance, including model programs that involve school networking and partnerships  
14 with community-based organizations such as the Maine Alliance of Boys & Girls Clubs  
15 that provide summer activities to align and leverage existing resources, improve program  
16 quality and develop shared outcomes for student success; and

17 3. The current provisions in the Maine Revised Statutes, Title 20-A related to funding  
18 summer school programs be amended to provide additional funds for the establishment  
19 and expansion of summer school programs for elementary and secondary school students.  
20 The amendments to the current law may include, but are not limited to:

21 A. Providing an adjustment of the state share of the total allocation to qualifying  
22 school administrative units for the costs of establishing or expanding summer school  
23 programs for elementary and secondary school students; or

24 B. Providing qualifying school administrative units with the allocation of state grants  
25 to be awarded on an annual basis by the Department of Education for the  
26 establishment and expansion of summer school programs for elementary and  
27 secondary school students.
