1 **Emergency preamble. Whereas,** acts and resolves of the Legislature do not
2 become effective until 90 days after adjournment unless enacted as emergencies; and

3 **Whereas,** the State is currently in a prolonged state of emergency and a global
4 pandemic has decimated certain industries such as live entertainment; and

5 **Whereas,** the health of these affected industries is crucial because they are major
6 industries in the State, contributing substantially to the state economy and representing tens
7 of thousands of jobs; and

8 **Whereas,** many of these industries were not able to operate profitably, if at all, in
9 2020 and are unable financially to wait until the economy returns to normal and may fail
10 or go out of business in the near future, especially if the adverse effects of the pandemic
11 last throughout the remainder of this year; and

12 **Whereas,** many performers and other workers who produced or supported live
13 entertainment are of modest means and are suffering financially by not receiving work or
14 revenue during the state of emergency; and

15 **Whereas,** in the judgment of the Legislature, these facts create an emergency within
16 the meaning of the Constitution of Maine and require the following legislation as
17 immediately necessary for the preservation of the public peace, health and safety; now,
18 therefore, be it

19 **Sec. 1. Department of Economic and Community Development to create**
20 **and administer fund to provide live entertainment venue, performer and**
21 **worker and public art recovery grants. Resolved:** That the Department of
22 Economic and Community Development shall create and administer a fund, referred to in
23 this resolve as "the fund," to operate a program to provide live entertainment venue,
24 performer and worker and public art recovery grants, referred to in this resolve as "the
25 program." The sources of funds for the fund are any funds derived from the Federal
26 Government through stimulus or relief measures to counter the effects of the pandemic
27 related to coronavirus disease 2019, or COVID-19, that are received by the State in 2021
28 and are eligible to be used for the purposes of the program, funds appropriated by the State
29 and funds from any other public or private sources. The purpose of the program is to
30 compensate eligible businesses, performers and workers for revenue and profits lost in
31 calendar year 2020 as a result of state-directed closures or economic disruptions due to the
32 restrictions enacted to limit the spread of COVID-19. An application may be made by an
33 eligible business, performer or worker at any time and the department shall issue grants on
34 a first-come, first-served basis until the fund is fully depleted.

35 For purposes of this resolve, the following terms have the following meanings.

36 1. "Live entertainment" means a performance conducted in-person by one or more

2 provided as an independent contractor under the Maine Revised Statutes, Title 26, section
3 1043, subsection 11, paragraph E.

5 services as a live entertainment performer or from producing or supporting live
6 entertainment.

7 **Sec. 2. Business eligibility. Resolved:** That a business in the State may participate
8 in the program if the business:

27 receiving a grant under the program may use the funds for operational or COVID-19-

37 7. Expenses incurred to replenish inventory or other necessary reopening expenses;
38 and

15 Administrative and Financial Services, Maine Revenue Services in calendar year 2020 as
16 compared with gross sales reported to Maine Revenue Services in calendar year 2019. For
17 a business not in operation in calendar year 2019, the amount of the grant must be
18 determined based upon the average loss of revenues and profits for a business of similar
19 activity, licensing and gross sales. The amount calculated under this section for a business
20 grant must be reduced by the amount of any grant or forgiven government recovery or
21 stimulus loan received by the business subsequent to March 1, 2020. The amount of a grant
22 for a performer or worker is based upon the reported live entertainment nonemployee
23 income received by the performer or worker between March 31, 2018 and February 29,
24 2020 that is reported to the Department of Administrative and Financial Services, Maine
25 Revenue Services. Funds received under the program are reportable income for tax filing
26 purposes and are subject to audit. The State shall issue a statement of miscellaneous income
27 to a grant recipient to be included with the grant recipient's state and federal tax filings.
28 Priority for a business grant under this section must be given to a business under section 2
29 that has received less than 45% of the business's 2019 gross revenue from another
30 emergency or recovery grant program.

31 **Sec. 7. Public art program. Resolved:** That a governmental entity, including a
