§609. Ballot security materials

The Secretary of State shall furnish each municipality with tamper-proof ballot security containers that are equipped with a suitable method of securing the ballots against tampering, which must be used for securing used ballots and other election materials for statewide elections conducted under this Title. If a state-supplied container or security mechanism becomes defective, lost or destroyed, the clerk must apply in writing to the Secretary of State for a replacement. The Secretary of State shall supply or approve a replacement at the expense of the municipality. If a municipality wishes to use a tamper-proof ballot security container to seal municipal election ballots and materials, that municipality must obtain the container and security mechanism at its own expense. [PL 2019, c. 371, §17 (AMD).]
