§2841. REGISTRATION OF FETAL DEATHS

Except as authorized by the department or as required under section 1596, a certificate of each death of a fetus of 20 or more weeks of gestation that occurs in this State must be filed with the State Registrar of Vital Statistics or the clerk of the municipality where the delivery occurred within 14 days after delivery and prior to removal of the fetus from the State. [2013, c. 14, §1 (AMD) .]

1. Certificate filed by funeral director. The funeral director or other authorized person in charge of the disposition of the dead fetus or its removal from the State is responsible for filing the certificate. In the absence of such a person, the physician or other person in attendance at or after the delivery is responsible for filing the certificate. The funeral director or authorized person or physician or other person in attendance at or after delivery shall obtain the personal data from the best qualified person or source available and shall present the certificate to the person responsible for completing the medical certification of the cause of death.

[2009, c. 601, §24 (AMD) .]

2. Medical certificate by physician. The medical certification shall be completed and signed within 5 days after delivery by the physician in attendance at or after the delivery, except when an inquiry as to the cause of fetal death is required by law.

[1989, c. 274, §3 (AMD) .]

3. Medical certificate by medical examiner. When the fetal death occurs without medical attendance upon the mother at or after delivery, or when inquiry as to the cause of fetal death is required by law, the medical examiner shall complete and sign the medical certification within 5 days after delivery. A certification need not be completed before the remains are ready for release.

[1989, c. 274, §3 (AMD) .]

4. Certificate from hospital or institution. When the fetal death occurs in a hospital or an institution, the person in charge of the hospital or institution or the person authorized to obtain the medical data shall prepare the certificate, certify by signature or by electronic process that the fetal death occurred at the place and time and on the date stated and file the certificate as directed in this section. The physician or other person in attendance shall provide the medical information required on the certificate in a timely fashion, as specified by department rule.

[2013, c. 14, §2 (NEW) .]

§2842. REGISTRATION OF DEATHS

Except as authorized by the department, a certificate of each death that occurs in this State must be filed with the State Registrar of Vital Statistics or clerk of the municipality where death occurred within a reasonable period of time, as specified by department rule, after the day on which death occurred and prior to the removal of the body from the State. [2009, c. 601, §25 (AMD).]

1. Certificate filed by funeral director. The funeral director or other authorized person in charge of the disposition of the dead human body or its removal from the State is responsible for filing the certificate. The funeral director or authorized person shall obtain the personal data from the best qualified person or source available.

[2009, c. 601, §25 (AMD).]

2. Medical certificate by physician, nurse practitioner or physician assistant. The medical certification of the cause of death must be completed and signed in a timely manner, as specified by department rule, by a physician, nurse practitioner or physician assistant authorized to practice in the State who has knowledge of the patient's recent medical condition, in accordance with department rules and other laws detailing who can certify and in what time frame, except when the death falls under the jurisdiction of the medical examiner as provided in section 3025. If the patient was a resident of a nursing home licensed under section 1817 at the time of death and if the health care provider in charge of the patient's care or another health care provider designated by the health care provider in charge had not examined the patient within 48 hours prior to death, or within 2 weeks prior to death in the case of a terminally ill patient, the health care provider in charge or another health care provider designated by the health care provider in charge shall examine the body prior to completing the certification of death process. Any health care provider who fails to complete the medical certification of the cause of death fully, in a timely manner, or who fails to examine the body of a nursing home resident prior to certifying cause of death as required by this section must be reported to the Board of Licensure in Medicine, the Board of Osteopathic Licensure or the State Board of Nursing, whichever is appropriate, by the State Registrar of Vital Statistics of the Department of Health and Human Services.

For the purposes of this subsection, the following terms have the following meanings.

A. "Life-sustaining procedure" means any medical procedure or intervention that, when administered to a qualified patient, will serve only to prolong the dying process and does not include nutrition and hydration. [2001, c. 574, §26 (AMD).]

B. "Terminally ill patient" means a patient who has been diagnosed as having an incurable or irreversible condition that, without the administration of life-sustaining procedures, will, in the opinion of the attending health care provider, result in death within a short time. [2005, c. 359, §1 (AMD).]

C. "Health care provider" means a physician authorized to practice in this State, nurse practitioner or physician assistant. [2007, c. 56, §1 (AMD).]

D. "Nurse practitioner" means an advanced practice registered nurse who is a certified nurse practitioner authorized to practice without the supervision of a physician pursuant to Title 32, chapter 31. [2005, c. 359, §1 (NEW).]

E. "Physician assistant" means a person who has graduated from a physician assistant or surgeon assistant program accredited by the American Medical Association Committee on Allied Health Education and Accreditation or the Commission on Accreditation of Allied Health Education Programs or its successor and who has passed the certifying examination administered by the National Commission on Certification of Physician Assistants or its successor. [2007, c. 56, §1 (NEW).]

[2009, c. 601, §25 (AMD).]

2-A. Medical certification. Notwithstanding subsection 2, with respect to a person who dies within the State naturally and for whom the physician, nurse practitioner or physician assistant was the attending health care provider, the medical certification of the cause of death may be completed and signed by a physician, nurse practitioner or physician assistant authorized to practice at the United States Department of Veterans Affairs at Togus or at another federal medical facility within the State or by a physician, an advanced practice registered nurse or physician assistant licensed to practice in New Hampshire, Vermont or Massachusetts who, at the request of the Chief Medical Examiner, is willing to do so.

[2009, c. 601, §25 (AMD) .]

3. Medical certificate by medical examiner or the Office of the Chief Medical Examiner. When a death occurs under circumstances that make it a medical examiner case as defined in section 3025, or when inquiry as to the cause of death is required by law, the medical examiner or the Office of the Chief Medical Examiner shall complete the medical certification of the cause of death as specified by department rule and sign the death certificate. A certification need not be completed before the remains are ready for release.

The medical examiner or the Office of the Chief Medical Examiner is responsible for the identity of the deceased and the time, date, place, cause, manner and circumstances of death on the death certificate. Entries may be left "pending" if further study is needed; or, at the specific direction of the Attorney General relative to cases under investigation by the Attorney General's office, entries must be left "withheld" until such time as the Attorney General, in the Attorney General's sole discretion, determines that any criminal investigation and prosecution will not be harmed by public disclosure of such information. Notwithstanding section 2706, subsection 4, unless directed otherwise by the Attorney General as specified in this subsection, this information for which the medical examiner is responsible may be made available to the general public by the Office of the Chief Medical Examiner.

[2013, c. 31, §1 (AMD) .]

4. Correction of errors on death statistic records filed under chapter 711. Certificates of death in medical examiner cases, as defined in section 3025, may be completed or amended at any time by means described in rule by the department to the Office of the Chief Medical Examiner. Either the Chief Medical Examiner or the medical examiner assigned to the case may sign the forms or submit an electronic amendment or file a certificate using the electronic death registration system in accordance with section 2847. A person authorized by the Chief Medical Examiner may amend a certificate of death with respect to the time, date, place and circumstances of death. The medical examiner assigned shall submit the form or electronic amendment to the Office of the Chief Medical Examiner for filing with the State Registrar of Vital Statistics. These forms or electronic amendments may be filed at any time after death and need not include a summary description of the evidence in support of the completion or amendment.

§2843. PERMITS FOR FINAL DISPOSITION OF DEAD HUMAN BODIES

Except as authorized by the department, a dead human body may not be buried, cremated or otherwise disposed of or removed from the State until a funeral director or other authorized person in charge of the disposition of the dead human body or its removal from the State has obtained a permit from the State

Registrar of Vital Statistics or the clerk of the municipality where death occurred or where the establishment of a funeral director having custody of the dead human body is located as specified by department rule. The permit is sufficient authority for final disposition in any place where dead human bodies are disposed of in this State, as long as the requirements of Title 32, section 1405 are met in appropriate cases. The permit may not be issued to anyone other than a funeral director until the state registrar or the clerk of the municipality receives a medical certificate that has been signed by a physician or a medical examiner that indicates that the physician or medical examiner has personally examined the body after death. A permit must also be issued if a nurse practitioner or physician assistant has signed the medical certificate indicating that the nurse practitioner or physician assistant has knowledge of the deceased's recent medical condition or was in charge of the deceased's care and that the nurse practitioner or physician assistant has personally examined the body after death. The authorized person may transport a dead human body only upon receipt of this permit. [2009, c. 601, §27 (AMD) .]

The State Registrar of Vital Statistics or a municipal clerk may issue a permit for final disposition by cremation, burial at sea, use by medical science or removal from the State only upon receipt of a certificate of release by a duly appointed medical examiner as specified in Title 32, section 1405. [2009, c. 601, §27 (AMD) .]

The State Registrar of Vital Statistics or a municipal clerk may issue a disposition of human remains permit to a funeral director who presents a report of death and states that the funeral director has been unable to obtain a medical certification of the cause of death. The funeral director shall name the attending physician, attending nurse practitioner, attending physician assistant or medical examiner who will certify to the cause of death and present assurances that the attending physician, attending nurse practitioner, attending physician assistant or medical examiner has agreed to do so. The funeral director shall exercise due diligence to secure the medical certification and file the death certificate as soon as possible. [2009, c. 601, §27 (AMD) .]

1. Permit for transportation. Each dead human body transported into this State for final disposition must be accompanied by a permit issued by the duly constituted authority at the place of death. Such permit is sufficient authority for final disposition in any place where dead human bodies are disposed of in this State.

[2009, c. 601, §27 (AMD) .]

2. Permit for disinterment or removal. A dead human body may not be disinterred or removed from any vault or tomb until the person in charge of the disinterment or removal has obtained a permit from the State Registrar of Vital Statistics or from the clerk of the municipality where the dead human body is buried or entombed. The permit must be issued upon receipt of a notarized application signed by the next of kin of the deceased who verifies that the signer is the closest surviving known relative and, when any other family member of equal or greater legal or blood relationship or a domestic partner of the decedent also survives, that all such persons are aware of, and do not object to, the disinterment or removal. This subsection does not preclude a court of competent jurisdiction from ordering or enjoining disinterment or removal pursuant to section 3029 or in other appropriate circumstances. For purposes of this subsection, "domestic partner" means one of 2 unmarried adults who are domiciled together under long-term arrangements that evidence a commitment to remain responsible indefinitely for each other's welfare.

[2013, c. 20, §1 (AMD) .]

3. Permit for burial. The person in charge of each burying ground or crematory in this State shall endorse, and provide the date the body was disposed of on, each such permit with which that person is presented, and return it to the State Registrar of Vital Statistics or to the clerk of the municipality in which such burying ground or crematory is located within 7 days after the date of disposition. If there is no person in charge of the burying ground, an official of the municipality in which the burying ground is located shall endorse, and provide the date the body was disposed of on, each such permit, and present it to the State

Registrar of Vital Statistics or the clerk of the municipality. The funeral director or authorized person shall present a copy of each permit, after endorsement, to the State Registrar of Vital Statistics or the clerk of the municipality where death occurred and to the clerk who issued the permit.

[2013, c. 20, §1 (AMD) .]

3-A. Permit for burial of cremated remains in public burying ground. If cremated remains are buried in a public burying ground in this State, the person in charge of the public burying ground shall endorse and provide the date the cremated remains were buried on each permit with which that person is presented and return it to the State Registrar of Vital Statistics or to the clerk of the municipality in which the public burying ground is located within 7 days after the date of burial. If there is no person in charge of the public burying ground, an official of the municipality in which the public burying ground is located shall endorse and provide the date the cremated remains were buried on each such permit and present it to the State Registrar of Vital Statistics or the clerk of the municipality. The funeral director or authorized person shall present a copy of each permit, after endorsement, to the State Registrar of Vital Statistics or the clerk of the municipality where death occurred and to the clerk who issued the permit. For the purposes of this subsection, "public burying ground" has the same meaning as in Title 13, section 1101-A, subsection 4.

[2017, c. 101, §1 (NEW) .]

4. Records. Each municipality shall maintain a record of any endorsed permit received pursuant to subsection 3 or 3-A. These records must be open to public inspection.

B. "Custody and control" means the right to make all decisions, consistent with applicable laws, regarding the handling of a dead body, including, but not limited to, possession, at-need funeral arrangements, final disposition and disinterment. [1993, c. 609, §1 (NEW) .]

(1-A) A domestic partner. For purposes of this section, "domestic partner" means the partner of the subject who:

- (a) Is a mentally competent adult;
 - (b) Had been legally domiciled with the subject for at least 12 months immediately preceding the death of the subject;
 - (c) Is not legally married to or legally separated from another individual;

 - (11) Any other adult relative in descending order of blood relationship; or

E. "Subject" means the person whose remains are placed in the custody and control of another person pursuant to this section. [1993, c. 609, §1 (NEW).]

[2015, c. 208, §1 (AMD) .]

2. (CONFLICT: Text as amended by PL 2017, c. 38, §1) Custody and control generally. The custody and control of the remains of deceased residents of this State, dead bodies or dead human bodies are governed by the following provisions in the following order of priority:

- A. If the subject has designated another person to have custody and control in a written and signed document, custody and control belong to that designated person; [2011, c. 387, §1 (AMD).]
- B. If the subject has not left a written and signed document designating a person to have custody and control, or if the person designated by the subject refuses custody and control, custody and control belong to the next of kin; and [2011, c. 387, §1 (AMD).]
- C. If the next of kin is 2 or more persons with the same relationship to the subject, the majority of the next of kin have custody and control. If the next of kin can not, by majority vote, make a decision regarding the subject's remains, the court shall make the decision upon petition under subsection 4, paragraph D. [1993, c. 609, §1 (NEW).]

If a person who has the right of custody and control under this subsection does not exercise the rights and responsibilities of custody and control within 4 days after the death of the subject, custody and control belong to a person from the next lower level of priority as established in paragraphs A to C.

If a person who has custody and control under this subsection does not complete decision making regarding final disposition within 30 days after taking custody and control, a funeral director or practitioner of funeral service who has physical possession of the remains or dead body may bury the remains or dead body at the expense of the funeral director or practitioner.

A person who has been charged with murder, as described in Title 17-A, section 201, or manslaughter, as described in Title 17-A, section 203, subsection 1, paragraph B, forfeits the right of custody and control provided under this subsection; and a funeral director or practitioner of funeral service who is aware of the charges may not release the remains or a dead body to that person who has been charged with murder or manslaughter. If the charges against the person are dismissed or the person is acquitted of the charges before the final disposition takes place, the person regains the right of custody and control in the same position of priority established in this subsection.

The remains or a dead body is considered abandoned if no one takes custody and control of the remains or dead body for a period of 15 days. A funeral director or practitioner of funeral service who has physical possession of abandoned remains or an abandoned dead body may bury the remains or dead body. The funeral director or practitioner of funeral service may embalm or refrigerate abandoned remains or an abandoned dead body without authorization. A certificate of abandonment that indicates the means of disposition must be filed in the municipality where the death occurred.

[2017, c. 38, §1 (AMD) .]

2. (CONFLICT: Text as amended by PL 2017, c. 70, §1) **Custody and control generally.** The custody and control of the remains of deceased residents of this State, dead bodies or dead human bodies are governed by the following provisions in the following order of priority:

A. If the subject has designated another person to have custody and control in a written and signed document, custody and control belong to that designated person; [2011, c. 387, §1 (AMD) .]

B. If the subject has not left a written and signed document designating a person to have custody and control, or if the person designated by the subject refuses custody and control, custody and control belong to the next of kin; and [2011, c. 387, §1 (AMD) .]

C. If the next of kin is 2 or more persons with the same relationship to the subject, the majority of the next of kin have custody and control. If the next of kin can not, by majority vote, make a decision regarding the subject's remains, the court shall make the decision upon petition under subsection 4, paragraph D. [1993, c. 609, §1 (NEW) .]

If a person who has the right of custody and control under this subsection does not exercise the rights and responsibilities of custody and control within 4 days after the death of the subject, custody and control belong to a person from the next lower level of priority as established in paragraphs A to C.

A person who has been charged with murder, as described in Title 17-A, section 201, or manslaughter, as described in Title 17-A, section 203, subsection 1, paragraph B, forfeits the right of custody and control provided under this subsection; and a funeral director or practitioner of funeral service who is aware of the charges may not release the remains or a dead body to that person who has been charged with murder or manslaughter. If the charges against the person are dismissed or the person is acquitted of the charges before the final disposition takes place, the person regains the right of custody and control in the same position of priority established in this subsection.

The remains or a dead body is considered abandoned if no one takes custody and control of the remains or dead body for a period of 15 days. A funeral director or practitioner of funeral service who has physical possession of abandoned remains or an abandoned dead body may bury or cremate the remains or dead body. The funeral director or practitioner of funeral service may embalm or refrigerate abandoned remains or an abandoned dead body without authorization. A certificate of abandonment that indicates the means of disposition must be filed in the municipality where the death occurred.

[2017, c. 70, §1 (AMD) .]

3. Estranged spouse or domestic partner. Notwithstanding subsection 2, if the surviving spouse or surviving domestic partner and the subject were estranged at the time of death, the spouse or domestic partner may not have custody and control of the subject's remains. In these cases, custody and control belong to the next of kin following the spouse or domestic partner.

[2003, c. 672, §20 (AMD) .]

4. Court determination. Notwithstanding other provisions of this section, the court of probate for the residence of the deceased may award custody and control to the person determined by the court most fit and appropriate to carry out the responsibilities of custody and control, and may make decisions regarding the subject's remains if those having custody and control can not agree. The following provisions apply to court determinations under this subsection.

A. Before the subject's death, the subject or the subject's legal representative may file a petition regarding custody and control of the subject's remains. [1993, c. 609, §1 (NEW).]

B. A relative of the subject may file a petition. [1993, c. 609, §1 (NEW).]

C. A person who claims and establishes through evidence that that person has or had a closer personal relationship to the subject than the next of kin may file a petition, if that person lived with the subject and was not in the employ of the subject or the subject's family. [1993, c. 609, §1 (NEW).]

D. If the next of kin is 2 or more persons with the same relationship to the subject, and the next of kin can not, by majority vote, make a decision regarding the subject's remains, 2 or more persons who have custody or control or a funeral director may file a petition asking the court to make a determination in the matter. The court shall consider the following in making its determination:

(1) The reasonableness and practicality of the proposed arrangements;

(2) The degree of the personal relationship between the subject and each of the 2 or more persons with custody and control;

(3) The desires of the person or persons who are ready, able and willing to pay the costs of the arrangements;

(4) The convenience and needs of other family and friends wishing to pay respect;

(5) The expressed written desires of the subject; and

(6) The degree to which the arrangements will allow maximum participation by all wishing to pay respect. [1993, c. 609, §1 (NEW).]

[1993, c. 609, §1 (NEW) .]

5. Wishes of subject. If the subject has left written and signed instructions regarding funeral arrangements and disposal of the subject's remains, the person having custody and control shall abide by those wishes to the extent that the subject paid for those arrangements in advance or left resources for the purpose of carrying out those wishes.

[1993, c. 609, §1 (NEW) .]

6. Effect of payment by others. Except to the degree it must be considered by the court under subsection 4, paragraph D, the fact that a person other than the subject has paid or agreed to pay for all or part of arrangements does not give that person a greater right to custody and control than that person would otherwise have.

[1993, c. 609, §1 (NEW) .]

7. Authority of personal representative. The personal representative of the estate of the subject does not, by virtue of being the personal representative, have a greater right to custody and control than the person would otherwise have.

[1993, c. 609, §1 (NEW) .]

8. Immunity.
