

§2607. Approved laboratories

The department shall approve the facilities, techniques, testing methods and training of personnel of any laboratories that analyze water samples to determine compliance with State Primary Drinking Water Regulations. Such approval shall be based on the capability of the laboratory to accurately and reliably analyze samples to determine their contaminant levels under the State Primary Drinking Water Regulations, and may be limited to approval of only certain tests or contaminant level determinations. Any sample analysis performed by a laboratory not approved by the department shall not be considered in determining the compliance of a public water system with the State Primary Drinking Water Regulations. [PL 1975, c. 751, §4 (NEW).]

SECTION HISTORY

PL 1975, c. 751, §4 (NEW).

The State of Maine claims a copyright in its codified statutes. If you intend to republish this material, we require that you include the following disclaimer in your publication:

All copyrights and other rights to statutory text are reserved by the State of Maine. The text included in this publication reflects changes made through the First Special Session of the 130th Maine Legislature and is current through October 31, 2021. The text is subject to change without notice. It is a version that has not been officially certified by the Secretary of State. Refer to the Maine Revised Statutes Annotated and supplements for certified text.

The Office of the Revisor of Statutes also requests that you send us one copy of any statutory publication you may produce. Our goal is not to restrict publishing activity, but to keep track of who is publishing what, to identify any needless duplication and to preserve the State's copyright rights.

PLEASE NOTE: The Revisor's Office cannot perform research for or provide legal advice or interpretation of Maine law to the public. If you need legal assistance, please contact a qualified attorney.
