       compensation.

   (d) Federal technician civilian duty under the United States Code, Title 32, Section 709;
       and

       active state service;

       occurring during periods of leave or pass are not compensable; and
   (3) An injury, disability or disease received not incident to duty or contracted with willful
       negligence or misconduct is not compensable. [PL 2001, c. 662, §24 (AMD).]

C. Preconditions for benefits under Title 39-A are as follows:
   (1) Federal income maintenance benefits must be applied for and, if they exceed comparable
       Title 39-A benefits, must be exhausted by the member before receiving weekly compensation
       benefits under Title 39-A. Medical care at military or Veterans' Administration facilities,
       civilian care paid for by the military forces and other benefits furnished by the military force
       or the Veterans' Administration, including military programs offered to retrain or
       occupationally rehabilitate the service member, must be used before entitlement to benefits
       under Title 39-A. Military programs are fully creditable under Title 39-A in an approved plan
       of rehabilitation; and
   (2) Title 39-A benefits are based on inability to perform the service member's usual occupation.
       [PL 2001, c. 662, §24 (AMD).]

D. For the purpose of calculation of compensation, average weekly wage must be computed solely
   on the earning capacity of the injured member in the occupation in which that member is regularly
   engaged. In case of death, dependents are entitled to compensation as provided in Title 39-A and
   any amendments to that Title. [PL 2001, c. 662, §24 (AMD).]

   to compensation for civilian care under Title 39-A. [PL 2001, c. 662, §24 (AMD).]

F. All federal benefits received by the member as a result of an injury, disability or disease are
   considered to be derived from the employer and constitute a setoff to compensation awarded as a
   result of this section. A dollar-for-dollar setoff is authorized for all benefits to include continuation
   of federal pay and allowances, incapacitation pay, severance pay, disability retirement pay,
   Veterans' Administration disability payments and military and Veterans' Administration death
   benefits. [PL 2001, c. 662, §24 (AMD).]

G. Reporting pursuant to Title 39-A does not have to be initiated until a final decision is reached
   on the injured service member's entitlement to federal benefits or while military or veterans'
   disability benefits are received in lieu of compensation under Title 39-A, whichever ceases first.
   Veterans' disability benefits provided in this subsection include state military duty pay received
   under section 143, federal continuation pay or incapacitation pay in lieu of benefits under Title 39-
   A. The time provisions of Title 39-A commence upon notification to the service member that
federal benefits are not authorized, or the gross monetary federal benefits are determined to be less than the entitlements under Title 39-A without taking into account the setoff prescribed in paragraph E. [PL 2001, c. 662, §24 (AMD).]

In acting on the findings and sentence of a court-martial, the convening authority may approve only such findings of guilty, and the sentence or such part or amount of the sentence, as the convening authority finds correct in law and fact and as the convening authority in the convening authority's discretion determines should be approved. Unless the convening authority indicates otherwise, approval of the sentence is approval of the findings and sentence. [RR 2019, c. 1, Pt. B, §32 (COR).]

If a specification before a court-martial has been dismissed on motion and the ruling does not amount to a finding of not guilty, the convening authority may return the record to the court for reconsideration of the ruling and any further appropriate action. [PL 1983, c. 460, §3 (NEW).]

2. Errors. Where there is an apparent error or omission in the record or where the record shows improper or inconsistent action by a court-martial with respect to a finding or sentence which can be rectified without material prejudice to the substantial rights of the accused, the convening authority may return the record to the court for appropriate action. In no case may the record be returned:

A. For reconsideration of a finding of not guilty of any specification or a ruling which amounts to a finding of not guilty; [PL 1983, c. 460, §3 (NEW).]

B. Each rehearing must take place before a court-martial composed of members who were not members of the court-martial that first heard the case. Upon a rehearing, the accused may not be tried for any offense of which the accused was found not guilty by the first court-martial. No sentence more severe than the original sentence may be imposed, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory. Requests for reconsideration of a claim must be reviewed by the director and the commissioner or the commissioner's designee, and the decision after the reconsideration is final and may not be appealed to a court. [PL 2017, c. 419, §6 (NEW).]
D. The bureau may contract with an organization incorporated in the State as a nonprofit corporation in accordance with Title 13-B or an organization with tax-exempt status under 26 United States Code, Section 501(c) for the purpose of providing temporary financial assistance to veterans as described in this subsection. 1. "Child" means a natural child whose mother or father is or was a veteran or a child who was adopted prior to turning 18 years of age and whose adoptive mother or father is or was a veteran and who:
   a. Is at least 16 years of age;
   b. Has graduated from high school; and
   c. Enrolled in a degree program and was awarded benefits under this subsection prior to the child's 22nd birthday. If the child is unable to enroll in a degree program prior to turning 22 years of age due to service in the United States Armed Forces, then the child may apply to begin this benefit until reaching 26 years of age. Other requirements must be met as described in paragraph F.

"Child" includes a stepchild whose parent is married to an eligible veteran for at least 5 years and remains married to the veteran during the period for which benefits are received. The director may waive the requirements of this subparagraph when the director determines that there are special and extenuating circumstances that may have a negative effect on a dependent.

2. "Spouse" means the person currently legally married to a living veteran or the unmarried widow or widower of a deceased veteran, not previously divorced from that veteran.
Awards under the educational benefits program are authorized to provide benefits to only one spouse per veteran.

(3) "Veteran" means any person who served in the military or naval forces of the United States and entered the service from this State or has been a resident of this State for 5 years immediately preceding application for aid and, if living, continues to reside in this State throughout the duration of benefits administered under the educational benefits program and who:

For degree programs that require more than 120 credit hours, the state-supported postsecondary vocational school or institution of collegiate grade may grant a tuition waiver beyond 120 credit hours. If such a waiver is granted, the state-supported postsecondary vocational school or institution of collegiate grade shall notify the director. The director may waive the limit of 10 consecutive academic years when the recipient's education has been interrupted by severe medical disability, learning disability, illness or other hardship, making continued attendance impossible. Students must maintain at least a 2.0 or "C" grade point average to continue receiving educational benefits. If a student's grade point average falls below 2.0 or a "C," then the student has one semester to bring the grade point average up to at least 2.0 or a "C."
If after that semester the student's grade point average is below 2.0 or a "C," the student loses educational benefits under this paragraph until the student achieves a grade point average of at least 2.0 or a "C." [PL 2019, c. 377, §5 (AMD).]

G. In order to be eligible for benefits under this subsection, a student must apply for a Federal Pell Grant under 20 United States Code, Section 1070a. 2. Cooperation. In performing the duties required by this chapter, the Governor shall, directly or through the commissioner, cooperate with all departments and agencies of the Federal Government, with the offices and agencies of other states and foreign countries and their political subdivisions and with private agencies in all matters pertaining to the emergency management capability of the State and of the Nation. [PL 2003, c. 510, Pt. A, §34 (RPR).]

3. Authority. In performing the duties required by this chapter, the Governor may:

A. Make, amend and rescind the necessary orders and rules to carry out this chapter within the limits of the authority conferred upon the Governor and not inconsistent with the rules, regulations and directives of the President of the United States or of any federal department or agency having specifically authorized emergency management or homeland security functions; [PL 2013, c. 146, §9 (AMD).]

B. Prepare a comprehensive plan and program for the emergency management functions of this State. That plan and program must be integrated into and coordinated with the emergency management plans of federal agencies and with the plans of other states and foreign countries, and their political subdivisions, to the fullest possible extent; [PL 2003, c. 510, Pt. A, §34 (RPR).]

D. In accordance with the plan and program for the emergency management functions of the State, and consistent with the emergency management and homeland security plans, programs and directives of the Federal Government, procure supplies and equipment, institute training programs and public information programs and take all other preparatory steps, including the partial or full mobilization of emergency management organizations in advance of actual disaster or catastrophe, to ensure the furnishing of adequately trained and equipped forces of emergency management personnel in time of need; [PL 2013, c. 146, §10 (AMD).]

1. Emergency proclamation. Emergency proclamations must be issued as follows.

A. Whenever a disaster or civil emergency exists or appears imminent, the Governor shall, by oral proclamation, declare a state of emergency in the State or any section of the State. If the Governor is temporarily absent from the State or is otherwise unavailable, the next person in the State who would act as Governor if the office of the Governor were vacant may, by oral proclamation, declare the fact that a civil emergency exists or appears sufficiently imminent to activate emergency plans in any or all areas of the State. A written copy of the proclamation must be filed with the Secretary of State within 24 hours of the oral proclamation. [PL 2001, c. 353, §4 (AMD).]

B. Subject at all times to the further direction and order of the Governor, an executive proclamation of emergency activates the emergency plans applicable to the affected areas and is the authority for the deployment and use of any forces or resources to which the plan or plans apply. [PL 2001, c. 353, §4 (AMD).]

C. After the filing of the emergency proclamation and in addition to any other powers conferred by law, the Governor may:

   (1) Suspend the enforcement of any statute prescribing the procedures for conduct of state business, or the orders or rules of any state agency, if strict compliance with the provisions of the statute, order or rule would in any way prevent, hinder or delay necessary action in coping with the emergency;

   (2) Utilize all available resources of the State Government and of each political subdivision of the State as reasonably necessary to cope with the disaster emergency;

   (3) Transfer the direction, personnel or functions of state departments and agencies, or units thereof, for the purposes of performing or facilitating emergency services;

(6) Direct and compel the evacuation of all or part of the population from any stricken or threatened area within the State, if the Governor determines this action necessary for the preservation of life or other disaster mitigation, response or recovery;

(7) Prescribe routes, modes of transportation and destinations in connection with evacuations;

(8) Control ingress and egress to and from a disaster area, the movement of persons within the area and the occupancy of premises therein;

(10) Make provision for the availability and use of temporary emergency housing;

(11) Order the termination, temporary or permanent, of any process, operation, machine or device which may be causing or is understood to be the cause of the state of emergency for which this proclamation was made;

(12) Take whatever action is necessary to abate, clean up or mitigate whatever danger may exist within the affected area; and

(13) During a state of emergency declared by the Governor in accordance with this section due to the outbreak of COVID-19:

   (a) Reasonably adjust time frames and deadlines imposed by law for state, county and municipal governments and other entities when such an adjustment is reasonably necessary to mitigate an effect of the emergency;

   (b) In consultation with the Public Utilities Commission, suspend the termination of residential electricity and water services during the period of emergency and up to 60 days after the state of emergency is terminated; and

   (c) Modify or suspend the requirements for professional or occupational licensing or registration by any agency, board or commission if strict compliance with such requirements would in any way prevent, hinder or delay necessary action in dealing with the emergency.

The powers granted in divisions (a) and (c) terminate 30 days following the termination of the state of emergency. [PL 2019, c. 617, Pt. H, §1 (AMD).]

D. (TEXT EFFECTIVE UNTIL 1/15/21) (TEXT REPEALED 1/15/21) For the duration of a state of emergency declared by the Governor pursuant to this section due to the outbreak of COVID-19, and for 30 days following the termination of that state of emergency, in addition to any other powers conferred by law, including those specified in paragraph C, notwithstanding any provision of law to the contrary, the Governor, in consultation with the Commissioner of Education, may implement for elementary and secondary schools a plan to:

   (1) Waive the compulsory attendance requirements of Title 20-A, chapter 211 and any rules regarding compulsory attendance, including the minimum number of school days, or allow the compulsory attendance requirements to be met through nontraditional learning systems, including but not limited to remote access; and

   (2) Continue to provide nutrition services to students when schools are closed in response to the threat posed by COVID-19. [PL 2019, c. 617, Pt. A, §1 (NEW).]

2. Energy emergency proclamation. Energy emergency proclamations must be issued as follows.
A. When an actual or impending acute shortage in energy resources threatens the health, safety or welfare of the citizens of the State, the Governor shall, by oral proclamation, declare that fact and that an energy emergency exists in the State or in any section of the State. A written copy of the proclamation must be filed with the Secretary of State within 24 hours of the oral proclamation. [PL 2001, c. 353, §5 (AMD).]

B. Upon the issuance of an energy emergency proclamation and after consulting with the Governor's Energy Office, the Governor may exercise all the powers granted in this chapter, except as specifically limited by paragraph C. The powers of the Governor include, without limitation, the authority to:

1. Establish and implement programs, controls, standards, priorities and quotas for the allocation, conservation and consumption of energy resources;
2. Regulate the hours and days during which nonresidential buildings may be open and the temperatures at which they may be maintained;

9. If the energy emergency was caused by a lack of electric grid reliability in this State resulting from insufficient capacity resources, take appropriate action, in consultation with the Public Utilities Commission, to procure sufficient capacity resources including generation capacity and interruptible, demand response or energy efficiency capacity resources. [PL 2011, c. 655, Pt. MM, §19 (AMD); PL 2011, c. 655, Pt. MM, §26 (AFF).]

C. In dealing with a declared energy emergency, the following powers granted by this chapter may not be invoked:

1. The eminent domain powers granted in section 821; and
2. The enforcement powers granted in sections 786 and 829, unless the Governor specifically invokes these powers by an order issued pursuant to an energy emergency proclamation and approved by a majority of the membership of the Legislative Council. That order must specify those emergency orders or rules that are enforceable pursuant to this paragraph and must further specify the enforcement activities emergency management organizations are to pursue. No enforcement action may be taken pursuant to this paragraph without publication of the order authorizing the action in a manner reasonably calculated to give affected persons adequate notice of the order or rule to be enforced, which may include publication on the Internet, and the sanctions to be applied. [PL 2001, c. 353, §5 (AMD).]

D. During a declared energy emergency, the following provisions relating to environmental rules apply.

1. Except as provided in subparagraph (2), this subsection may not be construed to authorize the Governor to suspend or to modify orders, rules, standards or classifications issued or
enforced by the Department of Environmental Protection or the Maine Land Use Planning Commission.

(2) When an energy emergency proclamation is in effect, the Governor may call the Board of Environmental Protection into extraordinary session to consider temporary waivers or suspensions of rules and standards related to air and water quality necessary to relieve then existing energy shortages. At an extraordinary session, the board is empowered, notwithstanding any other provision of law, to approve suspensions or waivers that it determines are necessary to relieve or avoid an energy shortage and will not result in environmental degradation of a permanent or enduring nature. In no event may any suspension or modification be granted that will result in a circumvention of Title 38, sections 481 to 488, 541 and 557. The waiver or suspension may not remain in effect longer than 60 days or after the date on which the board renders a further order issued pursuant to the regular procedures specified in Title 38, whichever first occurs. [PL 2001, c. 353, §5 (AMD); PL 2011, c. 682, §38 (REV).]

E. The Superior Court of the county in which a person fails to obey an order or rule promulgated in accordance with this subsection has jurisdiction to issue a restraining order or injunction to enforce the order or rule. That proceeding must be held in accordance with the Maine Rules of Civil Procedure, Rule 65. [PL 2001, c. 353, §5 (AMD).]

F. In the event that an order or rule issued by the Governor, pursuant to the powers granted in paragraph B, are to be in effect for longer than 90 days, the Governor shall, before the 80th day following the issuance of the order or rule, convene the Legislature. [PL 1983, c. 460, §3 (NEW).]

[PL 2011, c. 655, Pt. MM, §19 (AMD); PL 2011, c. 655, Pt. MM, §26 (AFF); PL 2011, c. 682, §38 (REV).]

In the event of a disaster due to an oil spill in coastal waters, the Commissioner of Environmental Protection shall directly represent the Governor in all direct abatement, clean-up and resource protection activities in coordination with federal, industry and other states' response teams. The agency shall assume the other functions prescribed in subsection 1, paragraph C, but does not have supervisory authority over the Department of Environmental Protection in the conduct of response activities on the water. [PL 1991, c. 454, §1 (NEW).]

SECTION HISTORY

Whenever the Governor is satisfied that a disaster or civil emergency no longer exists, the Governor shall terminate the emergency proclamation by another proclamation affecting the sections of the State covered by the original proclamation, or any part thereof. That proclamation must be published in newspapers of the State and posted in places that the Governor considers appropriate. [RR 2019, c. 1, Pt. B, §45 (COR).]

§744. Disaster relief

1. Financial assistance to individuals. Whenever the President has declared a major disaster to exist in this State, the Governor may:

   A. Accept a grant of financial assistance from the Federal Government, subject to such terms and conditions as may be imposed upon the grant and upon the Governor's determination that financial assistance is essential to meet necessary expenses or serious needs of individuals or families caused by the disaster that cannot otherwise adequately be met; [RR 2019, c. 1, Pt. B, §46 (COR).]

   B. Enter into an agreement with the Federal Government, or any officer or agency thereof, pledging the State to participate in up to 25% of the financial assistance authorized in this subsection. If state funds are not otherwise available, the Governor may accept an advance of the state's share from the Federal Government to be repaid when the State is able to do so; and [PL 1983, c. 460, §3 (NEW).]

   C. Notwithstanding any other provision of law or regulation, make financial grants to meet necessary expenses or serious needs of individuals or families caused by the disaster that cannot otherwise adequately be met. A grant to an individual or family may not exceed in the aggregate for any single major disaster declared by the President the amount established by the Federal Government for the limit on grants to individuals under any federal disaster assistance program for individuals and families. [PL 2003, c. 404, §8 (AMD).]

[RR 2019, c. 1, Pt. B, §46 (COR).]

   2-A. Assistance to local governmental units. Assistance to local governmental units shall be governed as follows.

   A. Whenever the President of the United States declares that a major disaster exists in the State, the Governor may:

      (1) Apply for a public assistance grant from the Federal Government under Public Law 93-288 on behalf of both the State and local governmental units for the purposes of repairing or replacing publicly owned facilities within the disaster area or relocating public facilities outside of the disaster area;

      (2) Obligate state financial resources, as a condition for receiving such a federal grant, up to, but not in excess of, 25% of the total public assistance requested; and

      (3) Enter into an agreement with the affected local governmental units to obligate local financial resources up to, but not in excess of, 10% of the total cost of damage to local public facilities, provided that the local share shall not exceed 10% of total local annual operating budget, exclusive of educational budgets. [PL 1985, c. 794, Pt. A, §5 (NEW).]

B. If the President of the United States declares that a major disaster exists in the State, the Governor may:

      (1) Apply for a loan from the Federal Government on behalf of a unit of local government if the Governor determines that the unit will suffer a substantial loss of tax and other revenues as a result of a major disaster and has demonstrated a need for financial assistance to perform its governmental functions;
(2) Receive and disburse the proceeds of any approved loan to an applicant local government;
(3) Determine the amount needed by any applicant local government to restore or resume its governmental functions and certify the amount to the Federal Government, except that no application amount may exceed 25% of the annual operating budget of the applicant for the fiscal year in which the major disaster occurs; and
(4) Recommend to the Federal Government, based upon the Governor's review, the cancellation of all or any part of repayment when, after 3 full fiscal years following the major disaster, the revenues of the local government are insufficient to meet its operating expenses, including additional municipal expenses related to the disaster. [RR 2019, c. 1, Pt. B, §47 (AMD).]
[RR 2019, c. 1, Pt. B, §47 (COR).]

3. Temporary housing. Temporary housing may be provided as follows.

A. Whenever the Governor has proclaimed a disaster emergency under the laws of this State, or the President has declared an emergency or a major disaster to exist in this State, the Governor may:

1. Enter into purchase, lease or other arrangements with any agency of the United States for temporary housing units to be occupied by disaster victims and make these units available to any political subdivision of the State;

2. Assist any political subdivision of the State, in which is located temporary housing for disaster victims, acquire sites necessary for the temporary housing and do all things required to prepare the sites to accommodate temporary housing units. This may be accomplished by advancing or lending funds available to the Governor from any appropriation made by the Legislature or from any other source, and "passing through" funds made available by any agency, public or private; or by becoming a partner with the political subdivision for the execution and performance of any temporary housing project for disaster victims. For those purposes, the Governor may pledge the credit of the State on terms that the Governor considers appropriate, having due regard for current debt transactions of the State; and

3. Suspend or modify a state health, safety, zoning, transportation or other requirement of law or rule when the Governor considers suspension or modification necessary to provide temporary housing for disaster victims. That suspension or modification must be in accordance with rules adopted by the Governor and may not exceed 60 days' duration. [RR 2019, c. 1, Pt. B, §48 (AMD).]

B. Any political subdivision of this State is expressly authorized to acquire, temporarily or permanently, by purchase, lease or otherwise, sites required for installation of temporary housing units for disaster victims, and to enter into whatever arrangements, including purchase of temporary housing units and payment of transportation charges, which are necessary to prepare or equip those sites to accommodate the housing units. [PL 1983, c. 460, §3 (NEW).]
[RR 2019, c. 1, Pt. B, §48 (COR).]

4. Debris removal in major disasters. In major disasters, debris may be removed as follows.

A. Whenever the Governor has declared a disaster emergency to exist under the laws of this State, or the President has declared a major disaster or emergency to exist in this State, the Governor may:

1. Notwithstanding any other provision of law, through the use of state departments or agencies or the use of any of the state's instrumentalities, clear or remove from publicly-owned or privately-owned land or water, debris and wreckage that may threaten public health or safety, or public or private property;
(2) Accept funds from the Federal Government and utilize those funds to make grants to any local government for the purpose of removing debris or wreckage from publicly-owned or privately-owned land or water; and

(3) Notwithstanding any other provision of law, agree to indemnify the Federal Government against any claim arising from debris and wreckage removal from private property. [PL 2003, c. 404, §9 (AMD).]

B. The following conditions apply to the execution of removal or clearance.

(1) Authority under this subsection shall not be exercised unless the affected local government, corporation, organization or individual first presents an unconditional authorization for removal of the debris or wreckage from public and private property, and, in the case of removal of debris or wreckage from private property, also first agrees to indemnify the State Government against any claim arising from that removal.

(2) Whenever the Governor provides for clearance of debris or wreckage pursuant to paragraph A, employees of the designated state agencies or individuals appointed by the State are authorized to enter upon private land or waters and perform any tasks necessary to the removal or clearance operation.

(3) Except in cases of willful misconduct, gross negligence or bad faith, any state employee or agent complying with orders of the Governor and performing duties pursuant thereto under this section shall not be liable for death of or injury to persons or damage to property occurring during performance of those duties. [PL 1983, c. 460, §3 (NEW).]

5. Terms. As used in this section, "major disaster," "emergency" and "temporary housing" have the same meaning as in the Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended.

6. Rules. The Governor shall make rules necessary for carrying out this section, including, but not limited to, standards of eligibility for persons applying for benefits; procedures for applying for and administration of relief; methods of investigation, filing and approving applications and formation of local or statewide boards to pass upon applications and procedures for appeals.

7. Authority not limited. Nothing contained in this section may be construed to limit the Governor's authority to apply for, administer and expend any grants, gifts or payments in aid of disaster prevention, preparedness, response or recovery.

8. Penalty. Any person who knowingly makes a misstatement of fact in connection with an application for financial assistance under this section is guilty of a Class D crime.

CHAPTER 16
EMERGENCY MANAGEMENT ASSISTANCE COMPACT

§921. Purpose and authorities--Article I

The emergency management assistance compact, referred to in this chapter as the "compact," is made and entered into by and between the participating member states that enact this compact, referred to in this chapter as "party states." For the purposes of this agreement, the term "states" means the several states, the Commonwealth of Puerto Rico, the District of Columbia and all U.S. territorial possessions. [PL 1997, c. 780, §2 (NEW).]

The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency or disaster that is duly declared by the governor of the affected state or states, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resources shortages, community disorders, insurgency or enemy attack. [PL 1997, c. 780, §2 (NEW).]

This compact also provides for mutual cooperation in emergency related exercises, testing or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, with such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include
the use of the states’ National Guard forces, either in accordance with the National Guard Mutual Assistance Compact or by mutual agreement between states. [PL 1997, c. 780, §2 (NEW).]

SECTION HISTORY
PL 1997, c. 780, §2 (NEW).

§922. General implementation--Article II

Each party state entering into this compact recognizes that many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes that there will be emergencies that require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency because few, if any, individual states have all the resources they need in all types of emergencies or the capability of delivering resources to areas where emergencies exist. [PL 1997, c. 780, §2 (NEW).]

The prompt, full and effective utilization of resources of the participating states, including any resources on hand or available from the Federal Government or any other source that are essential to the safety, care and welfare of the people in the event of any emergency or disaster declared by a party state, must be the underlying principle on which all articles of this compact are understood. [PL 1997, c. 780, §2 (NEW).]

On behalf of the governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management is responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact. [PL 1997, c. 780, §2 (NEW).]

SECTION HISTORY
PL 1997, c. 780, §2 (NEW).

§923. Party state responsibilities--Article III

1. Formulate plans and programs. It is the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this section. In formulating such plans, and in carrying them out, the party states, to the extent practical, shall:

A. Review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, emergency aspects of resource shortages, civil disorders, insurgency or enemy attack; [PL 1997, c. 780, §2 (NEW).]

B. Review party states’ individual emergency plans and develop a plan that will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency; [PL 1997, c. 780, §2 (NEW).]

C. Develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans; [PL 1997, c. 780, §2 (NEW).]

D. Assist in warning communities adjacent to or crossing state boundaries; [PL 1997, c. 780, §2 (NEW).]

E. Protect and ensure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue and critical lifeline equipment, services and resources, both human and material; [PL 1997, c. 780, §2 (NEW).]
F. Inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness; and [PL 1997, c. 780, §2 (NEW).]

G. Provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances that restrict the implementation of the responsibilities described in this subsection. [PL 1997, c. 780, §2 (NEW).]

2. Request assistance. The authorized representative of a party state may request assistance of another party state by contacting the authorized representative of that state. The provisions of this chapter only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request must be confirmed in writing within 30 days of the verbal request. Requests must provide the following information:

A. A description of the emergency service function for which assistance is needed, including but not limited to fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services and search and rescue; [PL 1997, c. 780, §2 (NEW).]

B. The amount and type of personnel, equipment, materials and supplies needed and a reasonable estimate of the length of time they will be needed; and [PL 1997, c. 780, §2 (NEW).]

C. The specific place and time for staging of the assisting party's response and a point of contact at that location. [PL 1997, c. 780, §2 (NEW).]

3. Consultation between state officials. There must be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the United States Government, with free exchange of information, plans and resource records relating to emergency capabilities. [PL 1997, c. 780, §2 (NEW).]

SECTION HISTORY

PL 1997, c. 780, §2 (NEW).

§924. Limitations--Article IV

Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms of this compact, except that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for that state. Each party state shall afford to the emergency forces of any party state, while operating within its state limits under the terms and conditions of this compact, the same powers, duties, rights and privileges as are afforded forces of the state in which they are performing emergency services, except the power of arrest unless specifically authorized by the receiving state. Emergency forces continue under the command and control of their regular leaders, but the organizational units come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor of the party state that is to receive assistance or commencement of exercises or training for mutual aid and continue as long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect or loaned resources remain in the receiving state or states, whichever is longer. [PL 1997, c. 780, §2 (NEW).]

SECTION HISTORY
§925. Licenses and permits--Article V

Whenever a person holds a license, certificate or other permit issued by any state party to the compact evidencing the meeting of qualifications for professional, mechanical or other skills, and when such assistance is requested by the receiving party state, such person is deemed licensed, certified or permitted by the state requesting assistance to render aid involving such skill to meet a declared emergency or disaster, subject to such limitations and conditions as the governor of the requesting state prescribes by executive order or otherwise. [PL 1997, c. 780, §2 (NEW).]

SECTION HISTORY
PL 1997, c. 780, §2 (NEW).

§926. Liability--Article VI

Officers or employees of a party state rendering aid in another state pursuant to this compact are considered agents of the requesting state for tort liability and immunity purposes. A party state or its officers or employees rendering aid in another state pursuant to this compact are not liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article does not include willful misconduct, gross negligence or recklessness. [PL 1997, c. 780, §2 (NEW).]

SECTION HISTORY
PL 1997, c. 780, §2 (NEW).

§927. Supplementary agreements--Article VII

Because it is probable that the pattern and detail of the machinery for mutual aid among 2 or more states may differ from that among the states that are party to this compact, this compact contains elements of a broad base common to all states, and nothing in this compact precludes any state from entering into supplementary agreements with another state or affects any other agreements already in force between states. Supplementary agreements may include, but are not limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, equipment and supplies. [PL 1997, c. 780, §2 (NEW).]

SECTION HISTORY
PL 1997, c. 780, §2 (NEW).

§928. Compensation--Article VIII

Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and to representatives of deceased members of those forces if the members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state. [PL 1997, c. 780, §2 (NEW).]

SECTION HISTORY
PL 1997, c. 780, §2 (NEW).

§929. Reimbursement--Article IX

Any party state rendering aid in another state pursuant to this compact must be reimbursed by the party state receiving such aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with those requests. An aiding party state may assume in whole or in part any such loss, damage, expense or other cost or may loan such equipment or donate such services to the receiving
party state without charge or cost. Any 2 or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Expenses under section 928 are not reimbursable under this section. [PL 1997, c. 780, §2 (NEW).]

SECTION HISTORY
PL 1997, c. 780, §2 (NEW).

§930. Evacuation--Article X

Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant must be prepared and maintained between the party states and the emergency management or emergency services directors of the various jurisdictions where any type of incident requiring evacuations might occur. These plans must be put into effect by request of the state from which evacuees come and must include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies and all other relevant factors. The plans must provide that the party state receiving evacuees and the party state from which the evacuees come must mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care and like items. Such expenditures must be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees. [PL 1997, c. 780, §2 (NEW).]

SECTION HISTORY
PL 1997, c. 780, §2 (NEW).

§931. Implementation--Article XI

1. Enactment. This compact becomes operative immediately upon its enactment into law by any 2 states. After it becomes operative, this compact becomes effective as to any other state upon its enactment by that state. [PL 1997, c. 780, §2 (NEW).]

2. Withdraw from compact. Any party state may withdraw from this compact by enacting a statute repealing the compact, but the withdrawal does not take effect until 30 days after the governor of the withdrawing state has given notice in writing of such withdrawal to the governors of all other party states. The action does not relieve the withdrawing state from obligations assumed under this compact prior to the effective date of withdrawal. [PL 1997, c. 780, §2 (NEW).]

3. Copy of compact. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into must, at the time of their approval, be deposited with each of the party states and with the Federal Emergency Management Agency and other appropriate agencies of the United States Government. [PL 1997, c. 780, §2 (NEW).]

SECTION HISTORY
PL 1997, c. 780, §2 (NEW).

§932. Validity--Article XII

This chapter is construed to effectuate the purposes stated in section 921. If any provision of this compact is declared unconstitutional or the applicability of the compact to any person or circumstances
is held invalid, the constitutionality of the remainder of this chapter and the applicability of the chapter
to other persons and circumstances is not affected. [PL 1997, c. 780, §2 (NEW).]

SECTION HISTORY
PL 1997, c. 780, §2 (NEW).

§933. Additional provisions--Article XIII

This compact does not authorize or permit the use of military force by the National Guard of a state
at any place outside that state in any emergency for which the President is authorized by law to call the
militia into federal service or for any purpose for which the use of the Army or the Air Force would in
the absence of express statutory authorization be prohibited under 18 United States Code, Section 1385.

INTERNATIONAL EMERGENCY MANAGEMENT ASSISTANCE COMPACT

§935. Purpose and authorities - Article I

The International Emergency Management Assistance Compact, referred to in this chapter as the
"compact," is made and entered into by and between the participating member jurisdictions that enact
this compact, referred to in this chapter as "party jurisdictions." The following states and provinces are

Newfoundland and Labrador, New Hampshire, Nova Scotia, Prince Edward Island, Quebec, Rhode
Island and Vermont. [PL 1999, c. 696, §1 (NEW).]

The purpose of this compact is to provide for mutual assistance between the party jurisdictions
entering into this compact in managing any emergency or disaster when the governor or premier of the
affected jurisdiction or jurisdictions asks for assistance, whether arising from natural disaster,
technological hazard, man-made disaster or civil emergency aspects of resource shortages. [PL 1999,
c. 696, §1 (NEW).]

This compact also provides for mutual cooperation in emergency related exercises, testing or other
training activities using equipment and personnel simulating performance of any aspect of the giving
and receiving of aid by party jurisdictions or subdivisions of party jurisdictions during emergencies,
with such actions occurring outside actual declared emergency periods. Mutual assistance in this
compact may include the use of emergency forces by mutual agreement between the party jurisdictions.

"License" includes authorization under the laws of this State to an individual to provide health services or veterinary services based upon a national certification issued by a public or private entity. [PL 2017, c. 396, §5 (NEW).]

12. Person. "Person" means an individual, corporation, business trust, trust, partnership, limited liability company, association, joint venture, public corporation, government or governmental subdivision, agency or instrumentality or any other legal or commercial entity. [PL 2017, c. 396, §5 (NEW).]

13. Scope of practice. "Scope of practice" means the extent of the authorization to provide health services or veterinary services granted to a health practitioner by a license issued to the practitioner in the state in which the principal part of the practitioner's services are rendered, including any conditions imposed by the licensing authority. [PL 2017, c. 396, §5 (NEW).]

14. State. "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the United States Virgin Islands, any territory or insular possession subject to the jurisdiction of the United States or a Canadian province that is a party to the International Emergency Management Assistance Compact. [PL 2017, c. 396, §5 (NEW).]

15. Veterinary services. "Veterinary services" means the provision of treatment, care, advice or guidance or other services or supplies related to the health or death of an animal or to animal populations, to the extent necessary to respond to an emergency, including:
   A. Diagnosis, treatment or prevention of an animal disease, injury or other physical or mental condition by the prescription, administration or dispensing of vaccine, medicine, surgery or therapy; [PL 2017, c. 396, §5 (NEW).]
   B. Use of a procedure for reproductive management; and [PL 2017, c. 396, §5 (NEW).]
   C. Monitoring and treatment of animal populations for diseases that have spread or demonstrate the potential to spread to humans. [PL 2017, c. 396, §5 (NEW).]

16. Volunteer health practitioner. "Volunteer health practitioner" means a health practitioner who provides health services or veterinary services while an emergency declaration is in effect, whether or not the practitioner receives compensation for those services. "Volunteer health practitioner" does not include a practitioner who receives compensation pursuant to a preexisting employment relationship with a host entity or affiliate that requires the practitioner to provide health services in this State, unless the practitioner is not a resident of this State and is employed by a disaster relief organization providing services in this State while an emergency declaration is in effect. [PL 2017, c. 396, §5 (NEW).]

§949-B. Applicability to volunteer health practitioners
This chapter applies only to volunteer health practitioners who are registered with a registration system that complies with section 949-D and who provide health services or veterinary services in this State for a host entity while an emergency declaration is in effect. [PL 2017, c. 396, §5 (NEW).]

SECTION HISTORY
PL 2017, c. 396, §5 (NEW).

§949-C. Regulation of services during emergency

1. Order regulating practice. The Department of Health and Human Services, in coordination with the Maine Emergency Management Agency, may issue an order that limits, restricts or otherwise regulates the following while an emergency declaration is in effect:

   A. The duration of practice by volunteer health practitioners; [PL 2017, c. 396, §5 (NEW).]
   B. The geographical areas in which volunteer health practitioners may practice; [PL 2017, c. 396, §5 (NEW).]
   C. The types of volunteer health practitioners who may practice; and [PL 2017, c. 396, §5 (NEW).]
   D. Any other matters necessary to coordinate effectively the provision of health services or veterinary services during the emergency. [PL 2017, c. 396, §5 (NEW).]

2. Inapplicability of Maine Administrative Procedure Act. Notwithstanding the Maine Administrative Procedure Act, an order issued pursuant to subsection 1 may take effect immediately, without notice or comment, and is legally enforceable. [PL 2017, c. 396, §5 (NEW).]

3. Duties of host entity. A host entity that uses volunteer health practitioners to provide health services or veterinary services in this State shall:

   A. Consult and coordinate its activities with the Department of Health and Human Services or the Maine Emergency Management Agency to the extent practicable to provide for the efficient and effective use of volunteer health practitioners; and [PL 2017, c. 396, §5 (NEW).]
   B. Comply with other laws relating to the management of emergency health services or veterinary services. [PL 2017, c. 396, §5 (NEW).]

SECTION HISTORY
PL 2017, c. 396, §5 (NEW).

§949-D. Volunteer health practitioner registration systems

1. Registration system requirements. To qualify as a volunteer health practitioner registration system, a system must:

   A. Accept applications for the registration of volunteer health practitioners before or during an emergency; [PL 2017, c. 396, §5 (NEW).]
   B. Include information about the licensure and good standing of health practitioners that is accessible by authorized persons; [PL 2017, c. 396, §5 (NEW).]
   C. Be capable of confirming the accuracy of information concerning whether a health practitioner is licensed and in good standing before health services or veterinary services are provided under this chapter; and [PL 2017, c. 396, §5 (NEW).]
   D. Meet one of the following conditions:
(1) Be an emergency system for advance registration of volunteer health care professionals established by a state and funded through the federal Department of Health and Human Services under Section 319I of the federal Public Health Service Act, 42 United States Code, Section 247d-7b (2017);

(2) Be a local unit consisting of trained and equipped emergency response, public health and medical personnel formed pursuant to Section 2801 of the federal Public Health Service Act, 42 United States Code, Section 300hh (2017);

(3) Be operated by a:
   (a) Disaster relief organization;
   (b) Licensing board;
   (c) National or regional association of licensing boards or health practitioners;
   (d) Health facility that provides comprehensive inpatient and outpatient health care services, including a tertiary care hospital; or
   (e) Governmental entity; or

(4) Be designated by the Department of Health and Human Services, in coordination with the Maine Emergency Management Agency, as a registration system for the purposes of this chapter. [PL 2017, c. 396, §5 (NEW).]

2. Confirmation of registration. While an emergency declaration is in effect, the Department of Health and Human Services or the Maine Emergency Management Agency, a person authorized to act on behalf of the Department of Health and Human Services or the Maine Emergency Management Agency or a host entity may confirm whether volunteer health practitioners utilized in this State are registered with a registration system that complies with subsection 1. Confirmation is limited to obtaining identities of the practitioners from the system and determining whether the system indicates that the practitioners are licensed and in good standing.

[PL 2017, c. 396, §5 (NEW).]

3. Notification by registration system. Upon request of a person in this State authorized under subsection 2, or a similarly authorized person in another state, a registration system located in this State shall notify the person of the identities of volunteer health practitioners and whether the practitioners are licensed and in good standing.

[PL 2017, c. 396, §5 (NEW).]

4. Host entity discretion in selecting volunteers. A host entity is not required to use the services of a volunteer health practitioner even if the practitioner is registered with a registration system that indicates that the practitioner is licensed and in good standing.

[PL 2017, c. 396, §5 (NEW).]

§949-E. Recognition of volunteer health practitioners licensed in other states

1. Authority to practice during emergency. While an emergency declaration is in effect, a volunteer health practitioner registered with a registration system that complies with section 949-D and licensed and in good standing in the state upon which the practitioner's registration is based may practice in this State to the extent authorized by this chapter as if the practitioner were licensed in this State.

[PL 2017, c. 396, §5 (NEW).]
2. **Disqualification based on professional discipline.** A volunteer health practitioner qualified under subsection 1 is not entitled to the protections of this chapter if the practitioner is licensed in more than one state and any license of the practitioner is suspended, revoked or subject to an agency order limiting or restricting practice privileges or has been voluntarily terminated under threat of sanction. [PL 2017, c. 396, §5 (NEW).]

**SECTION HISTORY**

PL 2017, c. 396, §5 (NEW).

§949-F. **No effect on credentialing and privileging**

1. **Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

   A. "Credentialing" means obtaining, verifying and assessing the qualifications of a health practitioner to provide treatment, care or services in or for a health facility. [PL 2017, c. 396, §5 (NEW).]

   B. "Privileging" means the authorizing by an appropriate authority, such as a governing body, of a health practitioner to provide specific treatment, care or services at a health facility subject to limits based on factors that include license, education, training, experience, competence, health status and specialized skill. [PL 2017, c. 396, §5 (NEW).]

   [PL 2017, c. 396, §5 (NEW).]

2. **Health facility autonomy over credentialing and privileging.** This chapter does not affect credentialing or privileging standards of a health facility and does not preclude a health facility from waiving or modifying those standards while an emergency declaration is in effect. [PL 2017, c. 396, §5 (NEW).]

**SECTION HISTORY**

PL 2017, c. 396, §5 (NEW).

§949-G. **Provision of volunteer health services or veterinary services; licensee discipline**

1. **Applicability of Maine scope of practice laws.** Subject to subsections 2 and 3, a volunteer health practitioner shall adhere to the scope of practice for a similarly licensed practitioner established by the licensing provisions, practice acts or other laws of this State. [PL 2017, c. 396, §5 (NEW).]

2. **Applicability of scope of practice laws of state where practitioner is licensed.** Except as otherwise provided in subsection 3, this chapter does not authorize a volunteer health practitioner to provide services that are outside the practitioner's scope of practice, even if a similarly licensed practitioner in this State would be permitted to provide the services. [PL 2017, c. 396, §5 (NEW).]

3. **Order modifying or limiting services.** The Governor or the Governor's designee may issue an order that modifies or restricts the health services or veterinary services that volunteer health practitioners may provide pursuant to this chapter. Notwithstanding the Maine Administrative Procedure Act, an order issued pursuant to this subsection may take effect immediately, without notice or comment, and is legally enforceable. [PL 2017, c. 396, §5 (NEW).]

4. **Additional restrictions imposed by host entity.** A host entity may restrict the health services or veterinary services that a volunteer health practitioner may provide pursuant to this chapter. [PL 2017, c. 396, §5 (NEW).]

5. **Unauthorized practice.** A volunteer health practitioner does not engage in unauthorized practice unless the practitioner has reason to know of any limitation, modification or restriction under
this section or that a similarly licensed practitioner in this State would not be permitted to provide the services. A volunteer health practitioner has reason to know of a limitation, modification or restriction or that a similarly licensed practitioner in this State would not be permitted to provide a service if:

A. The practitioner knows the limitation, modification or restriction exists or that a similarly licensed practitioner in this State would not be permitted to provide the service; or  [PL 2017, c. 396, §5 (NEW).]

B. From all the facts and circumstances known to the practitioner at the relevant time, a reasonable person would conclude that the limitation, modification or restriction exists or that a similarly licensed practitioner in this State would not be permitted to provide the service. [PL 2017, c. 396, §5 (NEW).]

6. Volunteer health practitioner discipline. In addition to the authority granted by law of this State other than this chapter to regulate the conduct of health practitioners, a licensing board or other disciplinary authority in this State:

A. May discipline a health practitioner licensed in this State for conduct outside of this State in response to an out-of-state emergency;  [PL 2017, c. 396, §5 (NEW).]

B. May discipline a health practitioner not licensed in this State for conduct in this State in response to an in-state emergency; and  [PL 2017, c. 396, §5 (NEW).]

C. Shall report any discipline imposed upon a health practitioner licensed in another state to the appropriate licensing board or other disciplinary authority in any other state in which the practitioner is known to be licensed. [PL 2017, c. 396, §5 (NEW).]

7. Factors to be considered by disciplinary authority. In determining whether to impose discipline pursuant to subsection 6, a licensing board or other disciplinary authority shall consider the circumstances in which the conduct took place, including any exigent circumstances, and the health practitioner's scope of practice, education, training, experience and specialized skill.

[PL 2017, c. 396, §5 (NEW).]

SECTION HISTORY
PL 2017, c. 396, §5 (NEW).

§949-H. Relation to other laws

1. Other laws unaffected. This chapter does not limit the rights, privileges or immunities provided to volunteer health practitioners by laws other than this chapter. Except as otherwise provided in subsection 2, this chapter does not affect requirements for the use of health practitioners pursuant to the Emergency Management Assistance Compact or the International Emergency Management Assistance Compact.

[PL 2017, c. 396, §5 (NEW).]

2. Exceptions: Emergency Management Assistance Compact and International Emergency Management Assistance Compact. The Maine Emergency Management Agency, pursuant to section 784-A, the Emergency Management Assistance Compact and the International Emergency Management Assistance Compact, may incorporate into the emergency forces of this State volunteer health practitioners who are not officers or employees of this State, a political subdivision of this State or a municipality or other local government within this State.

In doing so, the Department of Health and Human Services shall consult with and consider the recommendations of the Maine Emergency Management Agency and shall also consult with and consider rules adopted by similarly empowered agencies in other states to promote uniformity of application of this chapter and make the emergency response systems in the various states reasonably compatible. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A. [PL 2017, c. 396, §5 (NEW).]

DAM SAFETY  

§1111. Definitions  
As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings. [PL 2001, c. 460, §3 (NEW).]  

1. Dam. "Dam" means any artificial barrier, including appurtenant works, the site on which it is located and appurtenant rights of flowage and access, that impounds or diverts water, and that:  
   A. Is 25 feet or more in height from the natural bed of the watercourse measured at the downstream toe of the barrier or from the lowest elevation of the outside limit of the barrier to the maximum water storage elevation and impounds at least 15 acre-feet of water; or [PL 2001, c. 460, §3 (NEW).]  
   B. Is 6 feet or more in height from the natural bed of the watercourse measured at the downstream toe of the barrier or from the lowest elevation of the outside limit of the barrier to the maximum water storage elevation and has an impounding capacity at maximum water storage elevation of 50 acre-feet or more. [PL 2001, c. 460, §3 (NEW).]  

3. Emergency. "Emergency" means breaches and all conditions leading to or causing a breach, overtopping or any other condition in a dam and its appurtenant structures that may be construed as unsafe or threatening to life and property. [PL 2001, c. 460, §3 (NEW).]  

4. Emergency situation. "Emergency situation" means a situation determined by the commissioner, after consultation with other state and federal agencies if time permits, to present a potential but real and impending danger to life, limb or property because of flooding or potential and
imminent flooding and includes a situation that the Governor declares to be an emergency pursuant to section 742.

[PL 2001, c. 460, §3 (NEW).]

5. **Emergency action plan.** "Emergency action plan" means a set of written instructions or guidelines for use by public officials that recommends actions that, when implemented, will minimize the effects of a dam failure on people and property.

[PL 2001, c. 460, §3 (NEW).]

6. **Hazard potential.** "Hazard potential" means the possible adverse incremental consequences that result from the release of water or stored contents due to failure of the dam or misoperation of the dam or appurtenances. The hazard potential classification of a dam does not reflect in any way on the current condition of the dam and its appurtenant structures. The classifications are as follows:

   A. High hazard potential dam. "High hazard potential dam" means a dam assigned the high hazard potential classification where failure or misoperation will probably cause loss of human life; [PL 2001, c. 460, §3 (NEW).]

   B. Low hazard potential dam. "Low hazard potential dam" means a dam assigned the low hazard potential classification where failure or misoperation results in no probable loss of human life and low economic and environmental losses. Losses are principally limited to the owner's property; and [PL 2001, c. 460, §3 (NEW).]

   C. Significant hazard potential dam. "Significant hazard potential dam" means a dam assigned the significant hazard potential classification where failure or misoperation results in no probable loss of human life but can cause major economic loss, environmental damage or disruption of lifeline facilities or affect other concerns. Significant hazard potential dams are often located in predominantly rural or agricultural areas but could be located in areas with population and significant infrastructure. [PL 2001, c. 460, §3 (NEW).]
