CHAPTER 24
SOLID WASTE MANAGEMENT AND RECYCLING

SUBCHAPTER 1
GENERAL PROVISIONS

§2101. Solid waste management hierarchy

1. Priorities. It is the policy of the State to plan for and implement an integrated approach to solid waste management for solid waste generated in this State and solid waste imported into this State, which must be based on the following order of priority:

   A. Reduction of waste generated at the source, including both amount and toxicity of the waste; [PL 1989, c. 585, Pt. A, §7 (NEW).]

   B. Reuse of waste; [PL 1989, c. 585, Pt. A, §7 (NEW).]

   C. Recycling of waste; [PL 1989, c. 585, Pt. A, §7 (NEW).]

   D. Composting of biodegradable waste; [PL 1989, c. 585, Pt. A, §7 (NEW).]

   E. Waste processing that reduces the volume of waste needing land disposal, including incineration; and [PL 2007, c. 583, §7 (AMD).]

   It is the policy of the State to use the order of priority in this subsection as a guiding principle in making decisions related to solid waste management. [PL 2007, c. 583, §7 (AMD).]

2. Waste reduction and diversion. It is the policy of the State to actively promote and encourage waste reduction measures from all sources and maximize waste diversion efforts by encouraging new and expanded uses of solid waste generated in this State as a resource. [PL 2007, c. 192, §2 (NEW).]

SECTION HISTORY

§2101-A. Definitions

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings. [PL 1995, c. 465, Pt. A, §28 (NEW); PL 1995, c. 465, Pt. C, §2 (AFF).]

2. Office. [PL 2011, c. 655, Pt. GG, §27 (RP); PL 2011, c. 655, Pt. GG, §70 (AFF).]

3. Bureau. "Bureau" means the Bureau of General Services within the Department of Administrative and Financial Services as authorized pursuant to Title 5, section 1742. [PL 2011, c. 655, Pt. GG, §28 (NEW); PL 2011, c. 655, Pt. GG, §70 (AFF).]

4. Recycling establishment. "Recycling establishment" means an establishment engaged in the marketing, brokering or purchasing of reportable recyclable materials generated in the State.
"Recycling establishment" does not include an establishment that directs all reportable recyclable materials it markets, brokers or purchases to brokers and purchasers that are located in the State. [PL 2019, c. 291, Pt. B, §2 (NEW).]

5. Reportable recyclable materials. "Reportable recyclable materials" means any of the following categories of recyclable materials that are separated from household, commercial or institutional waste and that are delivered to a recycling establishment for recycling: glass; cardboard, paper and paper products; plastic and plastic products; cartons, laminated materials and other packaging; nonferrous and ferrous metals, including white goods; textiles; and mixed streams of recyclable materials that include any combination of the materials listed in this subsection. [PL 2019, c. 291, Pt. B, §2 (NEW).]

SECTION HISTORY

§2101-B. Food recovery hierarchy

1. Priorities. It is the policy of the State to support the solid waste management hierarchy in section 2101 by preventing and diverting surplus food and food scraps from land disposal or incineration in accordance with the following order of priority:

A. Reduction of the volume of surplus food generated at the source; [PL 2015, c. 461, §1 (NEW).]

B. Donation of surplus food to food banks, soup kitchens, shelters and other entities that will use surplus food to feed hungry people; [PL 2015, c. 461, §1 (NEW).]

C. Diversion of food scraps for use as animal feed; [PL 2015, c. 461, §1 (NEW).]

D. Utilization of waste oils for rendering and fuel conversion, utilization of food scraps for digestion to recover energy, other waste utilization technologies and creation of nutrient-rich soil amendments through the composting of food scraps; and [PL 2015, c. 461, §1 (NEW).]

E. Land disposal or incineration of food scraps. [PL 2015, c. 461, §1 (NEW).]

[PL 2015, c. 461, §1 (NEW).]

2. Guiding principle. It is the policy of the State to use the order of priority in this section, in conjunction with the order of priority in section 2101, as a guiding principle in making decisions related to solid waste and organic materials management. [PL 2015, c. 461, §1 (NEW).]

§2112. Small container contract restrictions  
1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.
A. "Small container" means a 2- to 10-cubic-yard container or dumpster. [PL 2003, c. 338, §1 (NEW).]

B. "Small containerized solid waste hauling service" means providing solid waste hauling service to customers by providing the customer with a small container or dumpster that is picked up and emptied mechanically using a front-loading or rear-loading truck. "Small containerized solid waste hauling service" does not include hand pickup service or service using a compactor that is attached to or part of a small container. [PL 2003, c. 338, §1 (NEW).]

C. "Solid waste hauling service" means the collection, removal and transportation to a solid waste transfer station or disposal site of trash and garbage. As used in this paragraph, trash and garbage do not include construction and demolition debris, medical waste, hazardous waste, organic waste, special waste such as contaminated soil or sludge or recyclable materials. [PL 2003, c. 338, §1 (NEW).]

2. Contracts. Contracts for the provision of small containerized solid waste hauling service to customers located in this State are governed by the following provisions.

A. If a contract under this subsection contains an automatic renewal provision, the contractor shall notify the customer by mail between 60 and 90 days prior to the contract termination date that if the customer does not, within 60 days of receipt of the contractor's notification, notify the contractor of the customer's intention to terminate the contract, the contract will be automatically renewed. Notice of termination by the customer may be by any reasonable method, including mail, electronically transmitted facsimile and e-mail. A contract may not contain terms that require a customer to provide notice of termination prior to the time frames provided for in this paragraph. [PL 2003, c. 338, §1 (NEW).]

B. The financial charge for early termination of a contract under this subsection may not exceed 3 times the current monthly charge. [PL 2003, c. 338, §1 (NEW).]

C. A contract under this subsection may not require the customer to inform a contractor concerning prices or other terms offered by competitors or require the customer to afford the contractor an opportunity to match or respond to a competitor's offer. [PL 2003, c. 338, §1 (NEW).]

SOLID WASTE PLANNING

§2121. Office of Planning
(REPEALED)

SECTION HISTORY

§2122. State waste management and recycling plan

The department shall prepare an analysis of, and a plan for, the management, reduction and recycling of solid waste for the State. The plan must be based on the priorities and recycling goals established in sections 2101 and 2132. The plan must provide guidance and direction to municipalities
in planning and implementing waste management and recycling programs at the state, regional and local levels. [PL 2011, c. 655, Pt. GG, §29 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

1. **Consultation.** In developing the state plan the department shall solicit public input and may hold hearings in different regions of the State. [PL 2011, c. 655, Pt. GG, §29 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

2. **Revisions.** The department shall revise the analysis by January 1, 2014 and every 5 years after that time to incorporate changes in waste generation trends, changes in waste recycling and disposal technologies, development of new waste generating activities and other factors affecting solid waste management as the department finds appropriate. [PL 2011, c. 655, Pt. GG, §29 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

### SECTION HISTORY

§2123. Plan contents

(REPEALED)

### SECTION HISTORY

§2123-A. State plan contents

The state plan includes the following elements. [PL 1995, c. 465, Pt. A, §36 (NEW); PL 1995, c. 465, Pt. C, §2 (AFF).]

1. **Waste characterization.** The state plan must be based on a comprehensive analysis of solid waste generated, recycled and disposed of in the State. Data collected must include, but not be limited to, the source, type and amount of waste currently generated; and the costs and types of waste management employed including recycling, composting, landspreading, incineration or landfilling. [PL 1995, c. 465, Pt. A, §36 (NEW); PL 1995, c. 465, Pt. C, §2 (AFF).]

2. **Waste reduction and recycling assessment.** The state plan must include an assessment of the extent to which waste generation could be reduced at the source and the extent to which recycling can be increased. [PL 1995, c. 465, Pt. A, §36 (NEW); PL 1995, c. 465, Pt. C, §2 (AFF).]

3. **Determination of existing and potential disposal capacity.** The state plan must identify existing solid waste disposal and management capacity within the State and the potential for expansion of that capacity. [PL 1995, c. 465, Pt. A, §36 (NEW); PL 1995, c. 465, Pt. C, §2 (AFF).]

4. **Projected demand for capacity.** The state plan must identify the need in the State for current and future solid waste disposal capacity by type of solid waste, including identification of need over the next 5-year, 10-year and 20-year periods. [PL 1995, c. 465, Pt. A, §36 (NEW); PL 1995, c. 465, Pt. C, §2 (AFF).]

### SECTION HISTORY

§2123-B. Review of policy

(REPEALED)
§2123-C. Solid Waste Management Advisory Council

(REPEALED)

§2124. Reports

The department shall submit the plan and subsequent revisions to the Governor and the joint standing committee of the Legislature having jurisdiction over natural resource matters. [PL 2011, c. 655, Pt. GG, §30 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

§2124-A. Solid waste generation and disposal capacity report

By January 1, 2021 and biennially thereafter, the department shall submit a report to the joint standing committee of the Legislature having jurisdiction over environmental and natural resources matters and the Governor setting forth information on statewide generation of solid waste, statewide recycling rates and available disposal capacity for solid waste. [PL 2019, c. 291, Pt. B, §3 (AMD).]

The report submitted under this section must include an analysis of how changes in available disposal capacity have affected or are likely to affect disposal prices. When the department determines that a decline in available landfill capacity has generated or has the potential to generate supracompetitive prices, the department shall include this finding in its report and shall include recommendations for legislative or regulatory changes as necessary. [PL 2011, c. 655, Pt. GG, §31 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

The report submitted under this section must include an analysis of how the rate of fill at each solid waste landfill has affected the expected lifespan of that solid waste landfill and an analysis of consolidation of ownership in the disposal, collection, recycling and hauling of solid waste. [PL 2013, c. 300, §19 (AMD).]

The joint standing committee of the Legislature having jurisdiction over solid waste matters may report out legislation related to the report submitted pursuant to this section. [PL 2007, c. 583, §8 (NEW).]

§2125. Evaluation of municipal implementation of solid waste management hierarchy

(REPEALED)

SECTION HISTORY

SUBCHAPTER 3

WASTE REDUCTION AND RECYCLING

§2131. Office of Waste Reduction and Recycling; established
(REPEALED)

SECTION HISTORY

§2132. State goals

1. State recycling goal. It is the goal of the State to recycle or compost, by January 1, 2021, 50% of the municipal solid waste tonnage generated each year within the State.
[PL 2015, c. 461, §2 (AMD).]

1-A. State waste reduction goal.
[PL 2015, c. 461, §3 (RP).]

1-B. State waste disposal reduction goal. It is the goal of the State to reduce the statewide per capita disposal rate of municipal solid waste tonnage to 0.55 tons disposed per capita by January 1, 2019 and to further reduce the statewide per capita disposal rate by an additional 5% every 5 years thereafter. The baseline for calculating this reduction is the 2014 solid waste generation and disposal capacity data gathered by the department.
[PL 2015, c. 461, §4 (NEW).]

2. Goal revision. The department shall recommend revisions, if appropriate, to the state recycling goal and waste disposal reduction goal established in this section. The department shall submit its recommendations and any implementing legislation to the joint standing committee of the Legislature having jurisdiction over natural resource matters.
[PL 2015, c. 461, §5 (AMD).]

3. Beneficial use of waste. The use of waste paper, waste plastics, waste wood, including wood from demolition debris, used motor vehicle tires or corrugated cardboard as a fuel in industrial boilers or waste-to-energy facilities for the generation of heat, steam or electricity constitutes recycling only for the purposes of determining whether the goals in subsection 1 are met and for determining municipal progress as provided in section 2133. In order for the use of waste under this subsection to constitute recycling, the department must determine that there is no reasonably available market in the State for recycling that waste and the wastes must be incinerated as a substitute for, or supplement to, fossil or biomass fuels incinerated in the industrial boiler or waste-to-energy facility.
[PL 2011, c. 655, Pt. GG, §32 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

4. Reduction in dioxin. It is the policy of the State to reduce the total release of dioxin and mercury to the environment with the goal of its continued minimization and, where feasible, ultimate elimination.
[PL 2001, c. 277, §3 (NEW).]

SECTION HISTORY

§2133. Municipal recycling
1. Technical and financial assistance program. 

1-A. Recycling progress. Municipalities are not required to meet the state recycling goal in section 2132, but they must demonstrate reasonable progress toward that goal. The department shall determine reasonable progress. 
[PL 2011, c. 655, Pt. GG, §33 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

2. Recycling feasibility studies. 

2-A. Assistance with managing solid waste. The department shall assist municipalities with managing solid waste. The department may also provide planning assistance to municipalities and regional organizations for managing municipal solid waste. Planning assistance may include cost and capacity analysis and education and outreach activities. The department shall provide assistance pursuant to this subsection in accordance with the waste management hierarchy in section 2101. Preference in allocating resources under this section must be given to municipalities that take advantage of regional economies of scale. 
[PL 2013, c. 300, §21 (AMD).]

2-B. Household hazardous waste collection. The department may, within available resources, award grants to eligible municipalities, regional associations, sanitary districts and sewer districts for household hazardous waste collection and disposal programs. In implementing this program, the department shall attempt to:

A. Coordinate the household hazardous waste collection programs with overall recycling and waste management; [PL 1995, c. 465, Pt. A, §46 (NEW); PL 1995, c. 465, Pt. C, §2 (AFF).]

C. Coordinate programs between private and public institutions; [PL 1999, c. 779, §3 (AMD).]

D. Maximize opportunities for federal grants and pilot programs; and [PL 1999, c. 779, §3 (AMD).]

E. By January 1, 2002 and as necessary thereafter, fund capital improvements and operating expenses to facilitate the development of collection programs throughout the State for hazardous waste that is universal waste, as identified in board rules, generated by households, small-quantity generators, public schools and municipalities. [PL 1999, c. 779, §3 (NEW).]

At a minimum, the department shall award grants to public schools and municipalities for reasonable costs incurred as a result of managing waste mercury-added products generated by those public schools and municipalities, in compliance with the requirements in sections 1663 and 1664, that would not otherwise be incurred by complying with existing laws, rules or regulations as of July 15, 2002. [PL 2013, c. 300, §22 (AMD).]

2-C. Business technical assistance program. The department may, as resources allow, assist the business community to develop state programs and services that are designed to promote the solid waste hierarchy and that are desired by and financially supported by the business community. The department shall coordinate these efforts in conjunction with the department. 
[PL 2011, c. 655, Pt. GG, §33 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

2-D. Preference for other state grants and investments. 
[PL 2013, c. 300, §23 (RP).]

3. Recycling capital investment grants. The department may make grants to eligible municipalities, regional associations, sanitary districts and sewer districts for the construction of public
recycling and composting facilities and the purchase of recycling and composting equipment. The department may establish requirements for local cost sharing of up to 50% of the total grant amount. [PL 2011, c. 655, Pt. GG, §33 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

4. Recycling incentives. The department shall develop and implement a program of incentives to encourage public recycling programs to reach maximum feasible levels of recycling and to meet the recycling goal of section 2132.

A. [PL 1993, c. 298, §2 (RP).]

6. Recycling demonstration grants. The department may make demonstration grants to eligible municipalities, regional associations or other public organizations to pilot waste reduction, recycling and composting programs and to test their effectiveness and feasibility. [PL 2011, c. 655, Pt. GG, §33 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

7. Recycling progress reports. Municipalities shall report biennially, on forms provided by the department, on their solid waste management and recycling practices. The biennial report must identify the options available to residents and businesses within the municipality for managing solid waste, including any provisions for the separate management of reportable recyclable materials and organic waste and the disposal of other municipal solid waste, including construction and demolition debris. The department shall assist municipalities in developing and tracking a municipal or regional recycling rate by developing a municipal waste stream management assessment model. The model must rely on actual waste data whenever possible, but incorporate default generation estimates when needed. Default generation estimates must incorporate factors such as commercial activity, geographical differences and municipal population. [PL 2019, c. 291, Pt. B, §4 (AMD).]

SECTION HISTORY

§2134. Marketing assistance

The department shall provide marketing assistance, which may include the following elements: [PL 2011, c. 655, Pt. GG, §34 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

1. Collection.

2. Incentive program.

3. Information clearinghouse. An information clearinghouse on recycling markets to improve the marketing of materials to be recycled. The department shall maintain a current list of municipal recycling programs, together with a description of the recyclable materials available through the programs. The department shall also maintain listings of brokers, handlers, processors, transporters and other persons providing services and potential markets for recyclable materials. The department shall actively promote the services of the clearinghouse and shall seek to match programs with appropriate
recycling businesses. The department shall make its information on recycling services available to public and private solid waste generators seeking markets or services for recyclable materials. The department shall make its technical reports and planning documents available to municipalities and regional associations on a timely basis; and [PL 2011, c. 655, Pt. GG, §35 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

4. Brokering service. Provision for marketing and brokering services for materials when municipal and regional association efforts to market the material and the information clearinghouse are inadequate. [PL 1995, c. 656, Pt. A, §39 (AMD).]

§2137. State Government recycling and waste reduction
The Department of Administrative and Financial Services shall assess the status of recycling efforts undertaken directly by the State for its own solid waste and shall evaluate existing programs and develop necessary new programs for recycling to reduce the generation of solid waste by the State. [PL 1995, c. 656, Pt. A, §40 (AMD).]

3. Recycling. Each state agency shall establish and implement a source separation and collection program for recyclable materials produced as a result of agency operations, including, at a minimum, high grade paper and corrugated paper. The source separation and collection program must include, at a minimum, procedures for collecting and storing recyclable materials, bins or containers for storing
materials, and contractual and other arrangements with buyers. Each agency shall appoint a recycling coordinator for every 50 employees at a minimum and shall conduct educational programs for its employees on the recycling program.

4. Waste reduction. Each state agency shall establish and implement a waste reduction program for materials used in the course of agency operations. The program must be designed and implemented to achieve the maximum feasible reduction of waste generated as a result of agency operations.

5. University of Maine System. The following provisions apply to the University of Maine System.

B. Each campus of the University of Maine System shall establish and implement a source separation and collection program for recyclable materials, including at a minimum high grade paper, corrugated paper and glass. The source separation and collection program must include procedures for collecting and storing recyclable materials, bins or containers for storing materials and contractual and other arrangements with buyers. Each campus shall appoint a recycling coordinator and shall conduct educational programs for students and employees on the recycling program. [PL 1995, c. 465, Pt. A, §55 (AMD); PL 1995, c. 465, Pt. C, §2 (AFF).]

C. Each campus of the University of Maine System shall establish and implement a waste reduction program for materials used in the course of its operations. The program must be designed and implemented to achieve the maximum feasible reduction of waste. [PL 1995, c. 465, Pt. A, §55 (AMD); PL 1995, c. 465, Pt. C, §2 (AFF).]

E. Each campus of the University of Maine System shall assess the status of its recycling efforts, evaluate existing programs and, within available resources, develop necessary new programs for recycling to reduce the generation of solid waste by the campus. SECTION HISTORY

§2137-A. Food recovery database

The department, as resources allow and in consultation with other state agencies, municipalities, counties, businesses and other public or private entities, shall develop and maintain on its publicly accessible website a food recovery database as described in this section. [PL 2017, c. 369, §1 (NEW).]

1. Contents. The department may include in the database required under this section guidance documents, model policies, program resources and other educational and technical materials relevant to food recovery and food waste reduction efforts that may be implemented by government entities, counties, municipalities, educational institutions, businesses and members of the public, including, but not limited to:

A. Materials relating to the alignment of the food purchasing practices of public and private entities with the demands and consumption habits of the individual consumers those entities serve; [PL 2017, c. 369, §1 (NEW).]
B. Materials relating to the development and implementation of programs for the sharing of surplus or leftover food, including, but not limited to, share tables and food donation practices and programs; [PL 2017, c. 369, §1 (NEW).]

C. Materials relating to the diversion of food scraps and other food waste not suitable for human consumption for use as animal feed; and [PL 2017, c. 369, §1 (NEW).]

D. Materials relating to the handling, transportation and processing of organic waste materials for the purpose of composting or the generation of energy through an anaerobic digestion process, including, but not limited to, guidance documents relating to the establishment of on-site composting programs by public or private entities and a list of the businesses and other entities in the State that accept for processing or process organic materials for composting or energy generation. [PL 2017, c. 369, §1 (NEW).]

2. Maintenance and updates. The department, as resources allow, shall maintain and periodically review and update the materials in the database required under this section to reflect changes in relevant state or federal laws, regulations or rules or in industry practices or to include any new materials relevant to the purpose of the database that have been developed by the department or by other entities. §2138. Office paper recycling program

1. Office paper recycling mandated. Any person employing 15 or more people at a site within the State shall implement an office paper and corrugated cardboard recycling program.

The department may provide technical and marketing assistance and direction to entities within the State to assist with meeting this requirement. Municipalities and regional associations may assist employers in attaining the objectives of this section. [PL 2011, c. 655, Pt. GG, §36 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

2. Office paper. For the purposes of this section, "office paper" includes, but is not limited to, ledger, computer and bond paper. [PL 1989, c. 585, Pt. A, §7 (NEW); PL 1989, c. 585, Pt. A, §7 (NEW).]

§2143. Cellular telephone recycling
1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.
A. "Cellular telephone" means a mobile wireless telephone device that is designed to send or receive transmissions through a cellular radiotelephone service as defined in 47 Code of Federal Regulations, Section 22.99 (2005). "Cellular telephone" does not include a wireless telephone device that is integrated into the electrical architecture of a motor vehicle. [PL 2007, c. 343, §1 (NEW).]
B. "Cellular telephone service provider" means a provider of wireless voice or data retail service. [PL 2007, c. 343, §1 (NEW).]
C. "Retailer" means a person, firm or corporation that sells or offers to sell a cellular telephone to a consumer at retail. [PL 2007, c. 343, §1 (NEW).]
2. Collection system. Effective January 1, 2008, a retailer shall accept, at no charge, used cellular telephones from any person. A retailer required to accept used cellular telephones under this subsection shall post, in a prominent location open to public view, a notice printed in boldface type and containing the following language: "We accept used cellular telephones at no charge." [PL 2007, c. 343, §1 (NEW).]

4. Reports. [PL 2019, c. 151, §1 (RP).]

SECTION HISTORY

§2144. Stewardship program for architectural paint

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Architectural paint" or "paint" means interior and exterior architectural coatings sold in containers of 5 gallons or less and does not mean industrial, original equipment or specialty coatings, arts and crafts paints, 2-component coatings, deck cleaners, industrial maintenance coatings, original equipment manufacturer paints and finishes, paint additives, colorants, tints, resins, roof patch and repair, tar and bitumen-based products, traffic and road marking paints, wood preservatives, ignitable paint thinners or solvents used for cleaning paint-related equipment or contaminated with architectural paint or paint thinners or solvents identified as hazardous waste in 40 Code of Federal Regulations, Section 261.31 that are used for cleaning paint-related equipment or contaminated with architectural paint. [PL 2015, c. 331, §1 (AMD).]

A-1. "Collection container" means a container that is designed to store more than one individual container of architectural paint that meets federal Department of Transportation specifications for containing those items. [PL 2015, c. 331, §2 (NEW).]

A-2. "Collection site" means an entity that collects post-consumer paint directly from consumers for end-of-life management and may include, but is not limited to, retailers, hardware and home improvement stores, transfer stations and operations that otherwise collect household hazardous waste. A collection site may also accept universal wastes under the rules of the department. [PL 2015, c. 331, §2 (NEW).]

A-3. "Conditionally exempt small quantity generator" means a conditionally exempt small quantity generator as defined in 40 Code of Federal Regulations, Section 261.5. [PL 2015, c. 331, §2 (NEW).]

B. "Consumer" means a purchaser or user of architectural paint. "Consumer" includes a purchaser or user of architectural paint who also generates post-consumer paint. [PL 2015, c. 331, §3 (AMD).]

C. "Distributor" means a business that has a contractual relationship with one or more producers to market and sell architectural paint to retailers in the State. [PL 2013, c. 395, §1 (NEW).]

D. "Energy recovery" means recovery in which all or a part of solid waste materials is processed in order to use the heat content or other forms of energy of or from the materials. [PL 2013, c. 395, §1 (NEW).]

E. "Environmentally sound management practices" means procedures for the collection, storage, transportation, reuse, recycling and disposal of post-consumer paint to be implemented by a producer or a representative organization to ensure compliance with all applicable federal, state and local laws, regulations, rules and ordinances and protection of human health and the environment. Such procedures must address adequate record keeping, tracking and documenting the fate of materials within the State and beyond and adequate environmental liability coverage for professional services and for the operations of the contractors working on behalf of the producer or the representative organization. [PL 2013, c. 395, §1 (NEW).]
F. "Final disposition" means the point beyond which no further processing takes place and paint has been transformed for direct use as a feedstock in producing new products or is disposed of, including for energy recovery, in permitted facilities. [PL 2013, c. 395, §1 (NEW).]

G. "Paint stewardship assessment" means the amount added to the purchase price of architectural paint sold in the State necessary to cover the cost of collecting, transporting and processing post-consumer paint statewide under a paint stewardship program. [PL 2013, c. 395, §1 (NEW).]

H. "Paint stewardship program" or "program" means a program for management of post-consumer paint to be operated by a producer or a representative organization. [PL 2013, c. 395, §1 (NEW).]

I. "Plan" means a plan to establish a paint stewardship program. [PL 2013, c. 395, §1 (NEW).]

J. "Population center" means an urbanized area or urban cluster as defined by the United States Department of Commerce, Bureau of the Census to identify areas of high population density and urban land use with a population of 2,500 or greater. [PL 2013, c. 395, §1 (NEW).]

K. "Post-consumer paint" means architectural paint not used and no longer wanted by a consumer. [PL 2013, c. 395, §1 (NEW).]

K-1. "Post-consumer paint that is a hazardous waste" means post-consumer paint that is a hazardous waste as defined in 40 Code of Federal Regulations, Part 261, Subparts C and D. [PL 2015, c. 331, §4 (AMD).]

L. "Producer" means a manufacturer of architectural paint that sells, offers for sale, or distributes that paint in the State under the producer's own name or brand. [PL 2013, c. 395, §1 (NEW).]

M. "Recycling" means any process by which discarded products, components and by-products are transformed into new, usable or marketable materials in a manner in which the original products may lose their identity but does not include energy recovery or energy generation by means of combusting discarded products, components and by-products with or without other waste products. [PL 2013, c. 395, §1 (NEW).]

N. "Representative organization" means a nonprofit organization created by producers to operate a paint stewardship program. [PL 2013, c. 395, §1 (NEW).]

O. "Retailer" means a person that offers architectural paint for sale at retail in the State. [PL 2013, c. 395, §1 (NEW).]

P. "Reuse" means the return of a product into the economic stream for use in the same kind of application as originally intended, without a change in the product's identity. [PL 2013, c. 395, §1 (NEW).]

Q. "Sell" or "sale" means any transfer of title for consideration, including remote sales conducted through sales outlets, catalogues or the Internet or any other similar electronic means. [PL 2013, c. 395, §1 (NEW).]

[PL 2015, c. 331, §§1-4 (AMD).]

2. Establishment of a paint stewardship program. By April 1, 2015, a producer, a group of producers or a representative organization shall submit a plan for the establishment of a paint stewardship program to the commissioner for approval. The plan must include:

A. A description of how the program will collect, transport, recycle and process post-consumer paint from entities covered by the program for end-of-life management to meet the following goals:

(1) A reduction in the generation of unwanted paint and the promotion of its reuse and recycling;

(2) Provision of convenient and available statewide collection of post-consumer paint from entities covered by the program in all areas of the State;
(3) Management of post-consumer paint using environmentally sound management practices in an economically sound manner, including following the paint waste management hierarchy of source reduction, reuse, recycling, energy recovery and disposal;

(4) Establishment of a process for managing paint containers collected under the program, including recycling all recyclable containers;

(5) Negotiation and execution by the operator of agreements to collect, transport, reuse, recycle, burn for energy recovery and dispose of post-consumer paint using environmentally sound management practices; and

(6) Provision of education and outreach efforts by the operator to promote the program. The education and outreach efforts must include strategies for reaching consumers in all areas of the State and the method the program will use to evaluate the effectiveness of its education and outreach efforts; [PL 2013, c. 395, §1 (NEW).]

B. Contact information for all persons that will be responsible for the operation of the paint stewardship program and a list of paint brands and producers covered under the program; [PL 2013, c. 395, §1 (NEW).]

C. Goals as may be practical to reduce the generation of post-consumer paint, to promote the reuse and recycling of post-consumer paint, for the overall collection of post-consumer paint and for the proper end-of-life management of post-consumer paint. The goals may be revised by a representative organization based on information collected annually; [PL 2013, c. 395, §1 (NEW).]

D. A list of all potential processors that will be used to manage post-consumer paint collected by the paint stewardship program, a list of each collection site name and location that will accept post-consumer paint under the program and a list of all processors that will be used for final disposition; [PL 2013, c. 395, §1 (NEW).]

E. A method to determine the number and geographic distribution of paint collection sites based on the use of geographic information modeling. The plan must provide that at least 90% of state residents have a permanent paint collection site within a 15-mile radius of their residences, unless the commissioner determines that the 90% requirement is not practicable due to geographical constraints. If the commissioner determines the 90% requirement is not practicable, the commissioner may approve a plan that includes a geographic distribution of paint collection sites that is practicable. The distribution of paint collection sites must include at least one additional paint collection site for each 30,000 residents in a population center that is located to provide convenient and reasonably equitable access for residents within the population center unless otherwise approved by the commissioner; [PL 2013, c. 395, §1 (NEW).]

F. Identification of the ways in which the program will coordinate with existing solid waste collection programs and events, including strategies to reach the State's residents that do not have a permanent paint collection site within a 15-mile radius of their residences and to ensure adequate coverage of service center communities as defined in Title 30-A, section 4301, subsection 14-A; [PL 2013, c. 395, §1 (NEW).]

G. A time frame for accomplishing the geographical coverage required under paragraphs E and F; [PL 2013, c. 395, §1 (NEW).]

H. An anticipated budget for operation of the paint stewardship program, including the suggested method of funding the program, which must include the method of calculating a paint stewardship assessment that meets the requirements of subsection 4; and [PL 2015, c. 331, §5 (AMD).]

I. A description of how post-consumer paint collected under this section will be managed at each collection site, including how post-consumer paint will be labeled, provisions for secondary
containment and protecting post-consumer paint from weather and a description of how subsection
5-A, paragraph G will be satisfied. [PL 2015, c. 331, §5 (AMD).]

J. [PL 2015, c. 331, §6 (RP).]

K. [PL 2015, c. 331, §6 (RP).]

3. Approval of plan. The commissioner shall review a plan submitted under subsection 2 and
make a determination of whether to approve the plan within 120 days of receipt. The commissioner
shall make the plan available for public review for at least 30 days prior to making a determination of
whether to approve the plan. The commissioner shall approve a plan if the commissioner determines
that the plan demonstrates the ability of the paint stewardship program to meet the goals specified in
subsection 2, paragraph A and meets the other requirements for submission of a plan under subsection
2. The commissioner's approval of a plan must include approval of the method by which the program
will be funded. The commissioner shall require the person submitting the plan to provide an
independent audit indicating the appropriateness of the proposed paint stewardship assessment.
If a plan is rejected, the commissioner shall provide the reasons for rejecting the plan to the person
submitting the plan. The person submitting the plan may submit an amended plan within 60 days of a
rejection. [PL 2013, c. 395, §1 (NEW).]

4. Funding of paint stewardship program. An operator of a paint stewardship program shall
administer a paint stewardship assessment for all architectural paint sold in the State. The amount of
the paint stewardship assessment must be approved by the commissioner under subsection 3 and must
be sufficient to recover, but may not exceed, the cost of the paint stewardship program. If the funds
generated by the program exceed the amount necessary to operate the program, excess funds must be
used to reduce future paint stewardship assessments or improve services under the program.

A. A paint stewardship assessment must be added to the cost of all architectural paint sold to
retailers and distributors in the State. A retailer or distributor shall add the paint stewardship
assessment to the consumer's purchase price of the architectural paint sold by that retailer or
distributor. A producer or a representative organization may not charge a paint stewardship
assessment at the time of post-consumer paint collection. The collection of the paint stewardship
assessment must commence no later than the implementation date established in subsection 5,
paragraph A. [PL 2013, c. 395, §1 (NEW).]

B. An architectural paint producer participating in a representative organization shall remit to the
representative organization payment of the paint stewardship assessment for each container of
architectural paint it sells in the State. [PL 2013, c. 395, §1 (NEW).]

5. Operation of paint stewardship program. A paint stewardship program must be operated as
follows.

A. Unless an earlier implementation date is proposed in a plan and approved by the commissioner,
beginning July 1, 2015 or 3 months after a plan is approved by the commissioner under subsection
3, whichever occurs later, a producer or a representative organization shall implement the plan. If
an earlier implementation date is proposed in a plan and approved by the commissioner, a producer
or representative organization shall implement the plan beginning on that date. [PL 2013, c. 483,
§1 (AMD).]

B. Upon implementation of the plan, a producer may not sell or offer for sale architectural paint
in the State unless the producer or a representative organization of which the producer is a member
participates in a paint stewardship program. A representative organization shall notify the
department of all producers participating in a paint stewardship program operated by the representative organization. [PL 2013, c. 395, §1 (NEW).]

C. A producer or a representative organization shall provide consumers and retailers with educational materials regarding the paint stewardship assessment and paint stewardship program. Such materials must include, but are not limited to, information regarding available end-of-life management options for architectural paint offered through the paint stewardship program, promoting waste prevention, reuse and recycling and notifying consumers that a charge for the operation of the paint stewardship program is included in the purchase price of all architectural paint sold in the State. These materials may include, but are not limited to, the following:

1. Signage that is prominently displayed and easily visible to the consumer;
2. Printed materials and templates of materials for reproduction by retailers to be provided to the consumer at the time of purchase or delivery;
3. Advertising or other promotional materials that include references to the paint stewardship program; and
4. A manual for paint retailers providing collection site procedures to ensure the use of environmentally sound management practices when handling architectural paints. [PL 2013, c. 395, §1 (NEW).]

D. A producer or a representative organization that organizes the collection, transportation and processing of post-consumer paint, in accordance with a paint stewardship program, is immune from liability for any claim of a violation of antitrust, restraint of trade or unfair trade practice, including claims pursuant to Title 10, chapter 201, arising from conduct undertaken in accordance with the paint stewardship program. [PL 2013, c. 395, §1 (NEW).]

E. By October 15, 2016, and annually thereafter, the operator of a paint stewardship program shall submit a report to the commissioner regarding the paint stewardship program. If implementation of a plan begins before December 31, 2014, the commissioner may establish an earlier date for submission of the initial report. The report must include, but is not limited to:

1. A description of the methods used to collect, transport, reduce, reuse and process post-consumer paint in the State;
2. The volume of post-consumer paint collected in the State;
3. The volume and type of post-consumer paint collected in the State by method of disposition, including reuse, recycling and other methods of processing;
4. The total cost of implementing the paint stewardship program, as determined by an independent financial audit funded from the paint stewardship assessment. The report of total cost must include a breakdown of administrative, collection, transportation, disposition and communication costs;
5. A summary of outreach and educational activities undertaken and samples of educational materials provided to consumers of architectural paint;
6. The total volume of post-consumer paint collected by the paint stewardship program and a breakdown of the volume collected at each collection site;
7. Based on the paint stewardship assessment collected by the paint stewardship program, the total volume of architectural paint sold in the State during the preceding year;
8. A list of all processors, including recyclers and disposers, used to manage post-consumer paint collected by the paint stewardship program in the preceding year up to the paint's final disposition, the volume each processor accepted and the disposition method used by each processor; and
(9) An evaluation of the effectiveness of the paint stewardship program compared to prior years and anticipated steps, if any are needed, to improve performance throughout the State. [PL 2015, c. 331, §7 (AMD).]

F. Reports submitted to the department under this section must be made available to the public on the department's publicly accessible website, except that proprietary information submitted to the department in a plan, in an amendment to a plan or pursuant to reporting requirements of this section that is identified by the submitter as proprietary information is confidential and must be handled by the department in the same manner as confidential information is handled under section 1310-B. As used in this paragraph, "proprietary information" means information that is a trade secret or production, commercial or financial information the disclosure of which would impair the competitive position of the submitor and would make available information not otherwise publicly available. [PL 2013, c. 395, §1 (NEW).]

G. A producer or representative organization shall submit to the department for approval a request to amend an approved plan if the producer or representative organization proposes to:

1. Change the paint stewardship assessment;
2. Cover an additional product under the plan; or
3. Modify the goals of the plan. [PL 2013, c. 395, §1 (NEW).]

[PL 2015, c. 331, §7 (AMD).]

5-A. Requirements for collection sites. This subsection applies to collection sites.

A. Within 30 days of commencement of an approved paint stewardship program, a producer or representative organization shall notify the department of the name and location of each collection site added to or deleted from the list of collection sites provided under subsection 2, paragraph D. [PL 2015, c. 331, §8 (NEW).]

B. A collection site shall track all outgoing shipments of post-consumer paint on a manifest or a bill of lading. The collection site shall maintain these records for at least 3 years. [PL 2015, c. 331, §8 (NEW).]

C. A collection site shall maintain a record for each drop-off of post-consumer paint that is a hazardous waste from an entity other than a household, including the name and address of the entity, the date of the drop-off and a description and quantity of the post-consumer paint that is a hazardous waste. The collection site shall maintain these records for at least 3 years. [PL 2015, c. 331, §8 (NEW).]

D. A collection site shall store post-consumer paint in structurally sound collection containers that show no visible evidence of leakage, spillage or damage that could cause leakage under reasonably foreseeable conditions, in a secure area, away from ignition sources, storm drains and floor drains. A collection container must be kept closed except when adding containers of post-consumer paint that have been collected from consumers. A collection container must be labeled with the words "Waste Paint." A collection site may not store more than 5,000 kilograms of post-consumer paint that is a hazardous waste at any one time. A collection site may store collected post-consumer paint that is a hazardous waste for up to one year. [PL 2015, c. 331, §8 (NEW).]

E. A collection site may accept post-consumer paint that is a hazardous waste only from households and from conditionally exempt small quantity generators. [PL 2015, c. 331, §8 (NEW).]

F. A collection site shall immediately contain and clean up any discharge or release of post-consumer paint that is a hazardous waste. [PL 2015, c. 331, §8 (NEW).]

G. A collection site shall limit its activities to the collection and storage of post-consumer paint, except that transfer stations and operations that otherwise collect household hazardous waste may
remove post-consumer paint that is a hazardous waste from the paint's original container and mix or consolidate that paint, as long as all transfer and mixing or consolidation activities are conducted over secondary containment and as long as any discharges or releases of hazardous waste, as defined in 40 Code of Federal Regulations, Part 261, Subparts C and D, are contained and cleaned up to the department's satisfaction. [PL 2015, c. 331, §8 (NEW).]

H. A collection site shall ensure that it receives training from the producer or representative organization that implements the paint stewardship program on how to properly inspect and store post-consumer paint and shall maintain training manuals issued by the producer or representative organization. [PL 2015, c. 331, §8 (NEW).]

I. A collection site shall ship post-consumer paint that is a hazardous waste to a universal waste consolidation facility or to a recycling, treatment, storage or disposal facility that is authorized to receive universal waste. [PL 2015, c. 331, §8 (NEW).]

J. A collection site that accepts only post-consumer paint and post-consumer paint that is a hazardous waste under an approved plan from households and from conditionally exempt small quantity generators is not a central accumulation facility and does not require a hazardous waste identification number from the federal Environmental Protection Agency. Nothing in this section is intended to exempt a collection site from being considered a central accumulation facility or from being required to obtain a hazardous waste identification number based on activities unrelated to a paint stewardship program. [PL 2015, c. 331, §8 (NEW).]

6. Administration and enforcement of program. The department shall enforce this section and may adopt rules as necessary for the purposes of implementing, administering and enforcing this section.

A. Except as may otherwise be required under federal law or by the producer or representative organization under an approved plan, the department may not impose a requirement by rule or otherwise on a collection site regarding the collection, handling, record-keeping, storage or shipping of post-consumer paint that is more stringent than the requirements of this section for collection sites. [PL 2015, c. 331, §9 (NEW).]

B. A collection site that complies with the requirements of this section and that uses environmentally sound management practices is not subject to penalties for violation of the department's rules related to post-consumer paint. [PL 2015, c. 331, §9 (NEW).]

C. The department shall charge a reasonable fee to be paid by an applicant for approval of a paint stewardship program for review of the plan. The department may establish a reasonable annual fee to cover the actual costs for annual report review, oversight, administration and enforcement. Fees established under this paragraph may not exceed the greater of $82,000 per year and 1% of total program costs as set forth in the independent financial auditing report required under subsection 5. [PL 2015, c. 331, §9 (NEW).]

7. Retailers. Unless an earlier implementation date is approved by the commissioner pursuant to subsection 5, paragraph A, beginning July 1, 2015 or 3 months after a plan is approved by the commissioner under subsection 3, whichever occurs later, a retailer may not sell architectural paint unless, on the date the retailer orders the architectural paint from the producer or its agent, the producer or the paint brand is listed on the department's publicly accessible website as implementing or participating in an approved paint stewardship program. A retailer may participate as a paint collection point pursuant to the paint stewardship program on a voluntary basis and pursuant to all applicable laws and rules. A retailer that collects post-consumer paint must follow a collection site procedure manual developed by a producer or representative organization to ensure the use of environmentally sound management practices when handling architectural paints at collection locations. If an earlier
implementation date is approved by the commissioner pursuant to subsection 5, paragraph A, the provisions of this subsection apply with respect to the plan as of that date.
[PL 2013, c. 483, §3 (AMD).]

8. List of producers and brands. The department shall post on its publicly accessible website a list of the producers participating and the brands included in a paint stewardship program.
[PL 2013, c. 395, §1 (NEW).]

9. Relationship to other product stewardship program laws. A paint stewardship program established pursuant to this section is governed by the provisions of this section and is exempt from any requirements related to product stewardship programs established under chapter 18 unless otherwise specifically provided.
[PL 2013, c. 395, §1 (NEW).]

10. Rules. The department may adopt rules to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.
[PL 2013, c. 395, §1 (NEW).]

SECTION HISTORY

§2145. Recycling reporting

1. Reporting requirement. Beginning March 1, 2020 and annually thereafter, a recycling establishment shall report to the department regarding its recycling of reportable recyclable materials generated in the State. The report must be on a form provided by or a format approved by the department and must include:

   A. The business name, mailing address, physical address, e-mail address, contact person and telephone number of the recycling establishment; [PL 2019, c. 291, Pt. B, §5 (NEW).]

   B. The amount in tons of each category of reportable recyclable materials, by generator, received by the recycling establishment; and [PL 2019, c. 291, Pt. B, §5 (NEW).]

   C. The amount in tons of each category of reportable recyclable materials, by destination, shipped by the recycling establishment. [PL 2019, c. 291, Pt. B, §5 (NEW).]

The report must specify the quantity of reportable recyclable materials required to be reported under paragraphs B and C delineated into distinct material types to the extent possible. If the report specifies the quantity of reportable recyclable materials as determined using a volume-to-weight conversion formula, the report must include that conversion formula for review and approval by the department. The report may provide an aggregate quantity for multiple locations operated by a recycling establishment as long as the report specifically identifies each location used in determining the aggregate quantity.

The department shall establish reporting guidelines to ensure that reportable recyclable materials to be included in a report under this subsection are not counted more than once.

2. Data aggregation. The department shall aggregate data contained within the reports submitted under this section for the purpose of determining statewide quantities of reportable recyclable materials recycled.

3. Confidentiality. Information submitted to the department pursuant to this section may be designated as confidential by the submitting party in accordance with the provisions of section 1310-B and, if the information is so designated, the provisions of section 1310-B apply.
SECTION HISTORY

§2146. Stewardship program for packaging

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Alternative collection program" means a program for the management of packaging material that is operated by an individual producer or group of producers and that has been approved by the department in accordance with subsection 8. [PL 2021, c. 455, §2 (NEW).]

B. "Brand" has the same meaning as in section 1771, subsection 1. [PL 2021, c. 455, §2 (NEW).]

C. "Collection" means the gathering of waste, including the preliminary sorting and storage of waste for the purposes of transport to a recycling establishment. [PL 2021, c. 455, §2 (NEW).]

D. "European article number" or "EAN" means a 13-digit barcode used for product identification purposes, also referred to as an international article number. [PL 2021, c. 455, §2 (NEW).]

E. "Franchisee" means a person that is granted a franchise by a franchisor authorizing the use of the franchisor's trade name, service mark or related characteristic and the sharing of the franchisor's proprietary knowledge or processes pursuant to an oral or written arrangement for a definite or indefinite period. [PL 2021, c. 455, §2 (NEW).]

F. "Franchisor" means a person that grants to a franchisee a franchise authorizing the use of the person's trade name, service mark or related characteristic and the sharing of the person's proprietary knowledge or processes pursuant to an oral or written arrangement for a definite or indefinite period. [PL 2021, c. 455, §2 (NEW).]

G. "Low-volume producer" means a producer that sold, offered for sale or distributed for sale in or into the State during the prior calendar year products contained, protected, delivered, presented or distributed in or using more than one ton but less than 15 tons of packaging material in total. [PL 2021, c. 455, §2 (NEW).]

H. "Municipality" means a city, town, county, township, village or plantation; a refuse disposal district under chapter 17; or a regional association. [PL 2021, c. 455, §2 (NEW).]

I. "Packaging material" means a discrete type of material, or a category of material that includes multiple discrete types of material with similar management requirements and similar commodity values, used for the containment, protection, delivery, presentation or distribution of a product, including a product sold over the Internet, at the time that the product leaves a point of sale with or is received by the consumer of the product. "Packaging material" does not include a discrete type of material, or a category of material that includes multiple discrete types of material, that is:

(1) Intended to be used for the long-term storage or protection of a durable product and that can be expected to be usable for that purpose for a period of at least 5 years;

(2) A beverage container, as defined in section 3102, subsection 2, subject to the requirements of chapter 33;

(3) A container for architectural paint, as defined in section 2144, subsection 1, paragraph A, as long as a paint stewardship program is in operation, has been approved by the department pursuant to section 2144 and the stewardship organization operating that program:

(a) Has demonstrated to the department's satisfaction that it recycles at least 90% of the containers of architectural paint collected under the program; or
(b) Subject to the approval of the department, if unable to satisfy the requirements of division (a), has demonstrated to the department's satisfaction that it recycles at least 80% of the containers of architectural paint collected under the program; or

(4) Excluded from the definition of "packaging material" by the department by rule adopted pursuant to subsection 13, paragraph D. [PL 2021, c. 455, §2 (NEW).]

J. "Packaging stewardship fund" or "fund" means a privately held account established and managed by the stewardship organization pursuant to subsection 12. [PL 2021, c. 455, §2 (NEW).]

K. "Packaging stewardship organization" or "stewardship organization" means the entity contracted by the department under subsection 3 to operate the packaging stewardship program. [PL 2021, c. 455, §2 (NEW).]

L. "Packaging stewardship program" or "program" means the program implemented under this section by the stewardship organization to assess and collect payments from producers based on the amount, whether by weight or volume, of packaging material sold, offered for sale or distributed for sale in or into the State by each producer and to reimburse participating municipalities for certain municipal recycling and waste management costs. [PL 2021, c. 455, §2 (NEW).]

M. "Participating municipality" means a municipality that has complied with the requirements of subsection 9 and is eligible for reimbursement of certain costs in accordance with subsection 10. [PL 2021, c. 455, §2 (NEW).]

N. "Post-consumer recycled material" means new material produced using material resulting from the recovery, separation, collection and reprocessing of material that would otherwise be disposed of or processed as waste and that was originally sold for consumption. "Post-consumer recycled material" does not include post-industrial material or pre-consumer material. [PL 2021, c. 455, §2 (NEW).]

O. "Producer" means a person that:

1. Has legal ownership of the brand of a product sold, offered for sale or distributed for sale in or into the State contained, protected, delivered, presented or distributed in or using packaging material; or

2. Is the sole entity that imports into the State for sale, offer for sale or distribution for sale in or into the State a product contained, protected, delivered, presented or distributed in or using packaging material that is branded by a person that meets the requirements of subparagraph (1) and has no physical presence in the United States.

"Producer" includes a low-volume producer and a franchisor of a franchise located in the State, but does not include the franchisee operating that franchise. "Producer" does not include a nonprofit organization exempt from taxation under the United States Internal Revenue Code of 1986, Section 501(c)(3). [PL 2021, c. 455, §2 (NEW).]

P. "Proprietary information" has the same meaning as in section 1771, subsection 6-A. [PL 2021, c. 455, §2 (NEW).]

Q. "Readily recyclable" means, with respect to a type of packaging material, that the type of packaging material meets the criteria and standards for recyclability as determined by the department by rule pursuant to subsection 13, paragraph A, subparagraph (2). [PL 2021, c. 455, §2 (NEW).]

R. "Recycling" has the same meaning as in section 1771, subsection 7. [PL 2021, c. 455, §2 (NEW).]

S. "Reuse" has the same meaning as in section 1771, subsection 8. [PL 2021, c. 455, §2 (NEW).]
T. "Similar municipalities" means 2 or more municipalities that, as determined by the department by rule pursuant to subsection 13, paragraph A, subparagraph (3), have similar population sizes and similar geographic locations and share other department-specified criteria. [PL 2021, c. 455, §2 (NEW).]

U. "Toxicity" means, with respect to packaging material, the presence in packaging material or the use in the manufacturing, recycling or disposal of packaging material of intentionally introduced metals or chemicals regulated pursuant to Title 32, chapter 26-A; food contact chemicals of high concern or priority food contact chemicals regulated pursuant to Title 32, chapter 26-B; or chemicals of concern, chemicals of high concern or priority chemicals identified pursuant to chapter 16-D. [PL 2021, c. 455, §2 (NEW).]

V. "Universal product code" or "UPC" means a standard for encoding a set of lines and spaces that can be scanned and interpreted into numbers for product identification purposes. "Universal product code" includes any industry-accepted barcode used for product identification purposes in a manner similar to a UPC, including, but not limited to, an EAN. [PL 2021, c. 455, §2 (NEW).]

2. Producer exemptions. Notwithstanding any provision of this section to the contrary, a producer is exempt from the requirements and prohibitions of this section in any calendar year in which:

A. The producer realized less than $2,000,000 in total gross revenue during the prior calendar year, except that, for the period beginning one calendar year following the effective date of the contract entered into by the department and the stewardship organization pursuant to subsection 3 and ending 3 years after that effective date, a producer that realized less than $5,000,000 in total gross revenue during the prior calendar year is exempt from the requirements and prohibitions of this section; [PL 2021, c. 455, §2 (NEW).]

B. The producer sold, offered for sale or distributed for sale in or into the State during the prior calendar year products contained, protected, delivered, presented or distributed in or using less than one ton of packaging material in total; [PL 2021, c. 455, §2 (NEW).]

C. The producer realized more than 50% of its total gross revenue in the prior calendar year from the sale of goods it acquired through insurance salvages, closeouts, bankruptcies and liquidations; or [PL 2021, c. 455, §2 (NEW).]

D. The producer sold, offered for sale or distributed for sale in or into the State during the prior calendar year to retailers or direct to consumers products that were perishable food and that were contained, protected, delivered, presented or distributed in or using less than 15 tons of packaging material in total.

As used in this paragraph, "perishable food" means any food that may spoil or otherwise become unfit for human consumption because of its nature, type or physical conditions, including, but not limited to, fresh and processed meats, poultry, seafood, dairy products, bakery products, eggs in the shells and fresh fruits and vegetables. "Perishable food" does not include any such food that is sold, offered for sale or distributed for sale frozen except for frozen wild blueberries. [PL 2021, c. 455, §2 (NEW).]

A producer claiming an exemption under this subsection shall provide to the department sufficient information to demonstrate that the producer meets the requirements for an exemption under this subsection within 30 days of receiving a request from the department to provide such information. [PL 2021, c. 455, §2 (NEW).]

3. Selection of stewardship organization; contract. Consistent with the requirements of this subsection, the department shall select and enter into a contract with a packaging stewardship organization to operate the packaging stewardship program under this section.
A. Consistent with applicable competitive bidding requirements under state purchasing laws and following the initial adoption of rules by the department pursuant to subsection 13 to implement this section, the department shall issue a request for proposals for the operation of the packaging stewardship program by a packaging stewardship organization. The proposals must be required to cover a 10-year operation of the packaging stewardship program by the successful bidder and must be required to include, at a minimum:

(1) A description of how the bidder will administer the stewardship organization, including:

   (a) The mechanism or process, to be developed with input from producers, by which a producer may request and receive assistance from the stewardship organization in the reporting of required information and regarding methods by which the packaging material used by a producer may be modified so as to reduce the producer's payment obligations under subsection 6; and

   (b) The mechanism or process, to be developed with input from municipalities, by which a participating municipality may request and receive assistance from the stewardship organization in the reporting of required information and regarding methods by which a municipality's recycling program may be modified so as to increase access to and participation in the program;

(2) A description of how the bidder intends to solicit and consider input from interested persons, including, but not limited to, producers, municipalities, environmental organizations and waste management and recycling establishments, regarding the bidder's operation of the packaging stewardship program, if selected;

(3) A description of how the bidder intends to establish and manage the packaging stewardship fund consistent with subsection 12, including, but not limited to: the staffing the bidder intends to use for management of the fund; a plan to ensure equity of access to the fund for participating municipalities; a plan for providing technical support to producers and municipalities regarding program requirements; and a plan for administering payments to and reimbursements from the fund and the financial mechanisms, including investment types, if any, the bidder intends to use in managing the fund;

(4) A proposed financial assurance plan that ensures all funds held in the packaging stewardship fund are immediately and exclusively forfeited and transferred to or otherwise made immediately available to the department to support waste diversion, reuse or recycling programs when the stewardship organization's contract with the department is terminated by the department or expires, unless the stewardship organization enters into a new contract with the department in accordance with paragraph B prior to the expiration of the stewardship organization's existing contract;

(5) A proposed budget outlining the anticipated costs of operating the packaging stewardship program, including identification of any start-up costs that will not be ongoing and a description of the method by which the bidder intends to determine and collect producer payments during the initial start-up period of program operation to fund the program's operational costs during that initial start-up period and to reimburse or require additional payments by those producers subsequent to that initial start-up period based on producer reporting of the actual amount of packaging material sold, offered for sale or distributed for sale in or into the State by each producer during that initial start-up period. The proposed budget under this subparagraph may overestimate the cost of operating the program during its initial start-up period of operation but must describe the method and basis for any overestimate;

(6) A certification that the bidder will not share, except with the department, information provided to the bidder by a producer that is proprietary information and that is identified by the
producer as proprietary information. The certification must include a description of the methods by which the bidder intends to ensure the confidentiality of such information;

(7) A description of how the bidder will conduct a statewide recycling needs assessment that, at a minimum, includes an evaluation of:

(a) Current funding needs affecting recycling access and availability in the State;
(b) The capacity, costs and needs associated with the collection and transportation of recyclable material in the State;
(c) The processing capacity, market conditions and opportunities in the State and regionally for recyclable material; and
(d) Consumer education needs in the State with respect to recycling and reducing contamination in collected recyclable material; and

(8) Any additional information required by the department. [PL 2021, c. 455, §2 (NEW).]

B. In accordance with applicable requirements of state purchasing laws, the department shall enter into a contract with a bidder that has submitted a proposal in accordance with the requirements of this subsection, the term of which must cover 10 years of operation of the packaging stewardship program by the stewardship organization. The contract must, at a minimum, include provisions to ensure that the stewardship organization will conduct the statewide recycling needs assessment described in paragraph A, subparagraph (7) and report the results of that assessment to the department within a reasonable time frame and operate the program in accordance with all applicable statutory requirements and the rules adopted by the department under this section. [PL 2021, c. 455, §2 (NEW).]

If, at the close of the competitive bidding process under this subsection, the department determines that no bidder has submitted, in accordance with this subsection, a proposal that meets the requirements of this subsection, the department may reopen a new competitive bidding process under this subsection. [PL 2021, c. 455, §2 (NEW).]

4. Prohibition; producer compliance information. This subsection governs the sale or distribution in the State of products with packaging not in compliance with the requirements of this section and sets forth requirements for the collection and publication of compliance information.

A. Except as provided in paragraph D, beginning one calendar year following the effective date of the contract entered into by the department and the stewardship organization pursuant to subsection 3, a producer may not sell, offer for sale or distribute for sale in or into the State a product contained, protected, delivered, presented or distributed in or using packaging material for which the producer has not complied with all applicable requirements of this section. [PL 2021, c. 455, §2 (NEW).]

B. The stewardship organization shall provide to the department a list of producers that are participating in the program and a list of the UPCs of products for which the producer has complied with the program's requirements and, if known to the stewardship organization, a list of producers that are not participating in the program and are not compliant with the program's requirements. The stewardship organization shall provide to the department regularly updated producer compliance information described in this paragraph. [PL 2021, c. 455, §2 (NEW).]

C. Based on information provided to the department under paragraph B and any other information considered by the department, the department shall make available on its publicly accessible website a regularly updated list of UPCs of products for which the department has determined the producer has complied with all applicable requirements of this section and a list of producers and, where applicable, specific products and the UPCs of those products for which the department has determined the producer has not complied with all applicable requirements of this section. [PL 2021, c. 455, §2 (NEW).]
D. Notwithstanding a producer's failure to comply with all applicable requirements of this section for a type or types of packaging material used to contain, protect, deliver, present or distribute a product, the department may authorize the sale or distribution for sale in or into the State of another product or products of the producer that are contained, protected, delivered, presented or distributed in or using a different type or types of packaging material for which that producer has complied with all applicable requirements of this section. In the event that the department provides such an authorization, the department shall ensure that such information is included in the information made available pursuant to paragraph C. [PL 2021, c. 455, §2 (NEW).]

5. Annual reporting by stewardship organization. In accordance with rules adopted by the department, the stewardship organization shall annually submit to the department and make available on its publicly accessible website a report that includes, at a minimum, the following information:

A. Contact information for the stewardship organization; [PL 2021, c. 455, §2 (NEW).]

B. A list of participating producers and the brands and the UPCs of products associated with those producers; [PL 2021, c. 455, §2 (NEW).]

C. The total amount, whether by weight or volume, of each type of packaging material sold, offered for sale or distributed for sale in or into the State by each participating producer as reported in accordance with subsection 7; [PL 2021, c. 455, §2 (NEW).]

D. As applicable, the total amount, whether by weight or volume, of each type of packaging material collected and managed by each participating producer through alternative collection programs approved by the department under subsection 8; [PL 2021, c. 455, §2 (NEW).]

E. A complete accounting of payments made to and by the stewardship organization during the prior calendar year, including information on how the stewardship organization determined the amount of such payments in accordance with subsections 6 and 10 and the rules adopted under subsection 13, paragraph A, subparagraphs (1) and (4); [PL 2021, c. 455, §2 (NEW).]

F. A list of producers that are not participating in the program that are required to participate in the program and any product-specific noncompliance, if known by the stewardship organization; [PL 2021, c. 455, §2 (NEW).]

G. A description of education and infrastructure investments made by the stewardship organization in prior calendar years and an evaluation of how those investments were designed to increase access to recycling in the State and to encourage the reuse of packaging material; [PL 2021, c. 455, §2 (NEW).]

H. A description of the results of the representative audits required pursuant to subsection 13, paragraph A, subparagraph (6); [PL 2021, c. 455, §2 (NEW).]

I. An assessment of the progress made toward the achievement of any program goals required by the department by rule pursuant to subsection 13, paragraph A, subparagraph (5); [PL 2021, c. 455, §2 (NEW).]

J. An assessment of whether the payment schedule for producer payments adopted by the department by rule pursuant to subsection 13, paragraph A, subparagraph (1) has been successful in incentivizing improvements to the design of packaging material as encouraged through the allowance of payment adjustments in accordance with subsection 13, paragraph A, subparagraph (1), division (c); [PL 2021, c. 455, §2 (NEW).]

K. Any proposals for changes to the packaging stewardship program or investments in education and infrastructure designed to reduce the amount of packaging material used, increase access to recycling, increase the recycling of or recyclability of packaging material, reduce program costs or
otherwise increase program efficiency, which may include an analysis of best practices for municipal recycling programs; [PL 2021, c. 455, §2 (NEW).]

L. The results of a 3rd-party financial audit of the stewardship organization; [PL 2021, c. 455, §2 (NEW).]

M. An estimate of the annual greenhouse gas emissions effects in the State associated with the operation of the stewardship program. As used in this paragraph, "greenhouse gas" has the same meaning as in section 574, subsection 1; and [PL 2021, c. 455, §2 (NEW).]

N. Any additional information required by the department. [PL 2021, c. 455, §2 (NEW).]

6. **Producer payments.** In accordance with the provisions of this subsection and the rules adopted by the department, no later than 180 days after the effective date of the contract entered into by the department and the stewardship organization pursuant to subsection 3, and annually thereafter, a producer shall make payments to the stewardship organization to be deposited into the packaging stewardship fund under subsection 12 based on the net amount, whether by weight or volume, of each type of packaging material sold, offered for sale or distributed for sale in or into the State by the producer and not managed by the producer under an approved alternative collection program. The department shall adopt rules setting forth the manner in which such payments must be calculated for packaging material that is readily recyclable and packaging material that is not readily recyclable, which must be designed to incentivize the use by producers of packaging material that is readily recyclable and disincentivize the use by producers of packaging material that is not readily recyclable. [PL 2021, c. 455, §2 (NEW).]

7. **Annual reporting by producers.** In accordance with rules adopted by the department, a producer shall annually report to the stewardship organization the total amount, whether by weight or volume, of each type of packaging material sold, offered for sale or distributed for sale in or into the State by the producer in the prior calendar year. [PL 2021, c. 455, §2 (NEW).]

8. **Alternative collection programs.** In accordance with the requirements of this subsection and the rules adopted by the department, a producer or group of producers may develop and operate an alternative collection program to collect and manage a type or types of packaging material sold, offered for sale or distributed for sale in or into the State by the producer or producers. A producer that manages a type of packaging material under an approved alternative collection program through reuse, recycling and, where approved by the department, management of that packaging material through incineration may wholly or partially offset the producer's payment obligations under the packaging stewardship program with respect to that same type of packaging material only.

A. Beginning on the effective date of the contract entered into by the department and the stewardship organization pursuant to subsection 3, a producer or group of producers seeking to implement an alternative collection program shall submit a proposal for the establishment of that program to the department for approval. The department shall approve or deny the proposal within 120 days of receipt and shall provide an opportunity for public review and comment on the proposal prior to its approval or denial. The department may approve an alternative collection program for a term of 5 years and, at the expiration of such term, the producer or group of producers operating the program may submit an updated proposal to the department for approval. [PL 2021, c. 455, §2 (NEW).]

B. In determining whether to approve a proposed alternative collection program, the department shall consider:
(1) Whether the alternative collection program will provide year-round, convenient, free, statewide collection opportunities for the types of packaging material to be collected under that program;

(2) To what extent the alternative collection program intends to manage those types of packaging material to be collected under the program through reuse for an original purpose, through recycling or through disposal at an incineration facility. The department may not approve an alternative collection program that proposes management of a packaging material type through disposal at an incineration facility unless that packaging material is not readily recyclable and the program proposes a process to begin reuse or recycling of that type of packaging material within a period of 3 years or less;

(3) Whether the education and outreach strategies proposed for the alternative collection program can be expected to significantly increase consumer awareness of the program throughout the State;

(4) How the alternative collection program intends to accurately measure the amount, whether by weight or volume, of each packaging material type collected, reused, recycled, disposed of at an incineration facility or otherwise managed under the program; and

(5) To what extent approval of the alternative collection program may disproportionately impact any community in the State. [PL 2021, c. 455, §2 (NEW).]

C. A proposed modification to an approved alternative collection program must be submitted to the department for written approval. The department shall approve or deny a proposed modification based on application of the criteria described in paragraph B. The department may waive payment of any fees associated with review and approval of a proposed modification to an approved alternative collection program if the review of the proposed modification does not require significant department staff time. [PL 2021, c. 455, §2 (NEW).]

D. In accordance with rules adopted by the department, a producer or producers managing an approved alternative collection program shall report annually to the stewardship organization and to the department the following information:

(1) The total tons of each type of packaging material collected, reused, recycled, disposed of at an incineration facility or otherwise managed under the alternative collection program in the prior calendar year, including a breakdown of the total tons of each type of material to be credited to each producer participating in the alternative collection program;

(2) A list of the collection opportunities in the State for the types of packaging material managed under the alternative collection program that were made available in the prior calendar year;

(3) A description of the education and outreach strategies implemented by the alternative collection program in the prior calendar year to increase consumer awareness of the program throughout the State; and

(4) Any additional information required by the department. [PL 2021, c. 455, §2 (NEW).]

E. If the department determines that an approved alternative collection program is not operating in a manner consistent with the proposal approved under this subsection or the provisions of this subsection, the department shall provide written notice to the producer or producers operating the alternative collection program regarding the nature of the deficiency, the actions necessary to correct the deficiency and the time by which such actions must be implemented. If the department determines that the producer or group of producers have failed to implement the actions described in the written notice within the required time frame, the department shall notify the producers or group of producers as well as the stewardship organization in writing that the producer or group of
producers are ineligible to offset payment obligations under the packaging stewardship program based on packaging material managed under the alternative collection program. [PL 2021, c. 455, §2 (NEW).]

9. Requirements for participating municipalities. In accordance with the provisions of this subsection and the rules adopted by the department, a municipality may elect to, but is not required to, participate in the packaging stewardship program under this section. To be eligible for reimbursement of costs under subsection 10 as a participating municipality, a municipality must, at a minimum:

A. Provide for the collection and recycling of packaging material that is generated in the municipality and is readily recyclable; and [PL 2021, c. 455, §2 (NEW).]

B. Annually report to the stewardship organization, on a form provided and approved by the department, all information necessary for the stewardship organization to determine the municipality's incurred costs associated with its collection, processing, transportation and recycling or other management of recyclable material and of municipal solid waste. [PL 2021, c. 455, §2 (NEW).]

Two or more municipalities, municipally owned solid waste processing facilities or quasi-municipal entities that manage waste materials on behalf of a municipality may elect to jointly report to the stewardship organization as required by paragraph B and to jointly receive reimbursement payments pursuant to subsection 10 from the stewardship organization. [PL 2021, c. 455, §2 (NEW).]

10. Municipal reimbursements. In accordance with the rules adopted by the department pursuant to subsection 13, paragraph A, subparagraph (4), the stewardship organization shall annually disburse to participating municipalities from the packaging stewardship fund established under subsection 12 reimbursement payments for the median per-ton cost of managing packaging material that is readily recyclable and reimbursement payments for the median per-ton cost of managing packaging material that is not readily recyclable. For the purposes of this subsection, the cost to a municipality of managing packaging material may include, but is not limited to, the costs associated with the collection, transportation and processing of packaging material, whether readily recyclable or not readily recyclable.

A. In accordance with rules adopted by the department, the stewardship organization shall determine the amount of payments to participating municipalities under this subsection based on the following information:

(1) Information provided by participating municipalities to the stewardship organization in accordance with subsection 9, paragraph B regarding the costs incurred by those municipalities in managing packaging material that is readily recyclable and packaging material that is not readily recyclable, which may include costs associated with the management of packaging material collected in public spaces and schools;

(2) Information provided to the department by recycling establishments pursuant to section 2145 and made available by the department to the stewardship organization, including the tons of recyclable material received by each recycling establishment from each municipality and the tons of processed recyclable material sold by each recycling establishment;

(3) Information provided to the department by recycling establishments not located in the State or by participating municipalities and made available by the department to the stewardship organization regarding the tons of recyclable material brokered by those municipalities to those recycling establishments and processed and sold by those recycling establishments;
(4) Information obtained by the stewardship organization through the audits of facilities that process recyclable material generated in the State as required by subsection 13, paragraph A, subparagraph (6); and 

(5) Any other information specified by the department by rule. [PL 2021, c. 455, §2 (NEW).]

B. In accordance with procedures and requirements adopted by the department by rule, the stewardship organization shall use the information described in paragraph A to determine the total tons of each packaging material type recycled by all municipalities at each recycling establishment and the percentage of those total tons attributable to each participating municipality. In the case of 2 or more municipalities that jointly send recyclable material to a recycling establishment, the stewardship organization shall assume that an equal amount of the jointly sent material is attributable to each resident of each municipality unless those municipalities by agreement identify an unequal per capita division of that jointly sent material for the purposes of this subsection. [PL 2021, c. 455, §2 (NEW).]

11. Investments in education and infrastructure. In accordance with the provisions of this subsection and the rules adopted by the department, the stewardship organization shall make investments in education and infrastructure that support the recycling of packaging material in the State.

A. The stewardship organization shall submit any proposed investment in education or infrastructure to the department for approval prior to making any expenditure for such investment. The proposal must incorporate any input received by the stewardship organization regarding the proposed investment from producers, recycling establishments and participating municipalities. [PL 2021, c. 455, §2 (NEW).]

B. The department shall adopt rules setting forth the criteria for evaluation and approval or denial of investments in education and infrastructure proposed by the stewardship organization. The department shall approve or deny a proposed investment within 90 days of receipt of the proposal from the stewardship organization. [PL 2021, c. 455, §2 (NEW).]

C. The department shall ensure that preference for funding is given to proposals that support the State's solid waste management hierarchy under section 2101, promote a circular economy for packaging material types for which producers were required to make payments under subsection 6, increase the recyclability of packaging material that is not readily recyclable, increase access to recycling infrastructure in the State, improve consumer education in the State regarding recycling and recyclability and equitably support recycling and education efforts in participating municipalities, particularly in those participating municipalities that have received minimal or no prior funding pursuant to this paragraph. [PL 2021, c. 455, §2 (NEW).]

12. Packaging stewardship fund; authorized expenditures. In accordance with the provisions of this subsection and the rules adopted by the department, the stewardship organization shall establish and manage a packaging stewardship fund. The stewardship organization shall deposit into the fund all payments received from producers in accordance with subsection 6 and shall expend those funds for the following purposes:

A. To reimburse participating municipalities in accordance with applicable provisions in subsections 9, 10 and 13 and the applicable rules adopted by the department pursuant to those subsections; [PL 2021, c. 455, §2 (NEW).]

B. To cover the operating costs of the stewardship organization, which must be annually verified by a 3rd-party financial audit paid for by the stewardship organization as required by subsection 5, paragraph L; [PL 2021, c. 455, §2 (NEW).]
C. To pay to the department all applicable fees required under subsection 13, paragraph B, including reimbursement of any costs incurred by the department in adopting rules and in administering and enforcing this section prior to the effective date of the contract entered into by the department and the stewardship organization pursuant to subsection 3; and [PL 2021, c. 455, §2 (NEW).]

D. To support investments in education and infrastructure made in accordance with subsection 11. [PL 2021, c. 455, §2 (NEW).]

13. Administration and enforcement; rulemaking; fees; department report. The department shall administer and enforce this section and shall adopt rules as necessary to implement, administer and enforce this section. The department shall solicit input from interested parties in the development of any draft rules to implement this section, solicit public comment on the draft rules for a period of at least 30 days and hold a public hearing on the draft rules in the same manner as a public hearing must be conducted under Title 5, section 8052. Except as provided in paragraph D, rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

A. Rules adopted by the department pursuant to this section must include, at a minimum:

   (1) A process for annually determining a schedule of producer payments required under subsection 6, which must include, but is not limited to, provisions regarding the timing of producer payments and the timing of and information required to be provided in the annual producer report required by subsection 7.

      (a) The payment schedule adopted under this subparagraph must provide for a flat fee option to be assessed on a tiered basis such that a low-volume producer is required to pay no more than $500 per ton of packaging material and no more than $7,500 in total annual fees to the stewardship organization under this section.

      (b) For producers other than low-volume producers, the payment schedule adopted under this subparagraph must be based on and cover the cost of managing the amount of each type of packaging material sold, offered for sale or distributed for sale in or into the State by a producer and not managed under an approved alternative collection program, adjusted as applicable in accordance with the adjustment criteria adopted pursuant to division (c).

      (c) For producers other than low-volume producers, the payment schedule adopted under this subparagraph must delineate criteria to be used to adjust producer payments in a manner that incentivizes: the use of recycled content in and increased recyclability of packaging material, lower toxicity in packaging material, a reduction of the amount of packaging material used, a reduction of litter from packaging material, increased reuse of packaging material and labeling of packaging material to reduce consumer confusion and creates other incentives consistent with generally accepted industry standards.

      (d) The rule must require as part of the annual producer reporting under subsection 7 the provision by a producer of all information necessary for the determination of the producer's payment obligation and the determination of the producer's compliance with respect to its products.

      (i) For producers other than low-volume producers, the rule must require the producer to provide a description of the methods it used to determine the amount reported for each type of packaging material associated with its products, a description of the characteristics of each type of packaging material that are relevant to the adjustment criteria adopted pursuant to division (c) and a list of the producer's brands and the UPCs of the products associated with each type of packaging material.
(ii) For low-volume producers, the rule must require the reporting of only the information necessary for a calculation of the flat fee described in division (a) and a determination of the producer's compliance with the requirements of this section.

(iii) The rule must authorize a producer that is unable to fully satisfy the reporting requirements due to a failure to obtain sufficient information regarding the characteristics of the packaging material of products of the producer that are sold, offered for sale or distributed for sale in or into the State to alternatively report to the stewardship organization an estimate of the total amount of that packaging material based on unit quantities as long as such alternative reporting includes a description of the methods used by the producer to calculate the estimate. When a producer alternatively reports an estimate in accordance with this subdivision, unless otherwise determined by the department, the estimate must be adjusted using the least favorable adjustment criteria adopted pursuant to division (c);

(2) A process for determining on an annual basis those types of packaging material that are readily recyclable, which must involve consultation with the stewardship organization and recycling establishments and must include a transitional period between the time that a type of packaging material is determined to be readily recyclable or to not be readily recyclable and the time that such determinations will be effective for the purposes of calculating producer payments and municipal reimbursements in accordance with this section;

(3) A process for determining on an annual basis which municipalities are similar municipalities, which must involve consultation with participating municipalities;

(4) A process for determining municipal reimbursements, including a description of the information required from participating municipalities under subsection 9, a method for calculating the reimbursements required under subsection 10 and the timing for participating municipality reporting and payments to participating municipalities. The method for calculating reimbursements must include the median per-ton cost of managing packaging material that is readily recyclable and the median per-ton cost of managing packaging material that is not readily recyclable. The method for calculating reimbursements must involve consultation with participating municipalities and be designed to incentivize municipal waste management activities that represent higher priorities on the solid waste management hierarchy;

(5) Requirements for the assessment of program performance, including the setting of program goals used to inform the producer payment schedule determined pursuant to subparagraph (1) and the investments in infrastructure and education made pursuant to subsection 11, which must include, but are not limited to, program goals supporting an overall reduction by producers in the amount of packaging material used, an increased reuse by producers of packaging material and an increased amount of post-consumer recycled content in packaging material used by producers; packaging material litter reduction goals; recycling access and collection rate goals for municipalities; and overall program and material-specific recycling rate goals.

To the maximum extent practicable, material-specific recycling rate goals adopted pursuant to this subparagraph must reflect the following recycling standards:

(a) Sorted glass is considered recycled if it does not require further processing before entering a glass furnace or before use in the production of filtration media, abrasive materials, glass fiber insulation or construction materials;

(b) Sorted metal is considered recycled if it does not require further processing before entering a smelter or furnace;
(c) Sorted paper is considered recycled if it does not require further processing before entering a pulping operation; and

(d) Plastic separated by polymer is considered recycled if it does not require further processing before entering a pelletization, extrusion or molding operation or, in the case of plastic flakes, does not require further processing before use in a final product;

(6) Requirements for the stewardship organization to conduct representative audits of recyclable material processed and sold by facilities that process recyclable material generated in the State, of municipal solid waste disposed of in the State and of waste littered in the State, which must include, but are not limited to:

(a) Provisions regarding the sampling techniques to be used in those audits, which must include random sampling;

(b) For audits of recyclable material, provisions regarding:

(i) How those audits must be designed to collect information regarding the extent to which recyclable material processed and sold by those facilities reflects the tons of each type of packaging material collected in the State for recycling and the tons of each type of packaging material recycled in the State, as well as the ultimate destination of and intended use for that recycled material;

(ii) How those audits must be designed so that information collected through the audit of one facility will not be used to infer information about a different facility that uses different processing equipment, different sorting processes or different staffing levels to conduct processing; and

(iii) The process by which a facility will be allowed to request and receive an audit if it can credibly demonstrate that an audit result being applied to its material output is not representative of its current operations;

(c) For audits of municipal solid waste, provisions regarding how the audits will be designed to collect information regarding the types and amount, whether by weight or volume, of packaging material in the waste stream and the percentage by weight and volume of the waste stream that is composed of packaging material; and

(d) For audits of waste littered in the State, provisions regarding how the audits will be designed to collect information regarding the packaging material type by amount, whether by weight or volume, in sampled litter, identification of the producer or producers of the packaging material in sampled litter, if identifiable, and an evaluation based on those audits regarding the areas of the State in which litter accumulation is greatest;

(7) A schedule by which the stewardship organization must annually report to the department pursuant to subsection 5 and a schedule by which a producer or group of producers operating an approved alternative collection program must annually report to the stewardship organization and to the department pursuant to subsection 8, paragraph D; and

(8) A process by which the stewardship organization will develop and submit for department review and a process by which the department shall review and approve or deny a proposed investment in education and infrastructure pursuant to subsection 11. The process must set forth the manner in which the stewardship organization is required to solicit and incorporate input in the development of proposed investments from producers, recycling establishments and participating municipalities. [PL 2021, c. 455, §2 (NEW).]

B. At the time that the stewardship organization submits its annual report to the department pursuant to subsection 5, the stewardship organization shall pay to the department a reasonable annual fee established by the department, not to exceed $300,000, to cover the department's costs
for review of the stewardship organization's annual report and the department's costs in the prior fiscal year for its oversight, administration and enforcement of the packaging stewardship program. In accordance with subsection 12, paragraph C, the annual fee required under this paragraph may include reimbursement of any costs incurred by the department in adopting rules and in administering and enforcing this section prior to the effective date of the contract entered into by the department and the stewardship organization pursuant to subsection 3. [PL 2021, c. 455, §2 (NEW).]

C. A producer or group of producers, when submitting a proposal to the department for the establishment of an alternative collection program or submitting a proposal to the department for modifications to an approved alternative collection program under subsection 8, shall pay to the department a reasonable fee established by the department to cover the department's actual costs for review of the proposal or proposed modifications. A producer or group of producers operating an approved alternative collection program under subsection 8 shall pay to the department a reasonable annual fee established by the department, not to exceed $10,000 per participating producer, to cover the department's costs for review of the producer's or group's annual report and the department's costs for the oversight, administration and enforcement of the alternative collection program, which may be waived by the department if those activities by the department do not require significant department staff time. [PL 2021, c. 455, §2 (NEW).]

D. The department shall review packaging material associated with certain federally regulated products to determine whether that packaging material should be excluded from the definition of "packaging material" under subsection 1, paragraph I. In making such a determination, the department shall, at a minimum, consider whether the packaging material for such products is required by federal law or regulation to meet specific content or construction standards that may preclude or significantly diminish the producer's ability to increase the recyclability or reduce the volume of the packaging material. If the department determines that any such product or its associated packaging material should be excluded from the definition of "packaging material," the department shall adopt an exclusion by rule. At a minimum, the department shall conduct a review in accordance with this paragraph of the packaging material associated with the following federally regulated products:

1. Material that is used for the containment, protection, delivery, presentation or distribution of a drug, as that term is defined under Section 321 of the federal Food, Drug, and Cosmetic Act, as regulated by the United States Food and Drug Administration under the federal Food, Drug, and Cosmetic Act or as collected under a stewardship program in the State that has been approved for operation by the department and has been established to collect and dispose of such drugs, including, but not limited to, prescription and nonprescription drugs, drugs in medical devices and combination products, branded and generic drugs and drugs for veterinary use;

2. Material that is a medical device or a biological product, or is used for the containment, protection, delivery, presentation or distribution of a medical device or a biological product, as regulated by the United States Food and Drug Administration under 21 Code of Federal Regulations, Parts 200, 300 and 800;

3. Material that is used for the containment, protection, delivery, presentation or distribution of an over-the-counter human drug product for which tamper-evident packaging is required, as regulated by the United States Food and Drug Administration under 21 Code of Federal Regulations, Section 211.132; and

4. Material that is used for the containment, protection, delivery, presentation or distribution of a substance regulated by the United States Consumer Product Safety Commission pursuant to

Rules adopted pursuant to this paragraph are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2021, c. 455, §2 (NEW).]

E. Beginning February 15, 2025, and annually thereafter, the department shall submit a report to the joint standing committee of the Legislature having jurisdiction over environment and natural resources matters regarding the packaging stewardship program and alternative collection programs implemented pursuant to this section.

(1) The report must include, at a minimum, data on the amount and type of packaging material associated with products sold, offered for sale or distributed for sale in or into the State; data regarding how that packaging material was managed; and any recommendations for amendments to the programs implemented under this section, including, but not limited to, the establishment of new program goals or the imposition of a prohibition on the sale, offer for sale or distribution for sale in or into the State of products associated with packaging material that the department has determined is nonessential, is contaminating collected recyclable material, is a common source of litter or exhibits toxicity, particularly if that toxicity is demonstrated to have a disproportionate impact on any community in the State.

(2) Beginning February 15, 2028, and every 5 years thereafter, the report under this paragraph must describe the results of a comprehensive review of the rules adopted by the department pursuant to this section and must include recommendations by the department for any legislative changes to this section determined necessary as a result of that review, including, but not limited to, changes to the flat fee that may be paid by a low-volume producer pursuant to subsection 13, paragraph A, subparagraph (1), division (a), as well as a description of any changes to those rules that the department intends to propose in future rulemaking.

(3) The report required under this paragraph may be included in the report required pursuant to section 1772, subsection 1. [PL 2021, c. 455, §2 (NEW).]

14. Antitrust exclusions. A producer or stewardship organization, including a producer's or stewardship organization's officers, members, employees and agents that organize a packaging stewardship program or an alternative collection program under this section, is immune from liability for the producer's or stewardship organization's conduct under state laws relating to antitrust, restraint of trade, unfair trade practices and other regulation of trade or commerce only to the extent necessary to plan and implement the producer's or stewardship organization's packaging stewardship program or alternative collection program consistent with the provisions of this section. [PL 2021, c. 455, §2 (NEW).]

15. Proprietary information. Proprietary information submitted to the department pursuant to the requirements of this section or the rules adopted pursuant to this section that is identified by the submittor as proprietary information is confidential and must be handled by the department in the same manner as confidential information is handled under section 1310-B. [PL 2021, c. 455, §2 (NEW).]

SUBCHAPTER 4

FACILITY SITING AND DEVELOPMENT
§2151. Office of Siting and Disposal Operations
(REPEALED)
SECTION HISTORY

§2151-A. Indemnification
The department shall defend and indemnify any employee of the bureau and any former employee of the former State Planning Office including the director and any member of the former Facility Siting Board against expenses actually and necessarily incurred by the person in connection with the defense of any action or proceeding in which the person is made party by reason of past or present association with the bureau or former State Planning Office with regard to the powers and duties set forth in this article. [PL 2011, c. 655, Pt. GG, §38 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

§2152. Facility Siting Board
(REPEALED)
SECTION HISTORY

§2152-A. State-owned solid waste disposal facilities; purpose, management and operation; disposal of municipal solid waste
1. Purpose of State-owned solid waste disposal facilities. The Legislature finds that the purpose of State-owned solid waste disposal facilities is to ensure that adequate disposal capacity is available for the disposal of solid waste generated within the State through the development of new disposal capacity for anticipated state disposal capacity needs and the operation of existing facilities to address current state disposal capacity needs. [PL 2019, c. 291, Pt. A, §2 (NEW).]

2. Consistency with solid waste management hierarchy. The Legislature intends that all aspects of the management and operation of State-owned solid waste disposal facilities be conducted in a manner that maximizes alignment with the solid waste management hierarchy under section 2101. The bureau, the operators of State-owned solid waste disposal facilities and the department shall ensure that the acceptance of waste at State-owned solid waste disposal facilities is consistent with the hierarchy and that options for the management of such waste that represent a higher priority on the hierarchy are not otherwise reasonably available. [PL 2019, c. 291, Pt. A, §2 (NEW).]

3. Disposal of municipal solid waste at State-owned solid waste disposal facilities; department authorization criteria; department limitation of disposal. The Legislature intends that the State prioritize the disposal at State-owned solid waste disposal facilities of special wastes for which there are limited disposal options in the State and minimize the disposal at State-owned solid waste disposal facilities of non-bypass, unprocessed municipal solid waste. In accordance with this intent and with the provisions of this chapter and chapter 13, the department may:

A. Authorize the land disposal of non-bypass, unprocessed municipal solid waste at a State-owned solid waste disposal facility only when:
(1) A specific need for the disposal has been identified by the bureau and the operator of the facility;
(2) The disposal is consistent with the solid waste management hierarchy under section 2101, as determined by the department; and
(3) Options for the management of the waste that represent a higher priority on the hierarchy are not otherwise reasonably available, as determined by the department; and [PL 2019, c. 291, Pt. A, §2 (NEW)].

B. Limit the volume of municipal solid waste disposed of at a State-owned solid waste disposal facility and the duration of such disposal through the imposition of such limitations under the facility's license. [PL 2019, c. 291, Pt. A, §2 (NEW).]

SECTION HISTORY

§2153. Siting criteria

1. Siting criteria. With regard to state-owned facilities, the bureau shall administer rules adopted by the former Maine Waste Management Agency, Office of Siting and Disposal Operations and subsequently administered by the former State Planning Office pursuant to this subsection for siting criteria for solid waste disposal facilities. The bureau may revise rules as necessary based on the following factors.

A. A site may be located anywhere within the State and need not be in proximity to the site of waste generation. [PL 1991, c. 794, §2 (AMD).]

A-1. Sites for the disposal of special waste may not be located within a 5-mile radius of an existing commercial special waste landfill or a commercial incineration facility. [PL 1995, c. 465, Pt. A, §62 (AMD); PL 1995, c. 465, Pt. C, §2 (AFF).]

B. To the extent possible, a site must be located in proximity to the transportation systems, including existing or potential railroad systems, that are used to convey waste to the site or to convey residuals and materials to be recycled from the site. [PL 1991, c. 794, §2 (AMD).]

C. The capacity or size of a site must be consistent with the projected demand as determined in the state plan. [PL 1989, c. 585, Pt. A, §7 (NEW).]

D. A site and its considered use must be consistent with, and actively support, other waste management objectives, including waste reduction and recycling. [PL 1989, c. 585, Pt. A, §7 (NEW).]

E. The projected price for site development, construction and operation must be fair and reasonable. [PL 1989, c. 585, Pt. A, §7 (NEW).]

F. A site must meet preliminary environmental standards developed jointly by the department and the Maine Land Use Planning Commission, including ground water standards, geological standards and standards to protect public drinking water supplies. [PL 1991, c. 794, §2 (AMD); PL 2011, c. 682, §38 (REV).]

G. Existing uses on adjacent properties, including public or private schools, may not be in significant conflict with or significantly jeopardized by the use of a site. [PL 1991, c. 794, §2 (AMD).]

[PL 2011, c. 655, Pt. GG, §40 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF); PL 2011, c. 682, §38 (REV).]

SECTION HISTORY
§2154. Site selection

1. Initial site screening. The bureau shall conduct a site screening and selection process to identify solid waste disposal capacity sufficient to meet the projected needs identified in the state planning process under section 2123-A, subsection 4. The bureau shall consider the need for geographic distribution of facilities to adequately serve all regions of the State. The bureau also shall consider in its site selection process the need for landfill capacity to dispose of incinerator ash resulting from the combustion of domestic and commercial solid waste generated within its jurisdiction. Prior to recommending a site, the bureau shall hold a public hearing in every municipality or plantation identified in the screening process as a potential site. For potential sites within an unincorporated township, the bureau shall hold a public hearing within the vicinity of the proposed site. Prior to submitting a recommended site to the department for review, the bureau must find that the recommended site meets the standards adopted under section 2153.

[PL 2011, c. 655, Pt. GG, §41 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

2. Siting; general. Subsequent to the siting process under subsection 1, the bureau shall identify additional sites as requested by the department and as capacity needs are identified in the state plan. The bureau shall employ the same criteria and considerations employed under subsection 1. The bureau shall hold a public hearing in each municipality within which the bureau may recommend the location of any solid waste disposal or refuse-derived fuel processing facility.

[PL 2011, c. 655, Pt. GG, §41 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

3. Municipal reimbursement. At the conclusion of proceedings before the bureau conducted pursuant to subsection 1, the bureau shall reimburse a municipality for eligible expenses incurred as a result of that municipality's direct, substantive participation in proceedings before the bureau. The amount reimbursed under this subsection may not exceed $50,000 for any municipality. For the purposes of this subsection, "eligible expenses" has the same meaning as "expenses eligible for reimbursement" under section 1310-S, subsection 4 and any rules adopted by the Board of Environmental Protection pursuant to that section.

[PL 2011, c. 655, Pt. GG, §41 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

§2156. Facility development
(REPEALED)

SECTION HISTORY

§2156-A. Facility development

1. Planning for development. The bureau, in consultation with the department, shall plan for the development of facilities sufficient to meet anticipated unmet needs for municipal solid waste and special waste identified in the state plan and any revisions to the plan and to serve all geographic areas of the State.
   [PL 2019, c. 291, Pt. A, §3 (AMD).]

2. Recommendation for development. When the bureau finds that 6 years or less of licensed and available disposal capacity for municipal solid waste or special waste remains within the State, the bureau shall submit a report recommending the construction and operation of a state-owned solid waste disposal facility for the disposal of the type of waste for which capacity is needed to the joint standing committee of the Legislature having jurisdiction over natural resource matters. The report must recommend which state agency or department will own the facility and how it will be operated. The report must also include a review of disposal options outside of the State; a review of existing efforts to reduce, reuse, recycle, compost and incinerate the affected municipal solid waste and special waste streams and the impact of these efforts on capacity requirements; a thorough economic analysis of the facility's expected costs; and commitments from entities to utilize the facility and projected revenues. It is the intent of the Legislature that the facility be operated by a private contractor. A state-owned solid waste disposal facility may not be constructed or operated unless authorized by legislation pursuant to subsection 3.
   [PL 2011, c. 655, Pt. GG, §43 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

   [PL 1995, c. 588, §6 (NEW).]

4. Ownership, construction and operation. The bureau shall maintain ownership of a site acquired for construction and operation of a state-owned solid waste disposal facility until the Legislature authorizes transfer of the site to another state department or agency, except that this subsection does not prohibit any lease or transfer of the site pursuant to an agreement entered into before the effective date of this subsection or pursuant to any amendment to such an agreement entered into before or after the effective date of this subsection.
   [PL 2011, c. 655, Pt. GG, §43 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

5. Development by others. This section does not preclude a municipality or regional association from developing and operating solid waste disposal facilities on its own initiative.
   [PL 1995, c. 588, §6 (NEW).]

SECTION HISTORY

§2157. Review of proposed waste facilities
§2158. Future commercial solid waste disposal facilities
(REPEALED)

§2159. Real and personal property; right of eminent domain

The bureau may acquire and hold real and personal property that it considers necessary for its purposes, is granted the right of eminent domain and, for those purposes, may take and hold, either by exercising its right of eminent domain or by purchase, lease or otherwise, for public use, any land, real estate, easements or interest therein, necessary for constructing, establishing, maintaining, operating and the closure of solid waste disposal facilities. [PL 2011, c. 655, Pt. GG, §44 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

§2160. Procedure in exercise of right of eminent domain

1. Notice to owner. The bureau shall provide to the owner or owners of record notice of the following:
   A. The determination of the bureau that it proposes to exercise the right of eminent domain; [PL 2011, c. 655, Pt. GG, §45 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]
   B. A description and scale map of the land or easement to be taken; [PL 1989, c. 585, Pt. A, §7 (NEW).]
   C. The final amount offered for the land or easement to be taken, based on the fair value as estimated by the bureau; and [PL 2011, c. 655, Pt. GG, §45 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]
   D. Notice of the time and place of the hearing provided in subsection 4. [PL 1989, c. 585, Pt. A, §7 (NEW).]

Notice may be made by personal service in hand by an officer duly qualified to serve civil process in this State or by certified mail, return receipt requested, to the last known address of the owner or owners. If the owner or owners are not known or can not be notified by personal service or certified mail, notice may be given by publication in the manner provided in subsection 4. [PL 2011, c. 655, Pt. GG, §45 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

2. Notice to tenant. Notice shall be given to any tenant in the same manner notice is given to the owner of the property. [PL 1989, c. 585, Pt. A, §7 (NEW).]
3. Notice to the affected municipality. Notice shall be given to the municipality in which the property to be acquired is located in the same manner notice is given to the owner of the property and shall be addressed to the municipal officers. [PL 1989, c. 585, Pt. A, §7 (NEW).]

4. Hearing. The bureau shall hold a public hearing on the advisability of its proposed exercise of the right of eminent domain. Notice of the hearing must be made by publication in a newspaper of general circulation in the area of the taking and published once a week for 2 successive weeks, the last publication to be at least 2 weeks before the time appointed in the hearing. The hearing notice must include:

A. The time and place of the hearing; [PL 1989, c. 585, Pt. A, §7 (NEW).]

B. A description of the land or easement to be taken; and [PL 1989, c. 585, Pt. A, §7 (NEW).]

C. The name of the owners, if known. [PL 1989, c. 585, Pt. A, §7 (NEW).]

[PL 2011, c. 655, Pt. GG, §46 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

§2161. Condemnation proceedings

At the time the bureau sends the notice in section 2160, the bureau shall file in the county commissioner's office in which the property to be taken is located and cause to be recorded in the registry of deeds in the county plans of the location of all lands, real estate, easements or interest therein, with an appropriate description and the names of the owners thereof, if known. When for any reason the bureau fails to acquire property that it is authorized to take, which is described in that location, or if the location so recorded is defective and uncertain, it may, at any time, correct and perfect the location and file a new description. In that case, the bureau is liable in damages only for property for which the owner had not previously been paid, to be assessed as of the time of the original taking, and the bureau is not liable for any acts that would have been justified if the original taking had been lawful. No entry may be made on any private lands, except to make surveys, until the expiration of 10 days from the filing, whereupon, possession may be had of all the lands, real estate, easements or interests therein and other property and rights as aforesaid to be taken, but title may not vest in the bureau until payment for the property is made. [PL 2011, c. 655, Pt. GG, §47 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

§2162. Assistance in regional association siting

1. Technical assistance. Upon request by a regional association, the bureau may provide technical assistance to that regional association in the establishment of approved waste facilities, including assistance in planning, location, acquisition, development and operation of the site. The regional association shall describe fully the need and justification for the request. The bureau may request information from the regional association necessary to provide assistance. [PL 2011, c. 655, Pt. GG, §48 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

2. Submission of report recommending construction of state-owned facility. When the bureau, in consultation with a regional association, finds that disposal capacity is projected to be needed for bulky wastes, construction or demolition waste or land-clearing debris and that the regional association is not able to pursue the siting, establishment and operation of a waste facility, the bureau may submit a report recommending the construction and operation of a state-owned solid waste disposal facility that will fulfill the disposal need to the joint standing committee of the Legislature having jurisdiction
over natural resources matters. The report must include a review of disposal options outside of the State; a review of existing efforts to reduce, reuse, recycle, compost and incinerate the affected waste streams and the impact of these efforts on capacity requirements; a thorough economic analysis of the facility's expected costs; and commitments from entities to utilize the facility and projected revenues. The joint standing committee of the Legislature having jurisdiction over natural resources matters may report out legislation authorizing the construction and operation of a state-owned solid waste disposal facility in response to a report submitted pursuant to this subsection.

SECTION HISTORY

§2165. Regulation of certain dry cell batteries

1. Definitions. As used in this section and section 2166, the following terms have the following meanings.
   A. "Industrial, communications or medical facility" means a structure or site where 15 or more people are employed and:
      (1) Where articles are assembled, manufactured or fabricated;
      (2) Are included in major group 48 of the federal Office of Management and Budget, Standard Industrial Codes; or
      (3) Where medical services are provided. [PL 1991, c. 808, §2 (NEW).]
   B. "Rechargeable battery" means any nickel-cadmium or sealed lead-acid battery that is designed for reuse and is capable of being recharged after repeated use. [PL 1991, c. 808, §2 (NEW).]

2. Disposal ban. A person employed directly or indirectly by a government agency, or an industrial, communications or medical facility may not knowingly dispose of a dry cell mercuric oxide battery or a rechargeable battery in a manner that is not part of a collection system established under subsection 4.
   [PL 1991, c. 808, §2 (NEW).]

3. User responsibility. A government agency or industrial, communications or medical facility shall collect and segregate, by chemical type, the batteries that are subject to the disposal prohibition under subsection 2 and return each segregated collection either to the supplier that provided the facility with that type of battery or to a collection facility designated by the manufacturer of that battery or battery-powered product.
   [PL 1991, c. 808, §2 (NEW).]
4. **Manufacturer responsibility.** A manufacturer of dry cell mercuric oxide or rechargeable batteries that are subject to subsection 1 shall:

   A. Establish and maintain a system for the proper collection, transportation and processing of waste dry cell mercuric oxide and rechargeable batteries for purchasers in this State; [PL 1991, c. 808, §2 (NEW).]

   B. Clearly inform each purchaser that intends to use these batteries of the prohibition on disposal of dry cell mercuric oxide and rechargeable batteries and of the available systems for proper collection, transportation and processing of these batteries; [PL 1991, c. 808, §2 (NEW).]

   C. Identify a collection system through which mercuric oxide and rechargeable batteries must be returned to the manufacturer or to a manufacturer-designated collection site; and [PL 1991, c. 808, §2 (NEW).]

   D. Include the cost of proper collection, transportation and processing of the waste batteries in the sales transaction or agreement between the manufacturer and any purchaser. [PL 1991, c. 808, §2 (NEW).]

5. **Supplier responsibility.** A final supplier of mercuric oxide and rechargeable batteries or battery-operated products is responsible for informing the purchasers that intend to use these batteries of the purchaser's responsibilities under this section. [PL 1991, c. 808, §2 (NEW).]

6. **Mercury content.** [PL 2009, c. 86, §2 (AMD); PL 2011, c. 206, §35 (RP).]

7. **Effective date.** Except as otherwise indicated, this section takes effect January 1, 1994. [PL 1991, c. 808, §2 (NEW).]

8. **Penalty.** A violation of subsection 2 is a civil violation for which a forfeiture of not more than $100 per battery disposed of improperly may be adjudged. A violation of subsection 4 is a civil violation for which a forfeiture of not more than $100 may be adjudged. Each day that a violation continues or exists constitutes a separate offense. [PL 2011, c. 206, §36 (AMD).]

9. **Battery management plan.** [PL 1995, c. 656, Pt. A, §49 (RP).]

SECTION HISTORY

§2166. **Rechargeable consumer products**

1. **Nonremoveable battery requirements.** A person may not sell, distribute or offer for sale in this State any product powered by a rechargeable battery primarily used or purchased to be used for personal, family or household purposes unless:

   A. The battery may be easily removed by the consumer or is contained in a battery pack that is separate from the product and may be easily removed; and [PL 1991, c. 808, §2 (NEW).]

   B. The product, the battery itself and the package containing the product are all labeled, in a manner that is clearly visible to the consumer, indicating that the battery must be recycled or disposed of properly and that the type of electrode used in the battery is clearly identifiable. [PL 1991, c. 808, §2 (NEW).]

[PL 1991, c. 808, §2 (NEW).]
2. Exemption.

3. Effective date. Except as otherwise indicated, this section takes effect January 1, 1994.
[PL 1991, c. 808, §2 (NEW).]

4. Penalty. A violation of this section is a civil violation for which a forfeiture of not more than $100 per battery sold, distributed or offered for sale may be adjudged. Each day that a violation continues or exists constitutes a separate offense.
[PL 1991, c. 808, §2 (NEW).]

SUBCHAPTER 5
HOST COMMUNITY COMPENSATION AND FACILITY OVERSIGHT

§2170. Host community benefits; application limited to facilities owned or operated by the bureau

This subchapter applies only to solid waste disposal facilities owned or operated by the bureau. Wherever in this subchapter the term "solid waste disposal facility" or "facility" is used, those terms may be construed only to mean a solid waste disposal facility owned or operated by the bureau. [PL 2011, c. 655, Pt. GG, §49 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

§2170-A. Host community agreements

The provisions of this section apply to a solid waste disposal facility owned or operated by the bureau. [PL 2011, c. 655, Pt. GG, §50 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

1. Issuance of license. The department may not issue a license for a solid waste disposal facility unless a host community agreement is in place in accordance with this section.
[PL 2007, c. 406, §3 (NEW).]

2. Agreement required. A solid waste disposal facility must have in place a host community agreement with all applicable host communities during the development and operation and through closure of that facility. A host community agreement for the purposes of this section must, when applicable, include provisions relating to the impact payments set forth in section 2176.
[PL 2007, c. 406, §3 (NEW).]

SECTION HISTORY

§2171. Citizen advisory committee

The municipal officers of each municipality identified by the bureau as a potential site for a waste disposal facility and each contiguous municipality that may be affected by the construction or operation of that facility shall jointly establish a single citizen advisory committee within 60 days of notification pursuant to section 2155. [PL 2011, c. 655, Pt. GG, §51 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]
1. Membership. The committee must be comprised of citizens from each affected municipality, appointed by the municipal officers, including, but not limited to: a local health officer; a municipal officer; and at least 3 additional residents of the municipality, including abutting property owners and residents potentially affected by pollution from the facility. In addition, each committee may include members representing any of the following interests: environmental and community groups; labor groups; professionals with expertise relating to landfills or incinerators; experts in the areas of chemistry, epidemiology, hydrogeology and biology; and legal experts.

[PL 2007, c. 598, §15 (AMD).]

2. Meetings. The committee shall meet as soon as practical following appointment of its members and shall select a chair from among its members. The committee shall establish procedures for the conduct of meetings.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

3. Responsibilities. Each committee established under this section may:

A. Review proposed contracts, site analyses, applications and other documents relating to the location, construction, permitting and operation of the facility; [PL 1993, c. 310, Pt. B, §5 (AMD).]
B. Hold periodic public meetings to solicit the opinions of residents concerning the facility and any permit applications, contracts or other provisions relating to the facility and the regional plan; [PL 1993, c. 310, Pt. B, §5 (AMD).]
C. Provide the project developer and department with any alternative contract provisions, permit conditions, plans or procedures it considers appropriate; and [PL 1993, c. 310, Pt. B, §5 (AMD).]
D. Serve as a liaison between the community and the project developer or the commissioner to facilitate communications during the development and operation of the facility, and provide residents with updated information about the project, including providing explanations of any technical terms. [PL 1993, c. 310, Pt. B, §5 (AMD).]

[PL 1993, c. 310, Pt. B, §5 (AMD).]

4. Unincorporated townships and plantations. For the purposes of this subchapter, county commissioners shall act as municipal officers for unincorporated townships and assessors of plantations shall act as municipal officers for plantations.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

SECTION HISTORY

§2172. Dispute resolution

In the event that the bureau and a host community cannot agree on the terms of a host community agreement pursuant to section 2170-A, the parties shall submit the dispute for resolution in accordance with this section. [PL 2011, c. 655, Pt. GG, §52 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

1. Mediation. The parties shall submit the dispute for mediation. The commissioner shall present to the parties a list of 5 experienced and qualified mediators. Each party may strike 2 names from the list. After each party has been afforded 2 opportunities to strike, either the sole remaining person or the first unchallenged person on the list must be appointed by the commissioner as the mediator assigned to mediate the dispute. In assembling the list of proposed mediators, the commissioner may consider the panel of mediators offered by the Office of Court Alternative Dispute Resolution Service created in Title 4, section 18-B.

[PL 2007, c. 406, §4 (NEW).]
2. Arbitration. If mediation fails to result in an agreement between the parties, the parties shall submit the dispute for arbitration. The commissioner shall present to the parties a list of 5 experienced and qualified arbitrators. Each party may strike 2 names from the list. After each party has been afforded 2 opportunities to strike, either the sole remaining person or the first unchallenged person on the list must be appointed by the commissioner as the arbitrator assigned to determine the dispute. In assembling the list of proposed arbitrators, the commissioner may consider the panels of arbitrators offered by the Office of Court Alternative Dispute Resolution Service created in Title 4, section 18-B or by the American Arbitration Association or its successor organization.

A. Both the bureau and the host community will be bound by the decision of the arbitrator. [PL 2011, c. 655, Pt. GG, §53 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

B. Unless otherwise provided for in this subsection, the arbitration must be conducted in accordance with the rules of the American Arbitration Association or its successor organization for the conduct of commercial arbitration proceedings. [PL 2007, c. 406, §4 (NEW).]

C. Costs associated with the arbitration must be shared equally between the parties. [PL 2007, c. 406, §4 (NEW).]

D. The arbitrator shall submit the decision to the commissioner. [PL 2007, c. 406, §4 (NEW).]

E. Either party may appeal the decision of the arbitrator to the Superior Court. [PL 2007, c. 406, §4 (NEW).]

[PL 2011, c. 655, Pt. GG, §53 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

§2173. Municipal jurisdiction over regional association disposal facilities

A municipality may adopt a local ordinance authorizing the municipal officers to issue a local permit containing the same findings, conclusions and conditions contained in the license issued by the department for a solid waste disposal facility located within the municipality’s jurisdiction. The municipal officers may also attach to the permit additional conditions for the operation of the solid waste disposal facility on any issues not specifically addressed in any condition of the department’s license. These conditions may not unreasonably restrict the operation of the facility and must be attached to the local permit by the municipal officers within 90 days of issuance of the department’s license or within 30 days of a final decision by the department to relicense the facility. [PL 1993, c. 310, Pt. B, §7 (AMD).]

An enforcement action brought by the municipality to enforce local permit conditions does not preclude the State from bringing an action to enforce the conditions of any license issued by the State or any other provision of law. In addition, the State has a right to intervene in any enforcement action brought by a municipality under this section. A municipality that has adopted local permit conditions described in this section shall employ an inspector certified under section 2174 to enforce permit conditions. [PL 2011, c. 655, Pt. GG, §54 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

§2174. Local inspection and enforcement

1. Certification.

[PL 1993, c. 355, §62 (RP).]
2. Information. The host municipality of a solid waste disposal facility has a right to all information from the department and the bureau pursuant to Title 1, chapter 13, subchapter 1. All information provided under this subsection must be made available to the citizen advisory committee and the public by the host municipality.

A. The commissioner shall provide all of the following information to the municipal officers of the host municipality:
   (1) Copies of any inspection report of the facility within 5 working days of the preparation of the report;
   (2) Prompt notification of all enforcement or emergency orders for those facilities, including, but not limited to, abatement orders, cessation orders, final civil penalty assessments, consent orders and decrees and notices of violation;
   (3) Copies of all air, soil and water quality monitoring data collected by the commissioner at such facilities, including leachate and ash testing results, within 5 working days after complete laboratory analysis becomes available to the commissioner; and

B. The operator of the facility shall provide the host municipality copies of all air, soil and water quality monitoring data, including leachate and ash testing results, conducted by or on behalf of the operator, within 5 days after that information becomes available to the operator. [PL 1989, c. 585, Pt. A, §7 (NEW).]

C. The municipality shall provide all of the following information to the commissioner:
   (1) Copies of any inspection report of the facility within 5 working days of the preparation of the report;
   (2) Prompt notification of all enforcement or emergency orders for those facilities, including, but not limited to, abatement orders, cessation orders, final civil penalty assessments, consent orders and decrees and notices of violation;
   (3) Copies of all air, soil and water quality monitoring data collected by the municipality at such facilities, including leachate and ash testing results, within 5 working days after complete laboratory analysis becomes available to the municipality; and

[PL 2011, c. 655, Pt. GG, §55 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

3. Inspection; emergency orders.

4. Commissioner inspections. Whenever any host municipality notifies the commissioner of an order issued pursuant to a local permit requirement under section 2173 and gives the commissioner reason to believe that any solid waste disposal facility is in violation of any law or regulation administered by the department, or any order or the condition of any permit issued pursuant to any law or rule administered by the department, the commissioner shall promptly conduct an inspection of the facility.

If the commissioner finds that there is insufficient information to believe that there is a violation, the commissioner shall, within 10 working days of a municipality's request for an inspection, provide to the municipality a written explanation of the commissioner's decision not to conduct an inspection. [PL 1993, c. 310, Pt. B, §8 (AMD).]

SECTION HISTORY
§2175. Property value offset
(REPEALED)

SECTION HISTORY

§2175-A. Property value offset

Owners of property, the value of which has been affected by a solid waste disposal facility, are eligible for reimbursement from the bureau for loss in property value directly attributable to the construction and operation of the facility. The bureau shall adopt rules to establish the formula and procedure for reimbursement, including, without limitation, definition of the impact area, a process for establishing baseline real estate values, a time frame within which the property value offset program will be in effect and an accounting of real estate trends in the area. [PL 2011, c. 655, Pt. GG, §56 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

§2175-B. Payment in lieu of taxes

The bureau shall annually pay a municipality an amount in lieu of taxes equal to the amount of property taxes on a solid waste disposal facility owned or operated by the bureau not paid to that municipality during the previous calendar year. In the case of an unorganized territory, the bureau shall annually pay the amount to the State Tax Assessor who shall deposit that amount in the Unorganized Territory Education and Services Fund established in Title 36, chapter 115. If the bureau disagrees with the amount determined to be due in lieu of taxes under this section, it may appeal to the State Board of Property Tax Review as provided in Title 36, section 271. [PL 2011, c. 655, Pt. GG, §57 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

§2176. Impact payments

In addition to payment in lieu of taxes provided in section 2175-B, the bureau shall make impact payments to a municipality in which a solid waste disposal facility is located or, in the case of an unorganized territory, to the State Tax Assessor upon request by the community involved or by the State Tax Assessor. The bureau shall base its impact payments on measurable criteria including, without limitation: [PL 2011, c. 655, Pt. GG, §58 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

1. Roads. Improvement, maintenance and repair of local roads directly affected by traffic to and from the facility; [PL 1993, c. 310, Pt. B, §11 (AMD).]

3. Monitoring. Financial support for on-site, municipally employed personnel or for other means determined necessary to enable the municipality to monitor the facility's compliance with state and local requirements; and
[PL 2007, c. 406, §6 (AMD).]

4. Other issues. Other issues determined on a case-specific basis by the applicant and bureau to be appropriate given the nature of the proposed facility.
[PL 2011, c. 655, Pt. GG, §59 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

§2177. Water supply monitoring and protection

Upon written request from persons owning land contiguous to a solid waste disposal facility, the bureau shall have quarterly sampling and analysis conducted of private water supplies used by the requestors for drinking water. The sampling and analysis must be conducted in a manner specified by and that meets criteria developed by the department. [PL 2011, c. 655, Pt. GG, §60 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

If a facility adversely affects a public or private water supply by pollution, degradation, diminution or other means that result in a violation of the state drinking water standards as determined by the commissioner, the bureau shall restore the affected supply at no cost to the consumer or replace the affected supply with an alternative source of water that is of like quantity and quality to the original supply at no cost to the consumer. [PL 2011, c. 655, Pt. GG, §60 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

1. Extent of analysis. Water supplies must be analyzed for all parameters or chemical constituents determined by the commissioner to be indicative of typical contamination from solid waste disposal facilities. The laboratory performing the sampling and analysis shall provide written copies of sample results to the bureau, the landowner and to the commissioner. [PL 2011, c. 655, Pt. GG, §60 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

2. Additional sampling required. If the analysis indicates possible contamination from a solid waste disposal facility, the commissioner shall conduct, or require the bureau to conduct, additional sampling and analysis to determine more precisely the nature, extent and source of contamination. The commissioner shall, if necessary, require this sampling beyond the boundaries of the contiguous property. [PL 2011, c. 655, Pt. GG, §60 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

3. Written notice of rights. On or before December 1, 1989, for permits issued under this chapter prior to October 1, 1989, and at or before the time of permit issuance for permits issued under this chapter after October 1, 1989, the bureau shall provide owners of contiguous land with written notice of their rights under this section on a form prepared by the commissioner. [PL 2011, c. 655, Pt. GG, §60 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

SUBCHAPTER 6
LIABILITY AND LIMITATIONS

§2181. Effect on tort claims

Nothing in this chapter may be construed or understood as in any way increasing any liability that may otherwise arise or be limited under Title 14, chapter 741. [PL 1989, c. 585, Pt. A, §7 (NEW).]

SECTION HISTORY
PL 1989, c. 585, §A7 (NEW).

§2182. Ability to indemnify

Nothing in this subchapter may be construed to prevent any host municipality, regional association or the State from obtaining or giving such indemnities as may be appropriate in connection with the ownership, operation or control of a municipal solid waste facility. [PL 1989, c. 585, Pt. A, §7 (NEW).]

SECTION HISTORY
PL 1989, c. 585, §A7 (NEW).

§2183. Effect on existing contracts and facilities

Except as otherwise provided, nothing in this chapter may be construed to impair any contract in force upon the effective date of this chapter. [PL 1989, c. 585, Pt. A, §7 (NEW).]

SECTION HISTORY
PL 1989, c. 585, §A7 (NEW).

§2184. Municipal contracts

A municipality may contract with any person to carry out its duties for the recycling, transportation, collection and storage of municipal waste and source-separated materials to be recycled, if the recycling, transportation, collection or storage activity or facility is conducted or operated in a manner that is consistent with the provisions of this chapter, the state plan and the rules promulgated pursuant to this chapter. [PL 1989, c. 585, Pt. A, §7 (NEW).]

1. Existing contracts. Except as otherwise provided in this chapter, nothing in this chapter may be construed to interfere with, or in any way modify, the provisions of any contract for municipal waste disposal, processing or collection with any regional association or municipality in force upon the effective date of this chapter or prior to the adoption of the state plan. [PL 1989, c. 585, Pt. A, §7 (NEW).]

2. Renewals. No renewal of any existing contract upon the expiration or termination of the original term of the contract, and no new contract for municipal waste disposal, processing or collection may be entered into after the effective date of this chapter, if the renewal or new contract fails to conform to the applicable provisions of this chapter or interferes with the implementation of the state plan. [PL 1989, c. 585, Pt. A, §7 (NEW).]

3. Recycling activities; limited liability. When the owner, lessee or occupant of premises as defined in Title 14, section 159-B undertakes recycling activities, as defined in Title 14, section 159-B on the premises, liability is limited as provided in Title 14, section 159-B. [PL 1991, c. 487, §2 (NEW).]

SECTION HISTORY
§2191. Fees

The bureau shall establish reasonable fees for waste disposal services provided by the bureau. [PL 2011, c. 655, Pt. GG, §61 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

§2192. Purposes of the fees

The fees charged to users of state-owned facilities and established by the bureau under this article, by rule, provide revenue for the following purposes: [PL 2011, c. 655, Pt. GG, §62 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

1. Current expenses. To pay the current expenses, either incurred directly or through contractual agreements with another party or parties, for operating and maintaining a facility or delivering a service and to provide for normal maintenance and replacement of equipment. Current expenses also include costs incurred under subchapter 5; [PL 2011, c. 655, Pt. GG, §62 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

2. Interest. To provide for the payment of interest on the indebtedness created or assumed by the bureau; [PL 2011, c. 655, Pt. GG, §62 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

3. Indebtedness. To provide an annual sum equal to not less than 2% nor more than 10% of the term indebtedness represented by the issuance of bonds created or assumed by the bureau, which sum must be turned into a sinking fund and there maintained to provide for the extinguishment of term indebtedness. The money set aside in this sinking fund must be devoted to the retirement of the term obligations of the bureau and may be invested in such securities as savings banks in the State are allowed to hold; [PL 2011, c. 655, Pt. GG, §62 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

4. Principal payments. To provide for annual principal payments on serial indebtedness created or assumed by the bureau; [PL 2011, c. 655, Pt. GG, §62 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

5. Contingency reserve fund allowance. To provide for a contingency reserve fund allowance by providing rates to reflect up to a 5% addition to yearly revenues over that required to operate the facility; [PL 1989, c. 585, Pt. A, §7 (NEW).]

6. Closing reserve fund. To provide for a closing and monitoring reserve fund by providing rates which, over the expected life span of the facility including the post-closure monitoring period, will generate the amount determined to be necessary by the department in its licensing process under chapter 13; and [PL 1989, c. 585, Pt. A, §7 (NEW).]

7. Compliance costs. To provide for the costs associated with licensing, compliance and enforcement efforts of the department.
§2193. Host municipality fees

The bureau may set fees under this article for the host municipality at a level lower than the fees charged to other municipalities or users, as long as the lower fees are set in a manner consistent with the rules adopted by the bureau. [PL 2011, c. 655, Pt. GG, §63 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

ARTICLE 2
MAINE SOLID WASTE MANAGEMENT FUND

§2201. Maine Solid Waste Management Fund established

The Maine Solid Waste Management Fund, referred to in this section as "the fund," is established as a nonlapsing fund to support programs administered by the bureau and the Department of Environmental Protection. The fund must be segregated into 2 subsidiary accounts. The first subsidiary account, called operations, receives all fees established and received under article 1. Except as provided in section 2203-A, subsection 2-A, the 2nd subsidiary account, called administration, receives all fees established under this article and under Title 36, chapter 719 and all funds recovered by the department as reimbursement for departmental expenses incurred to abate imminent threats to public health, safety and welfare posed by the illegal disposal of solid waste. [PL 2021, c. 664, §4 (AMD).]

Money in the fund not currently needed to meet the obligations of the department or bureau must be deposited with the Treasurer of State to the credit of the fund and may be invested as provided by law. Interest on these investments must be credited to the fund. [PL 2011, c. 655, Pt. GG, §64 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

Funds deposited in the fund related to administration may be expended only in accordance with allocations approved by the Legislature for administrative expenses directly related to the bureau's and the department's programs, including actions by the department necessary to abate threats to public health, safety and welfare posed by the disposal of solid waste. Funds deposited in the fund related to fees imposed on the disposal of construction and demolition debris and residue from the processing of construction and demolition debris may be expended only for the state cost share to municipalities under the closure and remediation cost-sharing program for solid waste landfills established in section 1310-F. Funds deposited in the fund related to fees imposed under this article may be expended to provide grant funding in accordance with the Maine Solid Waste Diversion Grant Program established in section 2201-B. The department shall, on an annual basis, conduct a review of the revenues presently in the fund and the revenues projected to be added to or disbursed from the fund in upcoming calendar years and determine what amount of revenues, if any, are available to provide grant funding under section 2201-B. If the department determines that there are revenues in the fund available in the upcoming calendar year to provide grant funding under section 2201-B, the department must ensure that such revenues are designated for use in accordance with section 2201-B by the end of that calendar year. Funds deposited in the fund related to operations may be expended only in accordance with allocations approved by the Legislature and solely for the development and operation of publicly owned
facilities owned or approved by the bureau and for the repayment of any obligations of the bureau incurred under article 3. These allocations must be based on estimates of the actual costs necessary for the bureau and the department to administer their programs, to provide financial assistance to regional associations and to provide other financial assistance necessary to accomplish the purposes of this chapter. Beginning in the fiscal year ending on June 30, 1991 and thereafter, the fund must annually transfer to the General Fund an amount necessary to reimburse the costs of the Bureau of Revenue Services incurred in the administration of Title 36, chapter 719. Allowable expenditures include "Personal Services," "All Other" and "Capital Expenditures" associated with all bureau activities other than those included in the operations account. [PL 2021, c. 664, §4 (AMD).]

SECTION HISTORY

§2201-A. Sunset; legislative intent
(REPEALED)
SECTION HISTORY

§2201-B. Maine Solid Waste Diversion Grant Program

1. Establishment. The Maine Solid Waste Diversion Grant Program, referred to in this section as "the program," is established to provide grants to public and private entities to assist in the development, implementation or improvement of programs, projects, initiatives or activities designed to increase the diversion of solid waste from disposal in the State. [PL 2015, c. 461, §7 (NEW).]

2. Administration. The department shall administer the program and may dispense revenue from the Maine Solid Waste Management Fund established under section 2201 for the purposes of the program based on approved grant requests from public and private applicants. The department may provide grants for the documented costs of application proposals in accordance with the priorities in subsection 5. Costs incurred by the department in the development and administration of the program may be paid with revenue in the Maine Solid Waste Management Fund in a manner consistent with section 2201. [PL 2015, c. 461, §7 (NEW).]

3. Audit. Revenue from the Maine Solid Waste Management Fund established under section 2201 disbursed by the program is subject to audit as determined by the department, and the recipient of any such funding must agree to be subject to audit and to cooperate with the auditor as a condition of receiving funding. [PL 2015, c. 461, §7 (NEW).]

4. Eligibility criteria. The department may disburse grants under the program to any public or private entity demonstrating that a proposed program, project, initiative or activity is, in the department's determination, likely to increase the diversion of solid waste from disposal within a particular community, municipality or region or the State, including, but not limited to, municipal or
regional composting, organics recovery or recycling programs, including the establishment of such programs or the purchase of infrastructure, equipment or other items necessary to implement such programs or improve existing programs; programs designed to provide equipment for or otherwise support residential composting and recycling; programs or business models designed to collect, transport for processing or process organic or recyclable materials; pilot programs designed to evaluate the feasibility of targeted composting, organics recovery, recycling or other waste management programs or initiatives; and initiatives or programs designed to educate certain categories of individuals or the general public about composting, organics recovery or recycling or to otherwise improve individual or community waste management practices.

[PL 2015, c. 461, §7 (NEW).]

5. Priorities. The department shall give highest priority in the awarding of funds under this section to programs, projects, initiatives or activities proposed by municipal or regional association applicants that otherwise meet the department's eligibility criteria. The department shall also give priority to applicants proposing programs, projects, initiatives or activities that are likely to increase the removal and recycling of organic materials from municipal waste streams. The awarding of funds under this section must be consistent with the solid waste management hierarchy established under section 2101 and the food recovery hierarchy established under section 2101-B and must be prioritized to provide the most benefit to the State in terms of increasing the diversion of solid waste from disposal.

[PL 2015, c. 461, §7 (NEW).]

6. Conditions of approval. The department may require, as a condition of grant approval, that an applicant demonstrate its ability to provide in-kind contributions relating to the grant applied for or to provide a certain level of matching funding to supplement the grant applied for.

[PL 2015, c. 461, §7 (NEW).]

7. Rules. The department may adopt rules to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[PL 2015, c. 461, §7 (NEW).]

SECTION HISTORY

PL 2015, c. 461, §7 (NEW).

§2202. Fees

1. Fees established. The department shall establish procedures to charge fees specified in this article and pursuant to the requirements of this article. Except as provided in section 2203-A, subsection 2-A, all fees collected by the department under this article must be deposited into the Maine Solid Waste Management Fund.

[PL 2021, c. 664, §5 (AMD).]

2. Application.

[PL 2011, c. 544, §2 (RP).]

3. Payment. A person who delivers solid waste to a solid waste disposal facility shall pay all fees established under this article to the operator of the solid waste disposal facility.

[PL 1993, c. 310, Pt. C, §2 (NEW).]

SECTION HISTORY

§2203. Fee on special waste

(REPEALED)

SECTION HISTORY
§2203-A. Waste handling fees

1. Fees. Unless otherwise provided by rule adopted in accordance with subsection 3, fees are imposed in the following amounts to be levied for solid waste that is disposed of at commercial, municipal, state-owned and regional association landfills.

2. Exceptions. Notwithstanding subsection 1:

A. A municipal or regional association landfill that has accepted 12,000 tons or more of special waste, other than municipal solid waste ash, asbestos and oil-contaminated soil, gravel, brick, concrete and other aggregate, in calendar year 1998 shall continue to pay $2 per ton to the department for those categories of waste accepted in that calendar year; [PL 1999, c. 385, §7 (NEW).]

B. A municipal or regional association landfill shall continue to pay $2 per ton to the department on all categories of special waste other than municipal solid waste ash, asbestos and oil-contaminated soil, gravel, brick, concrete and other aggregate that was generated by the municipality or regional association and accepted for disposal in its landfill in calendar year 1998; [PL 2011, c. 544, §3 (AMD).]

C. A municipal or regional association landfill that has accepted 550 tons or more of oil-contaminated soil, gravel, brick, concrete and other aggregate in calendar year 1998 shall pay $5 per ton for that category of waste; and [PL 2011, c. 544, §3 (AMD).]

D. A fee may not be imposed under this section on construction and demolition debris or residue from the processing of construction and demolition debris disposed of at a municipal or regional association landfill that is less than 6 acres in size and accepts only inert fill, construction and demolition debris, debris from land clearing and wood wastes. [PL 2011, c. 544, §3 (NEW).]
2-A. Maine Redevelopment Land Bank Authority fee. Beginning January 1, 2023, in addition to the per ton fee required in subsection 1, commercial, municipal, state-owned and regional association landfills shall collect and pay to the department a $3 per ton fee for the disposal of construction and demolition debris and residue from the processing of construction and demolition debris and, notwithstanding section 2202, this fee must be deposited in the Maine Redevelopment Land Bank Fund established by Title 30-A, section 5156.

3. Rules. The department may adopt rules imposing per ton or per cubic yard fees on any of the types of waste listed in subsection 1 disposed of at a commercial, municipal, regional association or state-owned solid waste landfill. The department may adopt rules imposing per ton fees on any municipal solid waste disposed of or received for processing at a commercial, municipal, regional association or state-owned solid waste disposal facility, solid waste processing facility, incineration facility or solid waste landfill. Fees imposed pursuant to this subsection must be consistent with the solid waste management hierarchy established under section 2101 and the food recovery hierarchy established under section 2101-B. Rules adopted pursuant to this subsection are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A.

SECtion HISTORY

§2204. Municipal solid waste disposal surcharge
(REPEALED)

SECtion HISTORY

§2205. Fee payments

Each operator of a solid waste disposal facility shall make the fee payment quarterly. The fee must be paid to the department on or before the 20th day of April, July, October and January for the 3 months ending the last day of March, June, September and December. [PL 1995, c. 465, Pt. A, §77 (AMD); PL 1995, c. 465, Pt. C, §2 (AFF).]

1. Quarterly reports. Each fee payment must be accompanied by a form prepared and furnished by the department and completed by the operator. The form must state the total weight or volume of solid waste disposed of at the facility during the payment period and provide any other aggregate information determined necessary by the department to carry out the purposes of this chapter. The form must be signed by the operator. [PL 1995, c. 465, Pt. A, §77 (AMD); PL 1995, c. 465, Pt. C, §2 (AFF).]

2. Timeliness of payment. The operator is deemed to have made a timely payment of the fee if the operator complies with all of the following:

A. The enclosed payment is for the full amount owed pursuant to this section and no further department action is required for collection; [PL 1995, c. 465, Pt. A, §77 (AMD); PL 1995, c. 465, Pt. C, §2 (AFF).]
B. The payment is accompanied by the required form and the form is complete and accurate; and
[PL 1989, c. 585, Pt. A, §7 (NEW).]
C. The letter transmitting the payment that is received by the department is postmarked by the United States Postal Service on or prior to the final day on which the payment is to be received, unless an alternative date is agreed upon in writing by the operator and the department. [PL 1999, c. 385, §9 (AMD).]
[PL 1999, c. 385, §9 (AMD).]
3. Discount. Any operator that makes a timely payment of the fee as provided in this section is entitled to apply against the fee payable a discount of 1% of the amount of the fee collected.
4. Refunds. Any operator who believes the fee was overpaid by the operator may file a petition for refund to the department. If the department determines that the operator has overpaid the fee, the department shall refund to the operator the amount due the operator, together with interest at a rate established by the department.
5. Alternative proof of payment. For purposes of this section, presentation of a receipt indicating that the payment was mailed by registered or certified mail on or before the due date is evidence of timely payment.
6. Interest. If an operator fails to make a timely payment of the fee, the operator shall pay interest on the unpaid amount due at the rate established by the department from the last day for timely payment to the date paid.
7. Additional penalty. In addition to the interest provided in subsection 6, if an operator fails to make timely payment of the fee, 5% of the amount of the fee must be added to the amount actually due if the failure to file a timely payment is for not more than one month, with an additional 5% for each additional month, or fraction of a month, during which the failure continues, not exceeding 25% in the aggregate.
8. Assessment notice. If the department determines that any operator has not made a timely payment of the fee, the department shall send the operator a written notice of the amount of the deficiency, within 30 days of determining the deficiency. When the operator has not provided a complete and accurate statement of the weight or volume of waste received at the facility for the payment period, the department may estimate the weight or volume in the notice.

The operator charged with the deficiency has 30 days to pay the deficiency in full or, if the operator wishes to contest the deficiency, forward the amount of the deficiency to the department for placement in an escrow account with the Treasurer of State or any bank in the State, or post an appeal bond in the amount of the deficiency. The bond must be executed by a surety licensed to do business in the State and be satisfactory to the department. Failure to forward the money or appeal bond to the department within 30 days results in a waiver of all legal rights to contest the deficiency.

If, through the administrative or judicial review of the deficiency, it is determined that the amount of deficiency must be reduced, the department shall within 30 days remit the appropriate amount to the operator, with any interest accumulated by the escrow deposit.

The amount determined after administrative hearing or after waiver of administrative hearing is payable to the department and is collectible.
If any amount due under this subsection remains unpaid 30 days after receipt of notice of the deficiency, the department may order the operator of the facility to cease receiving any solid waste until the amount of the deficiency is completely paid.

9. Filing of appeals. Notwithstanding any other provision of law, all appeals of final department actions concerning the fee must be filed with the department pursuant to section 2206.

§2206. Hearings and appeals

The department shall establish rules governing procedures for hearings and appeals under this article consistent with Title 5, chapter 375.

ARTICLE 3

REVENUE OBLIGATION SECURITIES AND MORTGAGE LOANS

§2211. Definitions

As used in this article, unless the context otherwise indicates, the following terms have the following meanings.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

[PL 1989, c. 585, Pt. A, §7 (NEW).]

2. Cost of project. "Cost of project" means the cost or value of land, buildings, real estate improvements, labor, materials, machinery and equipment, property rights, easements, franchises, financing charges, interest, engineering and legal services, plans, specifications, surveys, cost estimates, studies and other expenses as may be necessary or incidental to the development, construction, acquisition, financing and placing in operation of an eligible project. In addition to these costs, reserves for payment of future debt on any revenue obligation securities may be included as part of the cost of the project.

Any obligation or expenses incurred by the State, the agency, a regional association, a municipality or any private person in connection with any of the items of cost specified in this subsection related to revenue obligation securities may be included as part of the cost and reimbursed to the State, the agency, regional association, municipality or person out of the proceeds of the securities issued.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

3. Eligible collateral. "Eligible collateral" means an eligible project.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

4. Eligible project. "Eligible project" means any waste facility or the capital costs of any waste disposal service including, but not limited to, real property, personal property, machinery and equipment and related expenses.
5. **Facility.** "Facility" means an eligible project or eligible collateral.

6. **Financial document.** "Financial document" means a lease, installment sale agreement, conditional sale agreement, note, mortgage, loan agreement or other instrument pertaining to an extension of financial assistance.

7. **Financing assistance.** "Financing assistance" or "financial assistance" means guarantees, leases, insurance, financing credits, loans or the purchase or discounts thereof, letters of credit, financing assistance payments, grants or other financial aid.

8. **Financing institution.** "Financing institution" or "financial institution" means any bank, trust company, national banking association, savings bank, savings and loan association, federal savings and loan association, industrial bank, mortgage company, insurance company, credit union, local development corporation or any other institution or entity authorized to do business in this State, or any state or federal agency that customarily provides financing assistance.

9. **Lease.** "Lease" means a contract providing for the use of a project or portions of a project for a term of years for a designated or determinable rent. A lease may include an installment sale contract. A lease may include other terms as the agency may permit or require.

10. **Lessees.** "Lessees" means a tenant under a lease and may include an installment purchaser.

11. **Loan.** "Loan" or "mortgage loan" means an extension of credit made in consideration of a written promise of repayment or any other conditions which may be established by the agency, performance of which may be secured by a mortgage.

12. **Maturity date.** "Maturity date" means the date on which final payment is due as provided in a note, revenue obligation security or other financial document.

13. **Mortgage.** "Mortgage" means an agreement granting a lien on, or a security interest in, eligible collateral with certain conditions and includes, but is not limited to, a mortgage of real estate, an assignment of rents, a pledge or a security agreement.

14. **Mortgagor.** "Mortgagor" means the grantor or party giving rights to eligible collateral pursuant to a mortgage and includes the successors or assigns of a mortgagor.

15. **Mortgage payments.** "Mortgage payments" means payments required by or received on account of a mortgage or any other financial document, including, but not limited to, payments covering interest, installments of principal, taxes, assessments, loan insurance premiums and hazard insurance premiums.

16. **Note.** "Note" means an evidence of indebtedness and includes a revenue obligation security.
18. **Rent or rental.** "Rent or rental" means payments under a lease.

19. **Revenue obligation security.** "Revenue obligation security" or "security" means a note, bond, interim certificate, debenture or other evidence of indebtedness, payment of which is secured by a pledge of revenues, as provided in this article or by assignment or pledge of other eligible collateral.

**SECTION HISTORY**

§2212. **General powers**

The agency may, in addition to its other powers and in furtherance of the purposes of this chapter, assist itself or applicants, who shall be limited to municipalities and regional associations, in the financing of eligible projects by issuing revenue obligation securities; by issuing or providing securities for mortgage loans; drafting financial documents, trust agreements and other contracts; and arranging the financing and negotiating for the sale of the securities. The agency may contract with the Finance Authority of Maine to administer the provisions of this article. [PL 1989, c. 585, Pt. A, §7 (NEW).]

The agency may also: [PL 1989, c. 585, Pt. A, §7 (NEW).]

1. **Kinds of projects.** Acquire, construct, reconstruct, maintain, renew, replace or provide financing assistance for eligible waste facilities, waste disposal services or recycling projects; [PL 1989, c. 585, Pt. A, §7 (NEW).]

2. **Securities for projects.** Issue revenue obligation securities to pay the cost of or to provide financial assistance for acquisition, construction, reconstruction, renewal or replacement of eligible projects. Any single issue of securities may provide for the cost of, or for financial assistance for, acquisition, construction, reconstruction, renewal or replacement of any one or more eligible projects which may be separate, unconnected and distinct. Any issue, the proceeds of any issue, or any revenue obligation securities shall, except as specifically authorized by the Legislature, meet the requirements of the Internal Revenue Code of 1986, as amended, relating to exempt facility bonds; [PL 1989, c. 585, Pt. A, §7 (NEW).]

3. **Acquire securities.** Issue revenue obligation securities to acquire one or more issues of revenue obligation securities issued by municipalities or to acquire any other bond not eligible for purchase pursuant to Title 30-A, chapter 225. Any single issue of securities may provide funds for the acquisition of revenue obligation securities of one or more municipalities or of bonds for one or more eligible projects which may be separate, unconnected and distinct; [PL 1989, c. 585, Pt. A, §7 (NEW).]

4. **Refunding securities.** Issue revenue refunding obligation securities as provided to refund any outstanding revenue obligation securities issued under this article; [PL 1989, c. 585, Pt. A, §7 (NEW).]

5. **Serve as broker or agent.** Serve as a broker, agent or other financial intermediary for the secondary marketing of obligations issued or incurred in connection with the financing of eligible projects and for the encouragement of the flow of private funds for capital investment; [PL 1989, c. 585, Pt. A, §7 (NEW).]

6. **Facilities.** Plan, carry out, acquire, lease and operate facilities and provide for the construction, reconstruction, improvement, alteration or repair of any facility or any part of a facility; [PL 1989, c. 585, Pt. A, §7 (NEW).]
7. **Acquisition and disposal of property.** Acquire or enable an applicant to acquire, upon reasonable terms from funds provided under this article, the lands, structures, property, rights, rights-of-way, franchises, easements and other interests in lands, including lands under water and riparian rights, that are located within the State and considered necessary or convenient for the construction or operation of any eligible waste project, and dispose of them; [PL 1989, c. 585, Pt. A, §7 (NEW); PL 1989, c. 869, Pt. A, §15 (AMD).]

8. **Contracts.** Make and enter into all financial documents and other contracts and trust agreements securing revenue obligation securities issued under this article, provided all expenses are payable solely from funds made available under this article; [PL 1989, c. 585, Pt. A, §7 (NEW).]

9. **Consent to modification of contracts, lease or agreement.** To the extent not forbidden under its contract with the holders of bonds, consent to any modification of any contract, lease or agreement of any kind to which the agency is a party; [PL 1989, c. 585, Pt. A, §7 (NEW).]

10. **Employment of specialists.** Employ consulting and other engineers, attorneys, accountants, construction and financial experts, superintendents, managers and other necessary employees and agents and fix their compensation, provided all expenses are payable solely from funds made available under this subchapter; [PL 1989, c. 585, Pt. A, §7 (NEW).]

11. **Government contracts.** Enter into contracts with regional associations, municipalities, the State or a federal agency relating to any eligible solid waste project; [PL 1989, c. 585, Pt. A, §7 (NEW).]

12. **Government aid.** Accept loans or grants for the planning, construction or acquisition of any eligible solid waste project from a municipality, an authorized agency of the State or a federal agency and enter into agreements with the agency respecting the loans or grants. In the case of all loans, grants or other aid involving pollution-control facilities, the consent of the commissioner must first be obtained, notwithstanding section 362; [PL 1989, c. 585, Pt. A, §7 (NEW); PL 1989, c. 890, Pt. A, §40 (AFF); PL 1989, c. 890, Pt. B, §294 (AMD).]

13. **Private aid.** Receive and accept aid and contributions from any source of money, property, labor or other things of value, to be held, used and applied only for the purposes for which these loans, grants and contributions may be made; [PL 1989, c. 585, Pt. A, §7 (NEW).]

14. **Applicability.** Provide financial assistance by means of leases that are not subject to Title 14, section 6010. Leases made under this section may provide that obligations of the lessees are unconditional; and [PL 1989, c. 585, Pt. A, §7 (NEW).]

15. **Application.** Provide financial assistance by means of revenue obligation securities which are not subject to Title 32, chapter 135, relating to dealers in securities. [PL 2005, c. 65, Pt. C, §20 (AMD).]

**SECTION HISTORY**

§2213. Issuance of revenue obligation securities
1. Notice of intent to issue bonds; actions to contest validity. The agency may provide, at one time or from time to time, for the issuance of revenue obligation securities of the agency for the purposes authorized in this chapter. No revenue obligation securities of the agency may be issued until:

A. The project has been determined to be consistent with the state plan pursuant to section 1310-AA, if applicable, and the necessary permits have been obtained from the department; [PL 1995, c. 465, Pt. A, §78 (AMD); PL 1995, c. 465, Pt. C, §2 (AFF).]

B. A notice of the intent of the agency to issue the securities is published at least once in a newspaper of general circulation in the region in which the project is to be located:

1. No later than 14 days after the date on which the agency decides to issue revenue obligation securities under this subchapter;
2. Describing the general purpose or purposes for which the securities are to be issued;
3. Stating the maximum principal amount of the proposed securities; and
4. Including a statement as to the time within which any petition to contest the issuance of the securities must be commenced. [PL 1989, c. 585, Pt. A, §7 (NEW); PL 1989, c. 869, Pt. A, §16 (AMD).]

Any action or proceeding in any court to contest the issuance of the securities must be started within 30 days after the date of the publication required by paragraph B and otherwise shall be governed by Title 5, chapter 375, subchapter VII. For the purposes of this subchapter and the Maine Administrative Procedure Act, Title 5, chapter 375, the later date of newspaper publication required by paragraph B shall constitute the final agency action with respect to the issuance of the securities. After the expiration of the 30-day period of limitation, no right of action or defense founded upon the invalidity of the issuance of the securities may be opened to question in any court upon any grounds. [PL 1995, c. 465, Pt. A, §78 (AMD); PL 1995, c. 465, Pt. C, §2 (AFF).]

2. Treasurer of State as agent. The Treasurer of State shall, at the direction of the agency, act as the agency's agent for the sale and delivery of revenue obligation securities and anticipatory notes. The Treasurer of State shall assist the agency in the preparation, issuance, negotiation and sale of the securities and notes and provide reasonable advice and management assistance. The agency may employ further counsel or assistants or act in its own behalf, provided that the sale and delivery of revenue obligation securities and anticipatory notes shall be carried out at the agency's direction with and through the Treasurer of State. [PL 1989, c. 585, Pt. A, §7 (NEW).]

3. Conclusive authorization. All revenue obligation securities of the agency shall be conclusively presumed to be fully authorized and issued under the laws of the State, and any person or governmental unit shall be estopped from questioning their authorization, sale, issuance, execution or delivery by the agency. [PL 1989, c. 585, Pt. A, §7 (NEW).]

4. Maturity; interest. The securities of each issue of revenue obligation securities shall be dated, mature at a time or times not exceeding 20 years from the date of the securities and bear interest at a rate or rates determined by the agency. At the option of the agency, the securities may be made redeemable before maturity at a price or prices and under terms and conditions fixed prior to issuance. [PL 1989, c. 585, Pt. A, §7 (NEW).]

5. Form. The agency shall determine the form of the securities, including any attached interest coupons, the manner of execution of the securities, the denomination or denominations of the securities and the place or places for payment of principal and interest, which may be at any financial institution within or without the State. Revenue obligation securities shall be executed in the name of the agency by the manual or facsimile signature of the authorized official or officials. Any attached coupons shall
be executed with the manual or facsimile signature of the authorized official or officials. Signatures and facsimiles of signatures on securities and coupons are valid for all purposes even if the authorized official ceases to hold office before delivery of the securities. The securities may be issued in coupon or registered form or both as the agency may determine. Provision may be made for the registration of any coupon securities to principal alone and to both principal and interest, and for the reconversion into coupon securities of any securities registered to both principal and interest. In addition to this subsection, the agency may provide for transfer of registration of the agency's registered revenue obligation securities by book entry on the records of the entity designated for that purpose and may enter into such contractual arrangements as may be necessary to accomplish these purposes. In the event a book entry method of transfer is used, principal of and interest on those registered securities shall be payable to the registered owner shown in the book entry, the owner's legal representatives, successors or transferees.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

6. Sale. The agency may sell the securities at a public or private sale, in a manner and at a price the agency determines to be in the best interest of the agency. The agency shall not sell the securities to any firm, partnership, corporation or association, including an affiliate or subsidiary, which is a party to any contract pertaining to the financed project or which is to rent, purchase, lease or otherwise occupy premises constituting part of the project. The agency may sell the securities to a seller of the project if the project is to be used and operated by a 3rd party.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

7. Proceeds. The proceeds of each issue shall be used solely for the authorized purposes and shall be disbursed as provided in the securing trust agreement or other document. Administration costs incurred by the agency under this program may be drawn from those proceeds. If the proceeds are less than the cost of the project, by error in the estimate or otherwise, additional securities may be issued in a like manner to provide the amount of the deficit and, unless otherwise provided in the securing trust agreement or other document, the additional securities are deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the securities first issued for the same purpose. The agency may place limits or restrictions on the issuance of additional revenue obligation securities through the securing trust agreement or other document. The agency may provide for the replacement of mutilated, destroyed or lost securities. Revenue obligation securities may be issued under this subchapter without obtaining the consent of any department, division, commission, board, bureau or agency of the State and without any other proceedings or the occurrence of any conditions or things other than those proceedings, conditions or things which are specifically required by this subchapter. Notwithstanding any of the other provisions of this subchapter, or of any recitals in any securities issued under this subchapter, all such securities are deemed to be negotiable instruments issued under the laws of this State.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

8. Credit not pledged. Except as provided in this subsection, securities issued under this subchapter shall not constitute any debt or liability of the State or of any municipality in the State or any political subdivision of the State, or of the agency or a pledge of the faith and credit of the State or of any such municipality or political subdivision, but shall be payable solely from the revenues of the project or projects for which the securities are issued or from other eligible collateral or the revenues or proceeds of other eligible collateral pledged to the payment of the revenue obligation securities and all such securities shall contain on the securities' face a statement to that effect. The issuance of securities under this subchapter shall not directly or indirectly or contingently obligate the State or any municipality or political subdivision to levy or to pledge any form of taxation whatever or to make any appropriation for payment.

[PL 1989, c. 585, Pt. A, §7 (NEW).]
9. **Anticipatory borrowing.** In anticipation of the sale of securities under this article, the agency may issue temporary notes and renewal notes, the total face amount of which does not exceed at any one time outstanding the authorized amount of the securities. The period of anticipatory borrowing shall not exceed 3 years and the time within which the securities are to become due shall not be extended by the anticipatory borrowing beyond the term permitted by law. [PL 1989, c. 585, Pt. A, §7 (NEW).]

10. **Environmental protection.** Revenue obligation securities of the agency may not be issued for a project until the commissioner certifies to the agency that all licenses required by the department with respect to the project are issued or that none are required. Any subsequent enlargement or addition to the project for which approval is sought from the agency requires certification by the commissioner. [PL 1989, c. 585, Pt. A, §7 (NEW); PL 1989, c. 890, Pt. A, §40 (AFF); PL 1989, c. 890, Pt. B, §295 (AMD).]

**SECTION HISTORY**

§2214. **Trust agreements or other documents**

1. **Trust agreements or other documents.** At the discretion of the agency, revenue obligation securities may be issued under this subchapter pursuant to a trust agreement or other document. The trust agreement or other document may:

   A. Pledge or assign the revenues or proceeds of the project or projects or other eligible collateral; [PL 1989, c. 585, Pt. A, §7 (NEW).]

   B. Set forth the rights and remedies of the security holders and other persons and contain any reasonable and legal provisions for protecting the rights and remedies of the security holders; [PL 1989, c. 585, Pt. A, §7 (NEW).]

   C. Restrict the individual right of action by security holders; and [PL 1989, c. 585, Pt. A, §7 (NEW).]

   D. Include covenants setting forth the duties of the agency and user in relation to:

      (1) Acquisition of property or eligible collateral;

      (2) Construction, reconstruction, renewal, replacement and insurance of the project or eligible collateral;

      (3) Rents to be charged or other payments to be made for use;

      (4) Payment for the project or eligible collateral; and

      (5) Custody, safeguarding and application of all money. [PL 1989, c. 585, Pt. A, §7 (NEW).]

Any financial institution may furnish indemnifying bonds or pledge the securities as may be required by the agency. [PL 1989, c. 585, Pt. A, §7 (NEW).]

2. **Mortgages.** To further secure the payment of the revenue obligation securities, the trust agreement or other document may mortgage or assign the mortgage of the project, or any part of the project, and create a lien on or security interest in any or all of the project. In the event of a default with respect to the revenue obligation securities, the trustee, mortgagee or other person may be authorized by the trust agreement or other document containing a mortgage or assignment of a mortgage to take possession of, hold, manage and operate all or any part of the mortgaged property and, with or without taking possession, to sell or from time to time lease the property in accordance with law. Any
security interest granted by the authority under this chapter may be created and perfected in accordance with the Uniform Commercial Code, Title 11, Article 9-A.

3. Additional provisions. Any trust agreement or other document may contain provisions which shall be a part of the contract with holders of revenue obligation securities as to:

A. Pledging any specified revenues or assets of the agency to secure the payment of the securities, subject to agreements with existing holders of securities; [PL 1989, c. 585, Pt. A, §7 (NEW).]

B. Pledging all or any part of the unencumbered revenues or assets of the agency to secure the payment of securities, subject to agreements with existing holders of securities; [PL 1989, c. 585, Pt. A, §7 (NEW).]

C. Setting aside, regulating and disposing of reserves or sinking funds; [PL 1989, c. 585, Pt. A, §7 (NEW).]

D. Limitations on the purpose to which the proceeds of sale of securities may be applied and the pledge of the proceeds to secure the payment of the securities or of any issue of securities; [PL 1989, c. 585, Pt. A, §7 (NEW).]

E. Limitations on the issuance of additional securities; [PL 1989, c. 585, Pt. A, §7 (NEW).]

F. The terms on which additional securities may be issued and secured and the refunding of outstanding or other securities; [PL 1989, c. 585, Pt. A, §7 (NEW).]

G. The procedure, if any, by which the terms of any contract with holders of securities may be amended or abrogated, including the proportion of the holders which must consent and the manner in which the consent may be given; [PL 1989, c. 585, Pt. A, §7 (NEW).]

H. Limitations on the amount of money to be expended by the agency for operating expenses of the agency; [PL 1989, c. 585, Pt. A, §7 (NEW).]

I. Vesting in a trustee or trustees such property, rights, powers and duties in trust as the agency may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the holders of the securities under this subchapter, and limiting or abrogating the right of the holders of the securities to appoint a trustee under this chapter or limiting the rights, powers and duties of the trustee; [PL 1989, c. 585, Pt. A, §7 (NEW).]

J. Defining the acts or omissions to act which will constitute a default in the obligations and duties of the agency to the holders of the securities and providing for the rights and remedies of the holders of the securities in the event of default, including, as a matter of right, the appointment of a receiver, but only if the rights and remedies are not inconsistent with the laws of the State and other provisions of this subchapter; and [PL 1989, c. 585, Pt. A, §7 (NEW).]

K. Any other matters, of like or different character, which in any way affect the security or protection of the holders of the securities. [PL 1989, c. 585, Pt. A, §7 (NEW).]

[PL 1989, c. 585, Pt. A, §7 (NEW).]

4. Expenses; pledges. All expenses incurred in carrying out a trust agreement or financial document may be treated as a part of the cost of the operation of the project. All pledges of revenue or eligible collateral under this subchapter shall be valid and binding from the time when the pledge is made. All the revenues or eligible collateral pledged and later received by the agency shall immediately be subject to the lien of the pledges without any physical delivery or further action under the Uniform Commercial Code or otherwise. The lien of the pledges shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise, against the agency, irrespective of whether the parties have notice thereof.

[PL 1989, c. 585, Pt. A, §7 (NEW).]
5. **Other provisions.** A trust agreement or financial document may contain other provisions the agency deems reasonable and proper for the security of the security holders.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

SECTION HISTORY

§2215. **Rentals and revenues**

1. **Provisions.** Before issuing revenue obligation securities, the agency shall determine that there shall at all times be revenues and funds sufficient to:

   A. Pay the principal and interest of the securities as they become due and payable and, in its discretion, to create and maintain reserves for that purpose; and [PL 1989, c. 585, Pt. A, §7 (NEW).]

   B. Pay the cost of maintaining and, where applicable, repairing the project unless provision is made in the financial document or other contract for maintenance and, where applicable, repair. [PL 1989, c. 585, Pt. A, §7 (NEW).]

   [PL 1989, c. 585, Pt. A, §7 (NEW).]

2. **Sinking fund.** All project rentals and other revenues, except those required in subsection 1, paragraph B or to provide reserves for maintenance and, where applicable, repair, may be set aside at regular intervals as provided in the trust agreement or other document and deposited to the credit of a sinking fund charged with payment of the interest and principal of the securities as they fall due, any necessary charges of paying agents for paying principal and interest and the redemption price or the purchase price of securities retired by call or purchase. Use of money deposited to the credit of the sinking fund shall be subject to regulations prescribed in the trust agreement or other document. Except as may otherwise be provided in the trust agreement or other document, the sinking fund shall be a fund for the benefit of all securities issued for the project or projects without distinction or priority of one over another.

   [PL 1989, c. 585, Pt. A, §7 (NEW).]

3. **Trust funds.** All money received under this subchapter shall be deemed trust funds, to be held and applied solely as provided in this subchapter. Any officer to whom, or any bank, trust company or other fiscal agency or trustee to which, the money shall be paid shall act as trustees of the money and shall hold and apply it for the purposes of this subchapter, subject to the requirements of this subchapter, the trust agreement or other applicable document.

§2217. Revenue refunding securities

The agency may provide for the issuance of revenue refunding securities of the agency to refund any outstanding revenue securities issued under this subchapter or to refund any obligations or securities of any municipality, including the payment of any redemption premiums and any interest accrued or to accrue to the date of redemption, and, if deemed advisable for the agency, to construct or enable the construction of improvements, extensions, enlargements or additions of the original project. The agency may provide for the issuance of revenue obligation securities of the agency for the combined purpose of refunding any outstanding revenue obligation securities or revenue refunding securities issued under this subchapter or to refund any obligations or securities of any municipality, including the payment of redemption premiums and interest accrued or to accrue and paying all or any part of the cost of acquiring or constructing or enabling the acquisition or construction of any additional project or part of any improvements, extensions, enlargements or additions of any project. The issuance of the securities, the maturities and other details, the rights and remedies of the holders and the rights, powers, privileges, duties and obligations of the agency shall be governed by the provisions of this subchapter insofar as they are applicable. §2220. Bonds as legal investments

The revenue obligation securities of the agency and any loan or extension of credit issued under this article shall be legal investments in which all public officers and public bodies of the State, its political subdivisions, all regional associations and municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, banking associations, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries and all other persons who are now or may later be authorized to invest bonds or other obligations of the State, may properly and legally invest funds, including capital, in their control or belonging to them. The revenue obligation securities and any loan or extension of credit which is issued under this subchapter are also made securities, which may properly and legally be deposited with all public officers and bodies of the State or any agency or political subdivisions and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the State is now or may later be authorized by law. SECTION HISTORY

PL 1989, c. 585, §A7 (NEW).

§2221. Capital reserve funds; obligation of State

1. Capital reserve fund. The agency may create and establish one or more capital reserve funds and may pay into any such capital reserve fund any money appropriated and made available by the State for the purposes of any such fund, any proceeds of sale by the agency of revenue obligation securities to the extent determined by the agency and any other money available to the agency. For purposes of this section, the amount of any letter of credit, insurance contract, surety bond, indemnification agreement or similar financial undertaking available to be drawn on and applied to obligations to which money in any such fund may be applied shall be deemed to be and counted as money in the capital reserve fund.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

2. Application. Money in any capital reserve fund created pursuant to subsection 1, except as provided in this section, shall be used solely with respect to revenue obligation securities or mortgage loans, repayment of which is secured by any such fund and solely for the payment of principal, accrued interest and costs and expenses chargeable to the mortgage loan or securities, the purchase or redemption of the securities, including any fees or premiums or the payment of interest on the securities. Money in excess of the reserve requirement set forth in subsection 3 may be transferred to other funds and accounts of the agency.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

3. Reserve requirement. The agency may provide that money in any such fund shall not be withdrawn at any time in an amount which would reduce the amount of any such fund to less than the maximum amount of principal and interest becoming due and payable under any applicable trust agreement or other agreement in the next succeeding 12-month period, the amount being referred to as the capital reserve requirement, except for the purpose of paying the amount due and payable with respect to revenue obligation securities or mortgage loans, repayment of which is secured by any such fund.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

4. Issuance limit. The agency may provide that it shall not issue revenue obligation securities if the capital reserve requirement with respect to securities outstanding and then to be issued and secured by any such fund will exceed the amount of any such fund, including the amount available to be drawn on any letter of credit given to secure the capital reserve requirement, at the time of issuance, unless the agency, at the time of issuance of the securities, shall deposit in any such fund from proceeds of the securities to be issued, or from other sources, an amount which, together with the amounts then in any such fund and amounts available to be drawn under any letter of credit, will not be less than the capital reserve requirement.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

5. Security for mortgage loans. With respect to any mortgage loans which may be secured under this article, the agency may provide that such mortgage loans shall be secured by one or more capital reserve funds established pursuant to subsection 1. Any commitment with respect to a mortgage loan executed and delivered pursuant to this section shall be conclusive evidence of the eligibility of the mortgage loan for capital reserve fund security and the validity of any such commitment or contract shall be incontestable in the hands of a mortgage lender except for fraud or misrepresentation on the part of the mortgage lender. Mortgages secured by capital reserve funds under this section are made legal investments for all insurance companies, trust companies, banks, investment companies, savings banks, savings and loan associations, executors, trustees and other fiduciaries, public and private pension or retirement funds and other persons.

[PL 1989, c. 585, Pt. A, §7 (NEW).]
6. Appropriation. On or before December 1st, annually, the agency shall certify to the Governor the amount, if any, necessary to restore the amount in any capital reserve fund, to which this subsection is stated in any written agreement, the trust agreement or other document to apply, to the capital reserve requirement. The Governor shall pay directly from the State Contingent Account to any such fund as much of the amount as is available in that account, as determined by the Governor, and shall transmit directly to the Legislature certification and a statement of the amount, if any, remaining to be paid. The certified amount shall be appropriated and paid to the agency during the current state fiscal year.

[PL 1989, c. 585, Pt. A, §7 (NEW).]

7. Obligations and securities outstanding. The agency may not have at any one time outstanding obligations or revenue obligation securities to which subsection 6 is stated in any agreement or the trust agreement or other document to apply in principal amount exceeding an amount equal to $50,000,000. This subsection constitutes specific legislative approval to issue up to $50,000,000 in tax-exempt revenue obligation securities. The amount of revenue obligation securities issued to refund securities previously issued may not be taken into account in determining the principal amount of securities outstanding, provided that proceeds of the refunding securities are applied as promptly as possible to the refunding of the previously issued securities. In computing the total amount of revenue obligation securities of the agency that may at any time be outstanding for any purpose, the amount of the outstanding revenue obligation securities that have been issued as capital appreciation bonds or as similar instruments shall be valued as of any date of calculation at their then current accreted value rather than their face value.

SECTION HISTORY

§2222. Taxable bond option

With respect to all or any portion of any issue of any bonds or any series of bonds which the agency may issue in accordance with the limitations and restrictions of this subchapter, the agency may covenant and consent that the interest on the bonds shall be includable, under the United States Internal Revenue Code of 1986, as amended, or any subsequent corresponding internal revenue law of the United States, in the gross income of the holders of the bonds to the same extent and in the same manner that the interest on bills, bonds, notes or other obligations of the United States is includable in the gross income of the holders under the United States Internal Revenue Code or any subsequent law. The foregoing grant of power shall not be construed as limiting the inherent power of the State or its agencies under any other provision of law to issue debt, the interest on which is includable in the gross income of the holders of the interest under the United States Internal Revenue Code or any subsequent law. SUBCHAPTER 8

INCINERATION PLANT FINANCIAL STATEMENTS

§2231. Definitions

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings. [PL 1991, c. 676, §1 (NEW).]

1. Incineration facility. "Incineration facility" means a facility that accepts municipal solid waste for consideration and disposes of the waste through combustion, including combustion for the
generation of heat, steam or electricity. A facility that incinerates municipal solid waste in amounts that constitute less than 2% by weight of its fuel is not an incineration facility.

[PL 1991, c. 676, §1 (NEW).]

2. **Solid waste.**"Solid waste" means useless, unwanted or discarded solid material with insufficient liquid content to be free flowing, including, but not limited to, rubbish, garbage, scrap materials, junk, refuse, inert fill material and landscape refuse. "Solid waste" includes fuel, whether solid, liquid or gas, derived from materials such as those listed.

[PL 1991, c. 676, §1 (NEW).]

3. **Tipping fee.**"Tipping fee" means any fee, rate, toll or other charge that an incineration facility charges for disposal of solid waste from the facility's customers.

[PL 1991, c. 676, §1 (NEW).]

4. **Waste source.**"Waste source" means any entity that pays a tipping fee to an incineration facility.

[PL 1991, c. 676, §1 (NEW).]

§2232. **Reporting**

An incineration facility shall submit an annual report to the department no later than 90 days after the end of the incineration facility's fiscal year. For reasonable cause shown and upon written application by an incineration facility, the department may grant an extension of the 90-day period. The report must be certified by an appropriate executive officer of the incineration facility as being complete and accurate. The department may prescribe the form of the annual report and the number of copies that must be submitted. The report must include the following information: [PL 2011, c. 655, Pt. GG, §65 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

1. **Waste.** The total weight in tons of all solid waste received by the incineration facility in the last completed fiscal year and each month of that year and a breakdown of these totals according to the waste sources;

[PL 1991, c. 676, §1 (NEW).]

2. **Tipping fee.** A schedule of various tipping fees imposed by the incineration facility on the incineration facility's municipal and commercial customers over the last completed fiscal year including an identification of all changes in those fees and a similar schedule of fees to be imposed on municipal and commercial customers for the next fiscal year. The tipping fees for commercial customers must be set out separately by each rate charged to each category of commercial customer;

[PL 1991, c. 676, §1 (NEW).]

3. **Revenue.** The total revenue of the incineration facility from all sources for the last completed fiscal year and each month of that year. Revenue figures must identify revenues from each revenue source, including, but not limited to, tipping fees and any revenue from sales of electricity to transmission and distribution utilities;

[PL 1999, c. 657, §27 (AMD).]

4. **Expenditures.** The total expenditures of the incineration facility during the last completed fiscal year including details of those expenditures as required by the department; and

[PL 2011, c. 655, Pt. GG, §66 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

5. **Other information.** Any other information required by the department.

[PL 2011, c. 655, Pt. GG, §66 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY
§2233. Civil violation

A person that violates any requirement of section 2232 commits a civil violation for which a forfeiture not to exceed $200 may be adjudged. Each day of a violation is considered a separate offense. [PL 1991, c. 676, §1 (NEW).]

SECTION HISTORY
PL 1991, c. 676, §1 (NEW).

§2234. Civil penalty

A person that certifies a report under section 2232 as being complete and accurate and who knows that the report is either incomplete or inaccurate is subject to a civil penalty not to exceed $500, payable to the State. This penalty is recoverable in a civil action. [PL 1991, c. 676, §1 (NEW).]

SECTION HISTORY
PL 1991, c. 676, §1 (NEW).

§2235. Use of files

The department shall keep on file for public inspection and use all reports submitted under this subchapter. [PL 2011, c. 655, Pt. GG, §67 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]

SECTION HISTORY

§2236. Limitation

Nothing in this subchapter may be construed to create or expand any authority of the department over financial, organizational or rate regulation of incineration facilities. [PL 2011, c. 655, Pt. GG, §68 (AMD); PL 2011, c. 655, Pt. GG, §70 (AFF).]
