

§560. Vessels at anchorage

1. Purpose. The Legislature intends by the enactment of this section to exercise the police power of the State through the department by conferring upon the department the exclusive power to deal with the hazards and threats of danger and damage posed by the anchorage of oil-carrying vessels in the waters of the State. The purpose of rules adopted by the board is to protect the coastal waters, tidal flats, beaches and lands adjoining the waters of the State from damage by the intentional or accidental discharge of oil, other pollutants as defined in section 361-A or air contaminants as defined in section 582 or explosion from the accumulation of gases aboard vessels and to prohibit interference with the harvesting of marine resources and aesthetic and recreational uses of coastal waters.

The board shall adopt rules limiting or, to the extent the board determines necessary, prohibiting the anchorage in Maine coastal waters, estuaries or rivers under the jurisdiction of the State of vessels designed or used to carry oil as cargo. All rules adopted by the board under this section do not apply to vessels at anchorage prior to July 1, 1975.
