PL 1987, c. 534, §§A17,A19 (NEW).

§13062. Office of Business Development

The Director of the Office of Business Development shall administer the office in accordance with the policies of the commissioner and the provisions of this chapter, emphasizing a program of targeted business development designed to attract particular types of businesses that have potential for Maine and businesses that are considered to be compatible with Maine's environment and interests. The office shall actively seek and encourage firms to expand or locate in Maine. The office is responsible for the implementation of programs designed to promote Maine products in national and international markets and to develop markets for industry located in Maine. [PL 2003, c. 673, Pt. M, §6 (AMD).]

The Office of Business Development shall be responsible for the implementation of a program consisting of 3 primary elements. [PL 1987, c. 534, Pt. A, §§17, 19 (NEW).]

1. Business investment. Business investment shall be encouraged consistent with this subsection.

A. The office shall conduct an analysis of the various industrial sectors of the economy. The types of businesses to be targeted for attraction are those that have potential for development in Maine and that will contribute to a healthy climate for Maine's businesses, families and environment. [PL 1999, c. 272, §1 (AMD).]

B. The office shall report its findings and recommendations to the commissioner. The commissioner, with the advice of the director shall determine the type and extent of the business investment program to be implemented. [PL 1987, c. 534, Pt. A, §§17, 19 (NEW).]

C. The director, with the approval of the commissioner, may make grants for market development from appropriations for that purpose to any municipality or group of municipalities which have received a grant of authority from the Federal Government to establish a foreign trade zone. [PL 1987, c. 534, Pt. A, §§17, 19 (NEW).]

D. Application for foreign trade zones shall be according to this paragraph.

(1) The director, with the approval of the commissioner, on behalf of the State, may make applications to the Foreign Trade Zone Board and establish foreign trade zones that are to be located on state-owned, leased or otherwise controlled property. A municipality, group of municipalities or a public or private corporation may, with the approval of the department, make applications to the Foreign Trade Zone Board and establish foreign trade zones at other locations. Foreign trade zones shall be established in or adjacent to any ports of entry in the State, where personal property in transit shall be exempt from the stock-in-trade tax and such other taxes and customs as are normally levied in a port of entry.

(2) Any development or activity with a foreign trade zone established in the State is subject to the laws which the Department of Environmental Protection, Department of Agriculture, Conservation and Forestry, Department of Marine Resources and Department of Inland Fisheries and Wildlife are responsible for administering, as well as any other law which protects the environment.

(3) For the purpose of this subsection, "personal property in transit" through the areas established under this paragraph means goods, wares and merchandise either moving in interstate or international commerce through these zones or consigned to a warehouse, public or private, within these zones, whether specified when transportation begins or afterward. This property shall not be deprived of exemption because, while in the warehouse, the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged. The exemption granted shall be liberally construed to effect the purposes of this subsection. The warehouse in which these goods, wares or merchandise are stored shall not be owned, in whole or in part, by either the consignee or consignor. This paragraph does not apply to agricultural products. [PL 1989, c. 781 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

BUSINESS ASSISTANCE REFERRAL AND FACILITATION PROGRAM: PROGRAM RESPONSIBILITIES AND DELIVERY

§13063. Business Ombudsman Program

The director shall establish and implement pursuant to this section the Business Ombudsman Program, referred to in this section as "the program," and the director shall serve as the ombudsman for the program. The program is established to: resolve problems encountered by businesses dealing with other state agencies; facilitate responsiveness of State Government to small business needs; report to the commissioner and the Legislature on breakdowns in the economic delivery system, including problems encountered by businesses dealing with state agencies; assist businesses by referring businesses and persons to resources that provide the business services or assistance requested; provide comprehensive permit information and assistance; and serve as a central clearinghouse of information with respect to business assistance programs and services available in the State. [PL 2011, c. 304, Pt. C, §2 (AMD).]

1. Referral and central clearinghouse service. The ombudsman shall maintain and update annually a list of the business assistance programs and services and the names, locations, websites and telephone numbers of the organizations providing these programs and services that are available within the State. The ombudsman may publish a guide consisting of the business assistance programs and services available from public or private sector organizations throughout the State. This program must be designed to:

A. Respond to written and oral requests for information about business services and assistance programs available throughout the State; [PL 1987, c. 534, Pt. A, §§17, 19 (NEW).]

B. Obtain and compile the most current and available information pertaining to business assistance programs and services within the State; [PL 1987, c. 534, Pt. A, §§17, 19 (NEW).]

C. Delineate the business assistance programs and services by type of program or service and by agency; and [PL 1987, c. 534, Pt. A, §§17, 19 (NEW).]

D. Maintain a list, to be updated annually, of marketing programs of state agencies with a description of each program. [PL 1987, c. 534, Pt. A, §§17, 19 (NEW).]

[PL 2011, c. 304, Pt. C, §2 (AMD).]

2. Business fairness and responsiveness. The ombudsman shall implement a business fairness and responsiveness service designed to:

A. Resolve problems encountered by businesses with other state agencies and with certified regional and local economic development organizations; [PL 2011, c. 304, Pt. C, §2 (AMD).]

B. Coordinate programs and services for business among agencies and all levels of government; [PL 1987, c. 534, Pt. A, §§17, 19 (NEW).]

C. Facilitate responsiveness of State Government to business needs; and [PL 2011, c. 304, Pt. C, §2 (AMD).]

D. Report to the commissioner and the Legislature any breakdowns in the economic delivery system, including problems encountered by businesses dealing with state agencies. [PL 2011, c. 304, Pt. C, §2 (AMD).]

[PL 2011, c. 304, Pt. C, §2 (AMD).]

3. Comprehensive permit information. The ombudsman shall develop and maintain a program to provide comprehensive information on permits required for business undertakings, projects and activities and to make that information available to any person. This program must function as follows.

A. By December 15, 2011, each state agency required to review, approve or grant permits for business undertakings, projects and activities shall report to the office in a form prescribed by the office on each type of review, approval and permit administered by that state agency. Application forms, applicable agency rules and the estimated time period necessary for permit application consideration based on experience and statutory or regulatory requirements must accompany each state agency report. [PL 2011, c. 304, Pt. C, §2 (AMD).]

B. Each state agency required to review, approve or grant permits for business undertakings, projects and activities, subsequent to its report pursuant to paragraph A, shall provide to the office, for information purposes only, a report of any new permit or modification of any existing permit together with applicable forms, rules and information required under subsections 1 and 2 regarding the new or modified permit. To ensure that the department's information is current, each agency shall report immediately to the office when a new permit is adopted or any existing permit is modified. "Permit," as used in this paragraph, refers to the categorical authorization required for an activity. "Permit" does not mean a permit issued to a particular individual or business. [PL 1991, c. 826, §2 (NEW).]

C. The office shall prepare an information file on each state agency's permit requirements upon receipt of that state agency's reports and shall develop methods for that file's maintenance, revision, updating and ready access. [PL 1991, c. 826, §2 (NEW).]

D. The office shall provide comprehensive permit information on the basis of the information received under this subsection. The office may prepare and distribute publications, guides and other materials explaining permit requirements affecting business and including requirements involving multiple permits or multiple state agencies that are based on the state agency reports and the information file for the convenience of permit applicants. [PL 1991, c. 826, §2 (NEW).]

[PL 2011, c. 304, Pt. C, §2 (AMD).]

4. Permit assistance. By December 15, 2011, the ombudsman shall set up procedures to assist permit applicants who have encountered difficulties in obtaining timely and efficient permit review. These procedures must include the following.

A. Any applicant for permits required for a business undertaking, project or activity must be allowed to confer with the office to obtain assistance in the prompt and efficient processing and review of applications. [PL 1991, c. 826, §2 (NEW).]

B. The office shall, as far as possible, give assistance, and the ombudsman may designate an officer or employee of the office to act as an expeditor with the purpose of:

- (1) Facilitating contacts for the applicant with state agencies responsible for processing and reviewing permit applications;
- (2) Arranging conferences to clarify the interest and requirements of any state agency with respect to permit applications;
- (3) Considering with state agencies the feasibility of consolidating hearings and data required of the applicant;
- (4) Assisting the applicant in the resolution of outstanding issues identified by state agencies, including delays experienced in permit review; and
- (5) Coordinating federal, state and local permit review actions to the extent practicable. [PL 2011, c. 304, Pt. C, §2 (AMD).]

[PL 2011, c. 304, Pt. C, §2 (AMD).]

5. Retail business permitting program. The ombudsman shall establish and administer a central permitting program for all permits required by retail businesses selling directly to the final consumer, including, but not limited to, permits required for the operation of hotels and motels, convenience stores and eating establishments, and permits required for the sale of liquor or beer, tobacco, food, beverages, lottery tickets and gasoline. Permits issued by the Department of Environmental Protection, the Department of Marine Resources and the Maine Land Use Planning Commission are not included in this program. The ombudsman shall:

- A. Create a consolidated permit procedure that allows each business to check on a cover sheet all state permits for which it is applying and to receive all permit applications from a centralized office; [PL 1993, c. 430, §1 (NEW).]
- B. Total all permit fees due from a business, collect those fees on a semiannual basis, with 1/2 of the total fees due by January 1st and 1/2 of the total fees due by July 1st, and distribute the fees to the appropriate funds or permitting entities; [PL 1993, c. 430, §1 (NEW).]
- C. Forward a copy of the appropriate permit application to any commission, department, municipality or other agency that has responsibility for permitting that retail business; [PL 1993, c. 430, §1 (NEW).]
- D. Develop a tracking system to track permits issued by state agencies. This system must at a minimum include information on the applicant, agency involvement, time elapsed or expended on the permit and action taken; [PL 1993, c. 430, §1 (NEW).]
- E. Coordinate and supervise the permitting process to ensure that all involved state agencies process the applications and complete any necessary inspections in a timely fashion; and [PL 1993, c. 430, §1 (NEW).]
- F. Respond to inquiries from the business community and requests for information from the individual permitting entities, including reports on the status of an application. [PL 1993, c. 430, §1 (NEW).]

A retail business is not required to participate in the retail business permitting program. An enforcement action taken against a retail business for a permit obtained through the retail business permitting program does not affect other permits issued to that same retail business through that program. [PL 2017, c. 322, §1 (AMD).]

6. Municipal permitting agents. By February 1, 2012, the ombudsman shall establish a municipal centralized permitting program.

A. Upon application by the municipal officers of a municipality and upon evidence that the municipality meets all qualifications as determined by departmental rulemaking, the ombudsman shall appoint the municipality as a centralized permitting agent to provide all permits for retail businesses. Upon evidence that a municipality qualified to provide permits meets the qualifications for conducting the inspection associated with any of those permits as determined by departmental rulemaking, the ombudsman shall appoint that municipality as an agent to provide that inspection for retail businesses with less than 10,000 square feet of retail space. The ombudsman shall ensure that municipalities appointed as agents for purposes of inspection are qualified and capable of conducting those inspections in a manner that ensures compliance with all applicable public health and safety requirements. Retail businesses shall pay the municipality an additional fee of \$4 for each permit included in the consolidated application up to a limit of \$40. Municipalities may retain 1/2 of all fees collected for permits requiring inspection. The remaining 1/2 of those permit fees and all fees for permits not requiring inspection must be remitted to the department, which shall remit the fees to the issuing agency. A municipality with a population of less than 4,000 may contract with an appointed municipality for centralized permitting and inspection services. A retail business is not required to participate in the municipal central permitting program. [PL 2011, c. 304, Pt. C, §2 (AMD).]

B. The ombudsman shall make permitting and inspection training programs available to a municipality seeking appointment or appointed as a central permitting agent. The municipality shall pay a fee of \$25 for each person receiving permitting training and \$100 for each person receiving inspection training. [PL 2011, c. 304, Pt. C, §2 (AMD).]

C. A business that seeks to determine why it has not received its permits must be directed to the municipal office where the application was filed. That office shall bring the matter to the attention of the department, which shall contact the appropriate issuing agency. [PL 1993, c. 430, §1 (NEW).]

D. A joint standing committee of the Legislature that recommends legislation that involves a new permit for retail businesses shall indicate in the legislation whether the permit is to be included in the municipal centralized permitting program.

During a review under Title 3, chapter 35 of a permit issuing agency, the joint standing committee having responsibility for the review shall recommend whether any of the permits issued by that agency should be included in the municipal centralized permitting program. [PL 1995, c. 488, §3 (AMD).]

The ombudsman may extend by rulemaking, but may not curtail, the department's centralized permitting program or the municipal centralized permitting program, except that the programs may not be extended to include additional issuing agencies.

[PL 2011, c. 304, Pt. C, §2 (AMD).]

7. Goal and evaluation. It is the goal of the programs established in subsections 5 and 6 for retail businesses to obtain permits more quickly at no additional cost to the taxpayers of the State. The ombudsman shall devise and implement a program of data collection and analysis that allows a determination as to whether these goals have been met. This program must include the collection of benchmark data before the initiation of the programs and an enumeration of the number of municipalities participating in the program. By January 15, 2012 and every 2 years after that date, the ombudsman shall prepare and submit a report to the joint standing committee of the Legislature having jurisdiction over economic development matters regarding the effectiveness of the program and any recommendations as to why the retail business program and the municipal centralized permitting program should not be expanded to other sizes or types of businesses, to other issuing agencies and to smaller municipalities. The first report must contain an assessment of the levels of willingness of municipalities to participate in the programs established by this section.

[PL 2011, c. 304, Pt. C, §2 (AMD).]

8. Report. By January 15, 2012 and at least annually thereafter, the ombudsman shall report to the Governor and the joint standing committee of the Legislature having jurisdiction over economic development matters about the program with any recommendations for changes in the statutes to improve the program and its delivery of services to businesses. The joint standing committee of the Legislature having jurisdiction over economic development matters may report out a bill relating to the program.

SUBCHAPTER 3

TOURISM AND COMMUNITY DEVELOPMENT

ARTICLE 1

COMMUNITY DEVELOPMENT

§13071. Findings

The Legislature finds that the strength of the State's economy is based on the strength of the local economies of municipalities and their ability to adjust to the dramatic changes in the national and international economies. The Legislature also recognizes the need for the coordination of state, regional and local efforts and resources to produce solid economic growth and development for the State. [PL 1987, c. 534, Pt. A, §§ 17, 19 (NEW).]

Economic growth and development is not limited exclusively to the generation of new businesses and business expansions. It requires sufficient housing and infrastructure facilities, planning and availability of an educated and well-trained labor force which are necessary to the prosperity of municipalities. [PL 1987, c. 534, Pt. A, §§ 17, 19 (NEW).]

It is necessary to coordinate the development and delivery of community programs. By coordinating and focusing various community development programs, the impact of these programs can be far more effective. The existence of a central community development agency can improve and facilitate communication and assistance between the State and its municipalities. [PL 1987, c. 534, Pt. A, §§ 17, 19 (NEW).]

By working together, coordinating resources and developing policies which are mutually consistent and consistent with an overall state strategy, the State and its municipalities can realize their potential and prosperity in the future. [PL 1987, c. 534, Pt. A, §§ 17, 19 (NEW).]

§13080-N. Capital reserve funds; obligation of State

1. Capital reserve fund. The authority may create and establish one or more capital reserve funds and may pay into any such capital reserve fund money appropriated and made available by the State for the purposes of any such fund, any proceeds of sale by the authority of bonds to the extent determined by the authority and any other money available to the authority. For purposes of this section, the amount of any letter of credit, insurance contract, surety bond or similar financial undertaking available to be drawn on and applied to obligations to which money in any such fund may be applied is considered and counted as money in the capital reserve fund.

[PL 1993, c. 729, §10 (NEW).]

2. Application. Money held in any capital reserve fund, except as provided in this section, must be used solely with respect to bonds, repayment of which is secured by any such fund and solely for the payment of principal of the securities, the purchase or redemption of the securities, including any fees or premiums, or the payment of interest on the securities. In addition, if the authority obtains a letter of credit, insurance contract, surety bond or similar financial undertaking to establish and fund a capital reserve fund under subsection 1, money in the fund may be used to pay, when due, whether by acceleration or otherwise, all reimbursement obligations of the authority established in connection with that letter of credit, insurance contract, surety bond or similar financial undertaking, including, but not limited to, all fees, expenses, indemnities and commissions. Money in excess of the reserve requirement established as provided in subsection 3 may be transferred to other funds and accounts of the authority.

[PL 1993, c. 729, §10 (NEW).]

3. Reserve requirement. The authority may provide that money in a capital reserve fund under subsection 2 may not be withdrawn at any time in an amount that would reduce the amount of that fund below an amount, referred to in this section as the "capital reserve requirement," established by the authority, except for the purpose of paying the amount due and payable with respect to bonds, repayment of which is secured by that fund, or reimbursement obligations of the authority with respect to any letter of credit, insurance contract, surety bond or similar financial undertaking pertaining to that fund.

[PL 1993, c. 729, §10 (NEW).]

4. Issuance limit. The authority may provide that it will not issue bonds if the capital reserve requirement established by the authority with respect to securities outstanding and then to be issued and secured by a capital reserve fund will exceed the amount of that fund, including the amount available under any letter of credit, insurance contract, surety bond or other similar financial undertaking given to secure the capital reserve requirement, at the time of issuance, unless the authority, at the time of issuance of the securities, deposits in that fund from proceeds of the securities to be issued, or from other sources, an amount that, together with the amounts then in that fund and amounts

available under any letter of credit, insurance contract, surety bond or other similar financial undertaking will not be less than the capital reserve requirement.

[PL 1993, c. 729, §10 (NEW).]

5. Appropriation. On or before December 1st, annually, the authority shall certify to the Governor the amount, if any, necessary to restore the amount in any capital reserve fund. In trust agreements or other pertinent documents, it must be clearly stated that this subsection applies to the capital reserve requirement. The Governor shall pay from the Contingent Account to that fund as much of the amount as is available in the Contingent Account and shall transmit to the Legislature a certification and a statement of the amount, if any, remaining to be paid and the amount certified must be appropriated and paid to the authority during the then current state fiscal year.

[PL 2003, c. 598, §10 (AMD).]

6. Securities outstanding. The authority may not have at any one time outstanding bonds, which, in the trust agreement or other document, subsection 5 is stated to apply to, in principal amount exceeding an amount equal to \$100,000,000. The amount of bonds issued to refund securities previously issued may not be taken into account in determining the principal amount of securities outstanding, provided that proceeds of the refunding securities are applied as promptly as possible to the refunding of the previously issued securities. In computing the total amount of bonds of the authority that may at any time be outstanding for any purpose, the amounts of outstanding bonds that have been issued as capital appreciation bonds or as similar instruments are valued as of any date of calculation at their then current accreted value rather than their face value.

[PL 1995, c. 495, §8 (AMD).]

7. Other capital reserve funds. This section, including subsection 5, may not be construed to require that each capital reserve fund established under this section have the benefit described in subsection 5.

§13080-R. Calculation of employment tax increment

The assessor shall calculate the employment tax increment as follows. [PL 1995, c. 644, §2 (NEW).]

1. Adjustment for shifted revenues. The assessor shall subtract from the gross employment tax increment any revenues attributed to employment shifted from affiliated businesses to a business located within the base area. This adjustment is calculated by comparing the current year's income withholding tax revenues for businesses that are members of an affiliated group with revenues for the group as a whole. If the growth in income withholding tax revenue for any group exceeds the growth of income withholding tax revenue generated by the group's member business within the base area, the portion of the gross employment tax increment attributable to that business does not have to be adjusted to remove employment shifted from affiliated businesses. If the growth in income withholding tax revenue for any group is less than the growth in income withholding tax revenue for that group's member business within the base area, the difference is presumed to have been shifted from affiliated businesses to the base area and the portion of the gross employment tax increment attributable to that business is reduced by the difference.

[PL 1995, c. 644, §2 (NEW).]

2. Adjustment based on percentage change in withholding taxes for all business in State. The assessor shall adjust the calculation of the employment tax increment by subtracting from the gross employment tax increment a figure obtained by multiplying the previous year's total amount of income taxes withheld within the base area by the percentage change in withholding taxes for all business within the State as a whole.

[PL 1995, c. 644, §2 (NEW).]

3. Adjustment for successor business. The assessor shall further adjust the calculation of the employment tax increment, for any business that is a successor business, by subtracting from the gross employment tax increment any income tax withholding revenues attributable to a business acquired by the successor business after July 1, 1994.

§13083-D-1. Bonds

1. Hearing required. The authority may issue bonds to finance its activities only after giving notice of the proposed issuance and its terms at least twice in a newspaper of general circulation in Washington County and holding a duly advertised public hearing on the issuance. [PL 2011, c. 136, §4 (NEW).]

2. Authority. The authority may issue bonds from time to time in its discretion to finance the undertaking of an authorized activity under this article, including but not limited to the payment of principal and interest upon advances for surveys and plans, and may issue refunding bonds for the payment or retirement of bonds previously issued.

A. The principal and interest of bonds must be made payable solely from the income, proceeds, revenues and funds of the authority derived from or held for activities under this article. Payment of the principal and interest of bonds may be further secured by a pledge of a loan, grant or contribution from the Federal Government or other source in aid of activities of the authority under this article and by a mortgage of an urban activity or a project or part of a project, title to which is in the authority. [PL 2011, c. 136, §4 (NEW).]

[PL 2011, c. 136, §4 (NEW).]

C. Bonds may not be issued by the authority until the authority has received a certificate of approval from the Finance Authority of Maine authorizing issuance of the bonds. Before issuing a certificate of approval under this section, the Finance Authority of Maine must determine that there is a reasonable likelihood that the income, proceeds, revenues and funds of the authority derived from or held for activities under this article or otherwise pledged to payment of the bonds will be sufficient to pay the principal, the interest and all other amounts that may at any time become due and payable under the bonds. In making this determination, the Finance Authority of Maine shall consider the authority's analysis of the proposed bond issue and the revenues to make payments on the bonds and may require such information, projections, studies and independent analyses as it considers necessary or desirable and may charge the authority reasonable fees and expenses. The issuance by the Finance Authority of Maine of a certificate of approval under this section does not constitute an endorsement of the bonds or the projects or purposes for which those bonds are issued and neither the authority nor any other person or entity, including, without limitation, any holders of bonds of the authority, have any cause of action against the Finance Authority of Maine with respect to any such certificate of approval. The Finance Authority of Maine may require that it be indemnified, defended and held harmless by the authority for any liability or cause of action arising out of or with respect to the bonds. [PL 2011, c. 136, §4 (NEW).]

[PL 2011, c. 136, §4 (NEW).]

banking business; insurance companies, insurance associations and other persons carrying on an insurance business; and executors, administrators, curators, trustees and other fiduciaries may legally invest sinking funds, money or other funds belonging to them or within their control in bonds or other obligations issued by the authority under this article. These bonds or other obligations are authorized security for all public deposits. It is the purpose of this section to authorize persons, political subdivisions and officers, public or private, to use funds owned or controlled by them for the purchase of these bonds or other obligations. This section does not relieve a person of any duty or of exercising reasonable care in selecting securities.

[PL 2011, c. 136, §4 (NEW).]

9. Investment of funds; redemption of bonds. The authority may:

1. Hearing required. The authority may issue bonds to finance its activities only after giving notice of the proposed issuance and its terms at least twice in a newspaper of general circulation in the appropriate counties and holding a duly advertised public hearing on the issuance.

2. Authority. The authority may issue bonds from time to time in its discretion to finance the undertaking of an authorized activity under this article, including but not limited to the payment of principal and interest upon advances for surveys and plans, and may issue refunding bonds for the payment or retirement of bonds previously issued.

A. The principal and interest of bonds must be made payable solely from the income, proceeds, revenues and funds of the authority derived from or held for activities under this article. Payment of the principal and interest of bonds may be further secured by a pledge of a loan, grant or contribution from the Federal Government or other source in aid of activities of the authority under this article and by a mortgage of an urban activity or a project or part of a project, title to which is in the authority. [PL 2005, c. 599, §1 (NEW).]

[PL 2005, c. 599, §1 (NEW).]

C. Bonds may not be issued by the authority until the authority has received a certificate of approval from the Finance Authority of Maine authorizing issuance of the bonds. Before issuing a certificate of approval under this section, the Finance Authority of Maine must determine that there is a reasonable likelihood that the income, proceeds, revenues and funds of the authority derived from or held for activities under this article or otherwise pledged to payment of the bonds will be sufficient to pay the principal, the interest and all other amounts that may at any time become due and payable under the bonds. In making this determination, the Finance Authority of Maine shall consider the authority's analysis of the proposed bond issue and the revenues to make payments on the bonds and may require such information, projections, studies and independent analyses as it considers necessary or desirable and may charge the authority reasonable fees and expenses. The issuance by the Finance Authority of Maine of a certificate of approval under this section does not constitute an endorsement of the bonds or the projects or purposes for which those bonds are issued and neither the authority nor any other person or entity, including, without limitation, any holders of bonds of the authority, have any cause of action against the Finance Authority of Maine with respect to any such certificate of approval. The Finance Authority of Maine may require that it be indemnified, defended and held harmless by the authority for any liability or cause of action arising out of or with respect to the bonds. [PL 2005, c. 599, §1 (NEW).]

6. Bond recitation; conclusive presumptions. In actions or proceedings involving the validity or enforceability of a bond issued under this article or the security for that bond, a bond reciting in substance that it has been issued by the authority in connection with an activity is conclusively deemed to have been issued for that purpose and the activity is conclusively deemed to have been planned, located and carried out in accordance with this article.
[PL 2005, c. 599, §1 (NEW).]

These bonds or other obligations are authorized security for all public deposits. It is the purpose of this section to authorize persons, political subdivisions and officers, public or private, to use funds owned or controlled by them for the purchase of these bonds or other obligations. This section does not relieve a person of any duty or of exercising reasonable care in selecting securities.

[PL 2005, c. 599, §1 (NEW).]

B. Subject to any pledge, contract or other obligation, all interest, dividends or other pecuniary gains from investment of money from the fund; [PL 1991, c. 780, Pt. N, §1 (NEW).]

C. Subject to any pledge, contract, fee or other obligation, any money that the department receives in repayment of advances from the fund; and [PL 1991, c. 780, Pt. N, §1 (NEW).]

D. Any other money available to the department and directed by the department to be paid into the fund. [PL 1991, c. 780, Pt. N, §1 (NEW).]

[PL 1991, c. 780, Pt. N, §1 (NEW).]

3. Application of fund. Money in the fund may be applied to carry out any power of the department under or in connection with section 13090-B or to pay obligations incurred in connection with the fund. Money in the fund not needed to meet the obligations of the department as provided in this section may accrue interest and be invested in a manner permitted by law.

[PL 1991, c. 780, Pt. N, §1 (NEW).]

4. Allocations from fund. The department may request allocations from the fund as it determines necessary or convenient to carry out this article, including, but not limited to, allocations for grants or loans.

SECTION HISTORY

PL 1991, c. 780, §N1 (NEW).

§13090-B. Economic Opportunity Program

The Economic Opportunity Program, referred in this section as the "program," is established to provide grants to municipalities for public and private investments to stimulate economic growth. [PL 1991, c. 780, Pt. N, §1 (NEW).]

1. Eligibility for loans. Municipalities may apply to the department for grants under the program. Municipalities shall loan money from those grants to business entities based on the following eligibility criteria.

A. The projects to be financed must:

(1) Pertain to manufacturing, industrial, real estate development, child care, recreational or natural resource enterprises;

(2) Be located or establishing a presence in the State; and

(3) Provide significant public benefit in relation to the amount of the loan, as determined by the department. Public benefits include, but are not limited to: increased opportunities for employment; increased capital flows, particularly of capital from outside the State; increased state and municipal tax revenues; rehabilitation of blighted or underutilized areas; and provision of necessary services.

Loan proceeds may be used for any appropriate commercial purpose, as determined by the department, including working capital. [PL 1999, c. 272, §2 (AMD).]

B. The department must determine that the borrower is a for-profit or nonprofit commercial entity and that it is creditworthy and reasonably likely to repay the loan. [PL 1991, c. 780, Pt. N, §1 (NEW).]

C. The department must determine that the loan is necessary to implement the project because the borrower either has insufficient access to other funds or demonstrates, and the department

determines, that the project would not provide the projected public benefits without the availability of the loan. [PL 1991, c. 780, Pt. N, §1 (NEW).]

D. The department must determine that the project would not result in a substantial detriment to existing business in the State. In making this determination, the department shall consider factors it considers necessary to measure and evaluate the effect of the project on existing business, including:

- (1) Whether a loan for a project should be approved if, as a result of the project, there would not be sufficient demand within the market area of the State served by the project to employ the efficient capacity of existing business; and
- (2) Whether any adverse economic effect of the project on existing business or other municipalities is outweighed by the contribution that the project would make to the economic growth and vitality of the State.

The applicant for the loan has the burden of demonstrating a reasonable likelihood that the project would not result in a substantial detriment to existing business or other municipalities, except in cases in which no interested parties object to the project, in which event the requirements of this paragraph are satisfied. Interested parties must be given an opportunity, with or without a hearing at the discretion of the department, to present their objections to the project on grounds that the project would result in a substantial detriment to existing business or other municipalities. If such a party presents these objections with reasonable specificity and persuasiveness, the department may divulge whatever information concerning the project it considers necessary for a fair presentation by the objecting party and evaluation of such objections. If the department finds that the applicant has failed to meet its burden of proof as specified in this paragraph, the application must be denied. [PL 1991, c. 780, Pt. N, §1 (NEW).]

[PL 1999, c. 272, §2 (AMD).]

2. Loan terms and conditions. The department may establish prudent terms and conditions for loans, including limiting the amount of loans for any one project and requiring adequate collateral for the loans. Loan terms may not exceed 20 years for loans primarily secured by real estate, 10 years for loans secured primarily for machinery and equipment and 7 years for other loans. The interest rate charged on each loan must be determined on a case-by-case basis.

[PL 1991, c. 780, Pt. N, §1 (NEW).]

3. Rulemaking. The department shall establish rules to implement the program.

[PL 1991, c. 780, Pt. N, §1 (NEW).]

[PL 2005, c. 425, §17 (AMD).]

1. Project. The following conditions apply to a project receiving money under this section.

A. The project must be within the scope of this subchapter, must be of public use and benefit and must reasonably be expected to accomplish one or more of the following:

- (1) Create new employment opportunities;
- (2) Retain or improve existing employment; or
- (3) Improve the competitiveness of the occupant business. [PL 2001, c. 703, §6 (NEW).]

B. Not more than one unoccupied speculative industrial building project may be financed in a municipality. [PL 2005, c. 425, §17 (AMD).]

C. The authority shall charge interest on loans or funds provided under this section to the municipality or local development corporation for a speculative industrial building that remains unoccupied for 3 or more years following completion of the building. [PL 2005, c. 425, §17 (AMD).]

D. The authority shall adopt rules under chapter 375 with respect to:

- (1) The methodology and criteria for allocating funds to speculative industrial building projects;

- (4) Other matters necessary to the proper administration of this section.

Rules adopted under this paragraph are routine technical rules pursuant to chapter 375, subchapter 2-A. [PL 2005, c. 425, §17 (AMD).]

The municipality or local development corporation must be responsible for plowing out the plant site at all times and for landscaping the grounds surrounding the building until the building is occupied by a tenant; [PL 2001, c. 703, §6 (NEW).]

E. Comply with applicable zoning, planning and sanitary regulations in the municipality where the speculative industrial building is to be located. A loan may not be approved and a certificate of approval for the project or for any subsequent enlargement or addition to the project may not be

issued until the Department of Environmental Protection has certified to the authority that all licenses required by the authority have been issued or that none are required; and [PL 2005, c. 425, §17 (AMD).]

[PL 2005, c. 425, §17 (AMD).]

[PL 2005, c. 425, §17 (AMD).]
